St. Patrick's day.  
Rev. Mr. Tonge exchanged pulpits with Rev. Mr. Fydel, of Euphrasia, on Sunday last.

Mr. Sharp, jr., of Owen Sound, has plucked and in his possession the vacant bailiffship plum.

Mr. D. Madill is agent in these parts for Frost & Woods' implements, also for Wortman & Ward, of London.

At the Orange Grand Lodge meeting in Owen Sound last week Orangeville was chosen as the next place of meeting.

The Presbyterian congregation of Eugenia will hold their communion service on Sabbath next. Preparatory service on Friday afternoon.

The companies of the 31st battalion will shoot this summer at various points. Durham and Flesherton companies will shoot at Flesherton.

Messrs. Moore & Wilson have secured the contract for erecting Mr. Mitchell's residence, tenders for which were lately called. The contract price is \$1,225.

A meeting will be held in Flesherton on Thursday evening for the purpose of forming a Young Men's Liberal Conservative club. All interested are invited to attend.

The Presbyterians held their fourth social at the residence of Mr. Wm. Burnett last Wednesday evening. Like the former socials it was a success, \$14 being the proceeds.

At present time of writing we are having one of the worst storms of the winter—a regular howling March blizzard. But never mind, trout fishing season opens in two weeks.

**L.B. Lucas, barrister, Markdale,** has \$10,000 private funds to lend on farm mortgages within the next few months at lowest current rates. No commissions, no delays, expenses low. Apply at office in Markdale during the week or at Dundalk office on Saturdays.

"Ayer's Medicines have been satisfactory to me throughout my practice, especially Ayer's Cherry Pectoral, which has been used by many of my patients, one of whom says he knows it saved his life."—F. L. Moris, M.D., Brooklyn, N.Y.

The young people of the Presbyterian church will hold their last social for the season at the residence of Mr. Andrew Carr, near the village, on Friday evening, 18th inst. As this is the final entertainment of the season there will no doubt be an extra good time.

Each season has its own peculiar malady; but with the blood maintained in a state of uniform vigor and purity by the use of Ayer's Sarsaparilla little danger need be feared from meteorological influence. No other blood medicine is so safe and effective.

The "Myrtle Navy" brand of smoking tobacco has stood the test for over twenty years, and during that time it has lost no friends and gained scores of thousands. This lengthened experience shows that it is no mere passing fashion which has gained it the approval of the public, but its superiority in the essential qualities which make a first-class tobacco.

Pedagogue Reid of section No. 4, Artemesia, adds to his others acquirements the art of hunting and trapping, and many a fox, mink, racoon, etc., arrives at an ignominious end through his wiles. On Saturday Mr. Reid disposed of three fine fox skins to Merchant Richardson.

As noted elsewhere, the trout fishing season now begins on the first of April and ends 15th September. The move is not a good one. Had our legislators seen fit to close the season on August 15th, instead of September 15th, the benefit would have been marked, but as it is, the change is of no practical benefit.

The handsome Gzowski cup won last year by the 31st Battalion for being the most efficient in drill, will be passed around to the various headquarters of the companies. Flesherton citizens will therefore have an opportunity of viewing it. At present the cup is on exhibition in Owen Sound.

A meeting of cheese factory patrons was held in the town hall on Saturday last for the purpose of letting milk routes, etc. The routes were all disposed of. Some conversation took place with regard to the advisability of taking up the creamery business, but nothing definite was done. The factory will begin operations on May 9.

Mr. Thomas Anderson, of Glenelg, last Monday started early in the morning and walked to Mount Forest, a distance of twenty-six miles. He then returned on the afternoon train to Durham, and walked from there to his home the same evening, a distance of twelve miles. This must be considered a very good day's travel—thirty-eight miles on foot and sixteen miles by train.—[Review.]

Rev. A. Trollope, of Singhampton, will deliver a lecture in the basement of the Methodist church on Monday evening next, under the auspices of the Epworth League of Christian Endeavor, the title of which will be "An Inchoate People." The lecture will be illustrated. Mr. Trollope is an exceedingly interesting speaker, and it is hoped a full house will greet him. Admission only 15c.

The editor of the Collingwood Bulletin visited Feversham a week ago. Feversham still survives. Among many strange things which the Bulletin man learned, was, that Feversham is built "among the mountains," and that at this point the river is "about twenty-five to thirty feet in depth." Surely the people of Feversham have been "stuffing" Mr. Williams. The story sounds like one of Baron Munchausen's fictions.

Flesherton saw on Saturday evening last what it very seldom sees—a drunken brawl on the public street. We do not know who were the participants in the affair, but we do know that they were men who should know better. A man cannot now-a-days, as he could years ago, get drunk, fight, and continue to hold the respect of his neighbors, and of men with whom he does business. There are no extenuating circumstances in connection with such an affair, and those guilty of such conduct are invariably punished, if not by the hand of the law, at least by the hearty contempt of all right thinking men, and their credit suffers too.

The Advance has been requested to call a meeting of citizens for Saturday evening next, in the Town Hall, to discuss the question of fire protection for the village. This is a matter of vital importance and should interest all. We trust a "bumper" meeting will be the result, and that something definite will be done. All who attend should come prepared to take part in the discussion and to assist in arriving at a satisfactory conclusion as to what should be done. If there are any books or papers belonging to a previous fire company, the party in whose possession they are will kindly produce them. Come at 8 o'clock sharp.

The anniversary tea-meeting of the Methodist Sunday School was held last Wednesday evening. The night being fine there was a goodly turnout. After tea had been served Rev. Mr. Tonge took the chair and a lengthy program was entered upon. The secretary's report showed the school to be numerically strong and well equipped with officers. The treasurer didn't present a report, but your cor. understands that the school is in a sound financial condition. The children rendered their pieces in good style. Special mention might be made of "Hail Holy Nig't," and "The Flower Song," also the Dialogue, "Deaf as a Post." After hearty votes of thanks to Mrs. J. C. Buchanan and Mr. Wickem, for training the children, and to the ladies for the good things provided the meeting was brought to a close. Proceeds \$24.—[Com.]

**People Wonder**

WHEN they find how rapidly health is restored by taking Ayer's Sarsaparilla. The reason is that this preparation contains only the purest and most powerful alternatives and tonics. To thousands yearly it proves a veritable elixir of life.  
Mrs. Jos. Lake, Brockway Centre, Mich., writes: "Liver complaint and indigestion made my life a burden and came near ending my existence. For more than four years I suffered untold agony. I was reduced almost to a skeleton, and hardly had strength to drag myself about. All kinds of food distressed me, and only the most delicate could be digested at all. Within the time mentioned several physicians treated me without giving relief. Nothing that I took seemed to do any permanent good until I began the use of Ayer's Sarsaparilla, which has produced wonderful results. Soon after commencing to take the Sarsaparilla I could see an

"My brother, in England, was, for a long time, unable to attend to his occupation, by reason of sores on his foot. I sent him Ayer's Almanac and the testimonials it contained induced him to try Ayer's Sarsaparilla. After using it a little while, he was cured, and is now a well man, working in a sugar mill at Brisbane, Queensland, Australia."—A. Attewell, Sharbot Lake, Ontario.
