MCDONALD & EVANS.

Kimberley.

From our own Correspondent.

The revival meetings which Rev. Mr. Thompson has been conducting here for the past few weeks will be brought to a close this week. We trust none who have gone to the meetings will have to say when the summons comes, "The harvest is past, the summer is ended, and I am not saved."

La grippe is raging in and around Kimberley. The following are suffering from the malady: Mrs. Wickens, Mrs. McConnell, Mrs. Magee, Mrs. Wilson and Mrs. Wallace.

The Orange soiree which was held on Friday of last week was a success financially and otherwise, \$44.55 being the receipts of the evening; truly a good purse to be taken in at a country entertainment, and when the number of persons sick, and with the bad state of the roads along with the short notice (four days) be taken into consideration, we have great reasons to be elated. The speakers of the evening were Rev. Mr. Wells, of Flesherton, Neil McCollman, ex M. P., and Mr. Hammond. Rev. Mr. Thompson, of Eugenia, acted as chairman, which position he filled with credit to himself and satisfaction to the audience.

W. A. Stewart, B. J. Carruthers and G. McConnell have returned from Muskoka. They report a great amount of sickness up there.

Mr. J. M. Thurston had a wood bee last week, and so many teams turned out that they did not all have work enough to keep them all day.

Mrs. Thos. Wickens and Mr. Thos. Lewis are both suffering from pneumonia, which followed a severe attack of grip.

Rev. Mr. Tonge, of Flesherton, preached morning and evening to a large congregation in the Methodist church on Sabbath last. We are sorry to say that two of Kimberley's small boys kept up such a running fire of talk that Mr. Tonge had to speak to them. This did not have the effect of stopping them and he had to speak to the stewards of the church to keep them quiet, when they succeeded. A couple of imps who came from about three miles north of Kimberley went out and rattled on the window, to the annoyance of the people. They are noted for rowdiness, and if they come back again and try any of their manoeuvres they will be prosecuted.

From a Special Correspondent.

The Orange Soiree held in the Public Hall here on the 29th ult., was a grand success; in fact it far exceeded the expectation of the most sanguine. The addresses delivered by the speakers were of a very interesting character, particularly those of Rev. Mr. Wells and Mr. N. McCollman. The music and singing were certainly very attractive in the entertainment.

Some of the sick in this vicinity are improving nicely, such as Mr. Thurston and Mr. E. Smith, but there are some new cases of la grippe—Miss A. A. McConnell, Mrs. W. Fawcett, W. H. Stuart and a son of Mr. Simpson.

The special services in connection with the Methodist church still continue with apparently increasing interest.

The minister of the Episcopal church held service in the Public Hall last Sunday morning, and will continue regular service every two weeks.

Eugenia

From our own Correspondent.

There is a great deal of sickness around, but no serious cases that I hear of, except Mr. Heslop. He is very low.

There has been one wedding, Miss Turner, daughter of Mr. George Turner. The Rev. Mr. Wells united her in marriage with Mr. Wilkinson, of Kimberley, on Wednesday of last week. Marriage seems epidemic in this part of the Dominion. It seems to be catching, as there are almost as many cases as of la grippe, and rumors of a good many more to come. There is quite a stir among the bachelors around, for fear the

girls will all be picked up and there will be none left. Serves them right for waiting so long.

The hotel in this place has changed hands. Mr. Braniff has gone back to his farm. The new comer is Mr. Sherholtz. All are sorry at the departure of Mr. and Mrs. Braniff, as the house was both orderly and respectable during the time they kept it. However, we hope the new comers will follow in their footsteps in keeping a good table and a house that will be a credit to the place.

Mr. and Mrs. Hoath, of St. Vincent, paid their friends in this neighborhood a visit.

Mrs. Wellington, of St. Vincent, is visiting friends here.

Mr. Putch, school teacher here, is sick with the grip.

