A PIONEER SOCIETY.

We notice that pioneer societies have been formed in several townships and counties in Ontario. Notawasaga has a flourishing one which met at Collingwood last week. The president's address was an interesting one, dealing as it did with the individuals who first brought the soil of that large and wealthy township into subjection. These societies are of unquestionable benefit in collating and preserving early history for the benefit of those who may come after, and preserving for time the names of those men who underwent the hardships of early settlement. Why could not something of a like nature be set on foot for this township? What a pleasure it would be for the old folks to come together to discuss the early days and place on record their doughty deeds. If anything is to be done it must be done quickly. Constant readers of The Advance during the past two years will note the advisability of this in the many deaths which we have been called upon to chronicle of aged and long-time residents. We would like very much to see the suggestion acted upon, as there are still left a sufficient number to make a strong membership.

The Ontario ship railway is being strongly advocated at present, and the business men of Toronto and Rochester are interesting themselves in the scheme. The railway would run from some point on the Georgian Bay, near Stayner, to the mouth of the Humber at Toronto. Engineers have been over the ground and appear to think such a railway practicable.

Hon. Edward Blake has received a call and has accepted. He will hereafter be a British M. P. for a "safe" Irish constituency. No doubt his sphinx-like eloquence, if we may use the expression, will hasten the time when Ireland's wrongs will be all righted and all will be brotherly love throughout the length and breadth of Erin's Isle. When that happy time arrives may we be ready to

"Welcome Edward back again
To his own dear native land."

"Prince" Michael, the long-haired individual who has been posing as a saint at Detroit, was tried at Ann Arbor last week on the charge of criminal assault against a young girl, found guilty and sentenced to five years in penitentiary. A couple of his male followers have been shorn of their flowing locks in a moment of humor, and things appear to be going generally wrong with the "flying rollers," as they style themselves.

The Prize List of the Western Fair, which is to be held in London Sept. 15th to 24th, is again to hand, and we are pleased to notice that the unprecedented success which attended the efforts of the management last year has been of tangible benefit to the breeders of live stock and agricultural producers, the Directors having added nearly \$2,000.00 to the Prize List of 1891. Besides increasing the already large prizes offered, third prizes have been added to the cattle classes, where before omitted, and new sections to the sheep classes, and a full class for the Tamworth pigs. Also third prizes in the poultry section, which, with the commodious building now at the disposal of the poultry breeders, should call forth their hearty co-operation and give to the patrons of the Western Fair the grandest display ever exhibited in Canada. The dairy interests are being properly looked after, and the committee are evidently catering for a

larger exhibit, if possible, than the grand display of last year. A long list of special prizes are offered, one or more in each department. The Directors have decided to adopt the one judge system, and appoint good, reliable, competent men, from names submitted by the principal live stock associations. This is the plan adopted by all the leading Fairs in America, and the Executive of the Western Fair are determined to keep pace with the best. Should any of our readers wish a prize list address Mr. Thos. A. Browne, Secretary, who assures us he will be pleased to forward the same.

McIntyre.

From our own Correspondent.
Our energetic merchant, Mr. D. A. McLean, has got out a pedlar's license for the county of Grey, and is now doing a rushing business with the ladies at the front door. I tell you what, these fellows from Feversham had to skip when Dan came around. Mr. Dan McPhail and wife and family, from the Manitoulin Islands, are living at present with Mr. Archy McIntyre.

A severe thunderstorm swept over this section on the evening of the 13th inst., doing considerable damage. A number of buildings were unroofed and blown down, the fences were also tossed about considerably.

Mr. Duncan McInnes has received the appointment of conductor on a whey train between this point and the Singhampton cheese factory, and plies daily between these points, Sundays excepted.

The McIntyre and Singhampton foot ball clubs played a friendly game on Saturday evening on the gravel road. Neither club got a goal.

Miss Annie McIntyre returned home from Toronto on Saturday, where she had been attending the Normal School.

Mr. John McKinnon went to Toronto on Monday to attend the funeral of his sister, Mrs. Lester.

Lady Bank.

From our own Correspondent.

Plenty of rain and sunshine now. There are prospects of a good fruit crop. The heart of the farmer rejoices.

Jno. Coutts, from Barrie island, was here on his way from Guelph and Toronto, where he bought a fine span of well bred horses, a Durham bull and heifer. He seems as hearty and happy as of yore. He and his wife are visiting friends in Artemesia and Osprey.

Wm. Robinson and son are here from Fall River, taking in Niagara and Toronto.

Rain has given us roads not as good as usual. Coming even to Flesherton they are out of repair. That man with the pick and shovel raising stones and levelling up the road would be a good institution. He did well last year. Pity he was not at work this year. The roads of the township are not keeping pace in improvement with the general advance in civilization, in the place when so many sulkies, buggies and democrats, not to mention bicycles, are using them more than ever.

Epping.

From our own Correspondent.

Weather decidedly damp these days; can scarcely get time between showers to weed the onion bed.

The farmers in this vicinity are prospering, I think. Mr. John Eaton has disposed of his old buggy, and now drives a handsome new one; and Messrs. Wm. Guy, John Drunkle and James Knott have each made themselves a present of a new binder.

Mr. Jos. Cornfield is putting up a new frame house. As Mr. Cornfield is as yet a bachelor, one naturally wonders who is to be mistress of this house.

A large number from here took in the Patron's picnic in Mr. Perry's grove on Wednesday last. There was estimated to be over one thousand people at it. It was a success in every way, and everybody seemed to enjoy themselves to the full extent.

The Epping Sabbath school will hold their annual picnic in Mr. Wm. McConnell's grove on the afternoon of Saturday this week. There will be music and speeches, baseball and football games, swings and croquet. Now it goes without saying that this picnic will be a success, as it is a well-known fact that whatever the Epping people undertake to do they do thoroughly.

Mount Zion.

From our own Correspondent.

Miss Fuller, of King township, is visiting with her uncle, Mr. Thos Taylor, Sr.

We have this week a wedding to

report—a rare occurrence in this neighborhood. In Toronto, on Tuesday, June 7th, Mr. Charles Bouk, of Wareham, to Miss Minnie Sheridan. May their measure of joy be full, and their sorrows little ones.

James Cornfield, jr., paid a visit to the old settlements lately.

Miss Lillie Ross paid a visit to her parents here recently.

Robert Cornfield has moved into his new house. May health and prosperity crown him.

[Too late for last week.—Ed.]

ORANGEVILLE, April 4th, 1892.

DR. L. H. SMITH & Co.:
DEAR SIRS,—Anti-Dandruff is evidently giving satisfaction. I have sold about half of the gross I bought from you on the 23rd of January last. I use it in my own family and like it well. Can recommend it to all who are troubled with dandruff.
Yours truly,
THOS. STEVENSON.

At Niagara Falls, N. Y., on Friday night, James W. Lee, a negro, shot and killed William R. Lee, an engineer for a merry-go-round. The trouble originated over Lee's refusal to pay his fare for a ride on the machine. Lee also shot at an officer and escaped arrest for a time, but was finally captured and securely ironed.

Oh, What a Cough!

Will you heed the warning. The signal perhaps of the sure approach of that more terrible disease Consumption. Ask yourselves if you can afford for the sake of saving 50c., to run the risk and do nothing for it. We know from experience that Shiloh's Cure will cure your cough. It never fails. June 24
