## FALL GOODS

Are arriving almost every day. We do not need to tell you that the qualities are good and prices right. Every one who visited the store on the hill knows that we cannot be undersold. We do not deny the fact that any quantity of cheap trash is offered at lower figures than we can offer pure goods, but we hold that for quality offered, no man can sell you cheaper than we do. All we ask is a call, and we are certain to convince you.

### ◆ Dress Goods Department ◆

We have a good assortment in all leading lines, from the roc. goods to the best all wool Henriettas—linings, buttons and trimmings to match.

### ◆ Flannels and Staple Department ◆

You can get anything you ask for in these lines. In Flannels we defy competition—all-wool greys, striped fancy shirting Flannels, and sheeting. Also full lines of Flannellets, Shakers, Cantons and Unions; Cottonades, Cottons, Shirtings, Linens, Towels, Towellings, Etc.

### ◆ Tweed and Worsted Department ◆

We can't tell you much about these, but an inspection will convince that the patterns are the latest, and qualities and prices right, also full lines of Gents' fine furnishings.

### ◆ HABERDASHERY DEPARTMENT ◆

Gloves, Hosiery, Rushings, Handkerchiefs, Corsets, Ribbons, Collarettes, Bibs, and ninety-nine other things.

Space will not allow us to mention the other departments, but if these few will remind you of something you are needing we have done well; if they will convince you to try the Store on the Hill, we have done better; and if they will strike you favorably after inspection so you buy, we have done best. All are welcome whether to purchase or simply to have a chat about the weather.

Remember the Store on the Hill.

### Feversham.

From our own Correspondent.

Last Wednesday the event of the season took place, when Mr. James Buckingham was united in marriage to Miss Hawton. We wish them the best of success.

We hope the discussion now going on between two of our merchants will end, not as it has been carried on in a war of words, but will show us where the loss or shortage has gone.

Mr. Pearsol secured first prize at the county show for flour. Don't this speak well for our miller? He has gone Shelburne to take in the fair, and Mr. Heitman runs the mill. Mrs. Mullen is improving nicely, which, no doubt is result of good care given her by her granddaughter, Miss Aggie Henry.

Paul Bros. have disposed of their last buggy, having this summer made in the neighborhood of twenty wheeled rigs.

Miss Dean, of Allenford, was the guest of Mr. R. Meldrum last week.

### Maxwell.

From our own Correspondent.

Harvest is now a thing of the past. Weather very fine for a finish up.

The potato rot is very bad in this locality, and several have dug them in order to prevent any further loss.

A number from here took in the fair at Collingwood last week, and report having a good time, (especially going and coming).

The Osprey fair which was held at McIntyre on Tuesday of this week was, for a township show, a grand success.

Mrs. Preston is the guest of Mr. and Mrs. D. K. Preston.

We want a good shoe-maker in Maxwell. None but the best need apply.

Mrs. Long has purchased a new organ.

Miss Bella Gamey spent a few days with friends around town last week.

Mr. James Shea and family gave us a call on Monday, also Mr. Hamilton and son of Flesherton.

### Eugenia

From our own Correspondent.

At last the harvest is gathered in. The Potato rot is making sad havoc on the potatoes in this vicinity; some farmers say they will not have as many saved as will seed them next spring.

Mr. James Campbell, an old gentleman who moved into Eugenia the past summer, died very suddenly of heart failure on Monday morning.

Mr. Bennett and Mr. Morrison, of the Perfection hoop and veneer company, came on the past week. The work is progressing fast. The dam is near done. Building will now be pushed as rapidly as possible. Mr. Bennett is stopping to hurry it on as fast as possible to have it running by the first of November.

A harvest home festival is to be held on Friday evening, at the Orange Hall, by the Ladies' Aid of the Presbyterian church. A grand time is expected. A hearty welcome is extended to all.

Mr. John Armstrong feels pretty big at present since the arrival of that young stranger at his house.

Miss Lizzie Roy has gone to Toronto for the winter.

Mrs. Hollinger, who has spent the summer visiting friends at Eugenia, has returned to the city.

Miss Wells, of Flesherton, was the guest of Mrs. J.R. Hogg on Saturday night last.

Miss Thurston, of Kimberley, was visiting friends here during the past week.

Business is booming with our new blacksmith. I heard of a couple of ladies applying to him for a job. Better look out Jake.

Mr. Dan McLeod and family have taken up their residence amongst us. We extend to them a hearty welcome.

Mr. Woodburn has been very sick the past week.

Indigestion, Dyspepsia and Sour Stomach are caused by the food fermenting. The result of fermentation on all organic matter must be acid. This decomposes the food (which should be digested) and from that decomposition evolves gases that produce pressure on the nerves, disorganizing the system, and producing various symptoms of disease. The "Curative Fluid" purifies the stomach, promotes digestion and assimilation of food, thereby creating a healthy current of blood. For sale by all Druggists, 50c. & \$1.00.
