FALL GOODS

Are arriving almost every day. We do not need to tell you that the qualities are good and prices right. Every one who ever visited the store on the hill knows that we cannot be undersold. We do not deny the fact that any quantity of cheap trash is offered at lower figures than we can offer pure goods, but we hold that for quality offered, no man can sell you cheaper than we do. All we ask is a call, and we are certain to convince you

◆ Dress Goods Department ◆

We have a good assortment in all leading lines, from the roc. goods to the best all wool Henriettas—linings, buttons and trimmings to match.

◆ Flannels and Staple Department ◆

You can get anything you ask for in these lines. In Flannels we defy competition—all-wool greys, striped fancy shirting Flannels, and sheeting. Also full lines of Flannel-ets, Shakers, Cantons and Unions; Cottonades, Cottons, Shirtings, Linens, Towels, Towellings, Etc.

◆ Tweed and Worsted Department ◆

We can't tell you much about these, but an inspection will convince that the patterns are the latest, and qualities and prices right, also full lines of Gents' fine furnishings.

◆ HATBERDASHERY DEPARTMENT ◆

Gloves, Hosiery, Rushings, Handkerchiefs, Corsets, Ribbons, Collarettes, Bibs, and ninety-nine other things.

Space will not allow us to mention the other departments, but if these few will remind you of something you are needing we have done well; if they will convince you to try the Store on the Hill, we have done better; and if they will strike you favorably after inspection so you buy, we have done best. All are welcome whether to purchase or simply to have a chat about the weather.

Remember the Store on the Hill.

From our own Correspondent.

We wrote our budget out last week but forgot to post it, hence the non-appearance of items from this burg in

the columns of the Advance.

The P. S. has been almost depopulated during the last two or three weeks owing to the demand for potato pickers. The potato crop is a failure in this vicinity. Generally speaking the average will barely reach one-fifth of the yield of last year. One farmer in this district did not consider his potatoes worth the trouble of digging them, hence turned his porkers into the field. Tubers will be worth 10 dimes for 60 lbs. or we are a false prophet.

The hum of the thresher can be heard in all directions. Judging from the number of machines we presume the farmers will not have to wait long ere their grain is ready for market.

Mr. Dan McLean has returned from a tour in Manitoba.

Miss Lizzie Best spent a few days lately visiting her sister, Miss Tillie Best, teacher in the junior dept. of our P. S.

Miss Ella Husband has gone to Flesherton to learn the millinery business with Miss Maud Richardson.

Mr. James Watson and family are again residents of our village. J. W. will be found at his old stand ready to attend to wants of his customers as heretofore.

The boys of the P. S. have purchased a new foot ball. Look out for challenges.

Our townsman Mr. James McDonald has invested in a new "Waterloo Champion" thresher and is making the dust fly on the north line. Jim is a hustler and will get his share of the work.

Communion services were held in the Presbyterian church last Sunday. The Rev. Mr. Wells, of Flesherton, officiated in English and the Rev. Mr. McLeod in Gaelic.

What we would like to know:— If J. J. goes about with a mournful expression on his hitherto smiling phiz? If a "feller" could get cheap rates on the "telefore"? If we have work for four sons of vulcan in our town? Who will get the prize for the finest looking "Prince of Wales" at our fall show? (We trust W. S. will show no partiality).

From our own Correspondent.

Apple pickers are numerous this weather. Even the aged and infirm seem not to have forgotten their boyhood days when tree-climbing was a specialty, and may now be seen among the topmost branches of the apple tree reaching for the luscious fruit.

Death has been busy around this vicinity lately, having claimed two victims within the past week. On Tuesday of last week Mrs. Thompson, who has been suffering for a long time from a cancer in her face, was relieved by death. The interment took place at Flesherton cemetery on the Thursday following. Again last Saturday evening Miss Sadie Camplain passed away, after six weeks of illness, through consumption. Miss Sadie will be sadly missed in church work and throughout society generally. The funeral took place to Thornbury on Tuesday of this week.

The Misses Thurston and Mr. Alex. Carruthers visited friends near Staynear last week.

At last it appears that the ladies are awakening to the fact that this is 1892, and are taking advantage of it vigorously. No less than seven weddings are reported at present time of writing, and our resident minister, Rev. J. W. Waddell, is kept exceedingly busy.

Mr. Henry Hurd sustained a heavy loss last Saturday evening by a cow falling and dislocating a joint in her hind leg. It was impossible to replace the joint, and the animal had to be killed.

THE FACT

That AYER'S Sarsaparilla CURES OTHERS OF Scrofulous Diseases, Eruptions, Boils, Eczema, Liver and Kidney Diseases, Dyspepsia, Rheumatism, and Catarrh should be convincing that the same course of treatment WILL CURE YOU. All that has been said of the wonderful cures effected by the use of

AYER'S Sarsaparilla

during the past fifty years, truthfully applies to-day. It is, in every sense, The Superior Medicine. Its curative properties, strength, effect, and flavor are always the same; and for whatever blood diseases AYER'S Sarsaparilla is taken, they yield to this treatment. When you ask for

AYER'S Sarsaparilla

don't be induced to purchase any of the worthless substitutes, which are mostly mixtures of the cheap-est ingredients, contain no sarsaparilla, have no uniform standard of appearance, flavor, or effect, are blood-purifiers in name only, and are offered to you because there is more profit in selling them. Take