Mr. Thomas Genoe's family have all been sick with the influenza, also Mr. John Jamison's family and all Mr. Duckett's family. We hope it will take its departure from amongst us, as it is a disease to be dreaded, as such a complication of diseases follow it.

DIED.

Anna Beaton, wife of the late Archibald McDonald, township of Glenelg, died at the residence of her son, Dougald McCormack, Esq., auctioneer, on Thursday, 28th ult., after a short illness. The deceased immigrated to this country with her family in the year 1843 from the isle of Mull, Argyleshire, Scotland. She was of a kind disposition, a motherly woman of more than ordinary intelligence and a kind nurse in sickness, always willing to assist the needy and distressed, and held in the highest esteem among her many friends. The funeral service was conducted by the Rev. D. McLeod, B. A., of Priceville, on Saturday last, when her remains were conveyed to the Priceville cemetery for interment, followed by the largest concourse of friends and acquaintances that has been known in this neighborhood for years.

HYMENEAL.

A large and happy company of invited guests assembled at the residence of Alexander McLean, south of Priceville, in the township of Artemesia, on Thursday 23th ult., to witness the marriage of his second daughter to Mr. Hector McDougald, south line Artemesia. At 6 p. m. the Rev. D. McLeod, B. A., took his position on the side of the room, while the contracting parties presented themselves before the altar. The charming bride was assisted by Miss Maggie McDonald, while the groom's courage was kept up by Mr. Colin McLean. The rev. gentleman proceeded with the ceremony and the two were made one. Without the least hint to the groom, Mr. D. McLeod, of the Highland Hill, made a bold attempt to kiss the bride, but was unsuccessful. Congratulations were offered by the guests and accepted by the contracting parties. After all had partaken of the excellent repast provided for the occasion the program of the evening was entered into, and without going into the matter in detail I may state that songs, dances, choruses and instrumental music was entered into. A dance by Messrs. N. McDonald and John McMillan, of the South Line, was worthy of note, and showed that dancing has not degenerated by its passage across the Atlantic. The presents were numerous and valuable. About 12 o'clock at night four gentlemen adjourned to Mr. Alex. McMullen's for one hour, where they indulged in Gaelic songs and dancing. When they returned they were satisfied. It was the most humorous hour ever spent during their existence. Mr. and Mrs. McMillan would make the most stale soul happy with their humorous treatment. Among the guests I noticed Mr. R. L. Mortimer, proprietor of the Shelburne Free Press.

A Fact

WORTH knowing is that blood diseases which all other remedies fail to cure, yield to Ayer's Sarsaparilla.

Fresh confirmation of this statement comes to hand daily. Even such deep-seated and stubborn complaints as Rheumatism, Rheumatic Gout, and the like, are thoroughly eradicated by the use of this wonderful alterative.

Mrs. R. Irving Dodge, 110 West 125th street, New York, certifies:—

"About two years ago, after suffering for nearly two years from rheumatic gout, being able to walk only with great discomfort, and having tried various remedies, including blithers waters, without relief, I saw by an advertisement in a Chicago paper that a man had been relieved of this distressing complaint, after long suffering, by taking Ayer's Sarsaparilla. I then decided to make a trial of this medicine, and took it regularly for eight months. I am pleased to say that it effected a complete cure, and that I have since had no return of the disease."

Mrs. L. A. Stark, Nashua, N. H., writes: "One year ago I was taken ill with rheumatism, being confined to my house six months. I came out of the sickness very much debilitated, with no appetite, and my system disordered in every way. I commenced to use Ayer's Sarsaparilla and began to improve at once, gaining in strength and soon recovering my usual health. I cannot say too much in praise of this well-known medicine."

"I have taken a great deal of medicine, but nothing has done me so much good as Ayer's Sarsaparilla. I felt its beneficial effects before I had quite finished one bottle, and I can freely testify that it is the best blood-medicine I know of."—L. W. Ward, Sr., Woodland, Texas.
