Women who suffer from nervous and physical debility find great help in the use of Ayer's Sarsaparilla. It produces the rapid effect of a stimulant, without reaction—the result being a permanent increase of strength and vigor, both of mind and body.

Two very interesting and impressive sermons were preached in the Methodist church on Sabbath last. Rev. J. W. Savage, of Bond Head, preached at the morning service and Rev. P. Flut, of Toronto, in the evening.

The room in which a number of friends pass the evening smoking either cigars or inferior tobacco will have an unpleasant odor next morning. Let the same friends smoke only the "Myrtle Navy" and they will find quite a difference in the room next morning. If it be reasonably ventilated, as with a fire-place for instance,

no unpleasantness whatever will be found. The purity and fine quality of the leaf used is the reason of this.

A flock of wild duck were seen on Flesher's mill pond Monday evening. Does this portend an early opening of spring, or merely that the duck tribe has a quota of too-late-to-catch-the-train fools as well as the human?

A paper published at Olympia, W. T., gives us the surprising and pleasing information that one of Flesherton's graduated young men has received the Republican nomination for U. S. Senator. This is none other than Dr. George Armstrong, son of our esteemed townsman, J. W. Armstrong, Esq. Dr. Armstrong is fast rising towards the top. We hope he may eventually get there.

At the adjourned Foresters meeting on Friday evening five others than those named last week became members, viz., C. J. Leitch, J. Wright, R. Waller, Geo. Blackburn, W. Simmons. The lodge has sixteen members. At the meeting on Friday evening Bro. Smith, of London, was present, and delivered a neat little speech after a hearty vote of thanks to Bro. Thompson, which was responded to with great enthusiasm. The lodge adjourned until next Friday evening.

A correspondent writing from Wareham tells of a terrible adventure which befel three boys who were left alone at a certain house, not far from there. A wild animal of some description invaded the wood house. When this discovery was made the young men shut the door and made it a prisoner, then secured a rifle and managed to put a couple of balls into the intruder which placed it hors de combat. Investigation proved the quarry to be a handsome little skunk. The boys must be congratulated on their courage, especially as they pluckily piled in and skinned the beast.

The third of a series of socials held by the Presbyterian congregation was enjoyed at the residence of Mr. Burnett, of Orange Valley, on Friday evening last. A large number availed themselves of the opportunity of possessing a night cap free of charge, and seemed to be well satisfied with the numerous styles presented. The strange part of the proceedings was that the company, not caring to wait until time for retiring, and wishing to see how very unbecoming they would look in their new head gear, immediately tried them on, and seemed highly pleased with the striking effect produced. When the good eatables had been demolished everyone entered into an evening of much pleasure. The proceeds of the affair amounted to \$20.
