**Characteristics of the Past Week Carefully Culled for the Curious.**

Business notices among locals will be charged at the rate of 10c per line for each insertion. A reduction will be made on contracts for 100 lines or over.

There will be a partial eclipse of the sun on the 20th inst.

Priceville fair is being held as we go to press (Wednesday). A report will be given next week.

Mr. M. Richardson is remodelling the front of his residence. The change will add very greatly to its appearance.

An immense stock of boots and shoes—Horseshoe brand—to choose from at Jos. Smith's. Make your choice early.

There is a case of diphtheria in Markdale. A young man who came down from Owen Sound last week was taken suddenly ill with the disease.

The cattle fair on Monday was fairly well attended by both buyers and sellers, and a number of animals changed hands at good figures.

Four young men drove up to Markdale to attend a concert on Friday evening which did not come off.

Farrell, the man who was sent to jail last week by J. W. Armstrong, J. P., has been pronounced insane by the jail physician and will be sent to an asylum.

There will be a grand concert in the Town Hall on Thanksgiving Day, Nov. 10th, when Toronto talent of extraordinary merit will be on hand, of which more anon.

The Flesherton roller flour and saw mills, which have been undergoing repairs, will be open for business on Monday next. The announcement appears in our advertising columns.

The Creemore Star has changed hands. Bro. Spurr is now reconnoitering in the Northwest and Mr. A. H. Watson, formerly of the Meaford Monitor, is the new incumbent at the Star sanctum.

Rev. A. McGillivray delivered a lecture in the Town Hall on Friday evening last in behalf of the Independent Order of Foresters. The audience was a small one.

A squash which weighs 125 lbs is on exhibition in Mt. Forest. If that vegetable were to fall upon a man from a height of ten feet or so, wouldnt it squash him!

When the hair begins to come out in combing it shows a weakness of the scalp that calls for immediate attention. The best preparation to arrest further loss of hair and restore the scalp to a healthy condition is Ayer's Hair Vigor.

Mr. and Mrs. Alex. Stewart (back line) took the prize at Dundalk fair for being the heaviest couple on the ground. It was the better half that made the bigger half, however, Mrs. Stewart tipping the scales at 231 lbs.

Mr. Oscar England, woodworker at J. H. Heard's, received a telegram on Tuesday that his father, who lives at New Hamburg, was dead. He left for home on the evening train.

Some crank drove furiously through this town about 1 p. m. one night last week yelling "fire" at the top of his voice. Had the villagers caught him they might possibly have soused him in the millpond and thus put out his fire.

Our Kimberley parcel went astray last week in some unaccountable way and no trace of it has since been found. We remailed a portion of it so far as our spare papers would go and trust those who did not get their paper will "bless" the mails, and not us, as the parcel was posted on Wednesday, as usual.

When catarrh attacks a person of scrofulous diathesis, the disease is almost sure to become chronic. The only efficacious cure, therefore, is Ayer's Sarsaparilla, which expels scrofula from the system and the catarrh soon follows suit. Local treatment is only a waste of time.

The corpse of a young man named McIntyre, who went from McIntyre P. O. to the Northwest last spring, was met by relatives at this station on Tuesday and taken home to Osprey for burial.

Bro. Fawcett of the Streetsville Review, has had a corn stalk brought in measuring 12 ft. 8 1/2 inches, and asks us to "make a note of it." Why, cer. But that is nothing; why, Mr. W. Ellis, of Kimberley, exhibited corn at the East Grey fall fair measuring 13 ft. 6 in. in length. We are still up head, A. R.

The Clarksburg paper copies our Kimberley and Feversham news without credit, and even has the gall to say that it was from their "own correspondent". Verily that paper is a mere reflector in the strictest sense. We would gently hint to Bro. Baker that "stale news is no news."

Mr. Howells will begin in November Cosmopolitan, a department under the attractive title: "A Traveller from Altruria." Those who have seen the first two papers think they will equal in interest and in their wide appeal to all classes, the Breakfast Table Papers of Dr. Holmes. In order to give the necessary time to this work, Mr. Howells has turned over the detail editorial work to Mr. Walker.

The Streetsville Review will all be printed at home after the end of the present month. Bro. Fawcett is noted for his aggressive, original and interesting newspaper methods, and when he says he will do a thing that thing succeeds. We are only stating the plain truth when we say that Mr. Fawcett is one of the very best and most successful newspaper men in Ontario.

Mrs. W. Trimble has one of the neatest little shops in town, next door to R. Trimble's. It is very tastily fitted up inside and has a splendid variety of ladies' head wear. We peeped inside the other day and were really charmed with the handsome display. Miss McKee, the milliner, is a young lady thoroughly qualified to attend to the duties devolving upon her, and our lady readers should make her acquaintance. See advertisement in another column.

The social held in the basement of the Methodist church on Thursday evening last was quite an enjoyable affair. There was a plenty of good eatables. Mr. M. Richardson gave an hour's descriptive talk of cities and places he had visited in Europe. Mr. Richardson is an interesting speaker and his audience on this occasion was highly entertained. He secured enough material on his late trip for a dozen lectures, and has promised to tell, in the near future, of his visit to the field of Waterloo. A neat little sum was added to the church funds.

Two Flesherton young men met with an adventure on Sunday last. Their horse shied at something out near Muir's corner. The two young men courageously jumped from their buggy and let the horse tear. It tore for about seven miles down into Proton before being stopped. The buggy, when recovered, was somewhat damaged—just what you'd notice! A deputation waited on us Monday to see if the thing couldn't be suppressed, but it couldn't. It was too funny to keep.

It is beyond all doubt that "Myrtle Navy" is the favorite tobacco with the smokers of Canada. They obtain more enjoyment from it than from any other tobacco made and those of them who have used it long enough to test its merits never abandon it for any other brand. The reason for this preference is that the "Myrtle Navy" is made of the very finest leaf which is grown and that in every process of its manufacture the most vigilant care is exercised to preserve the genuine aroma of the leaf.

What nonsense some people will talk, and how rumors do circulate and grow, to be sure. The Owen Sound Times of last week said: "A report was circulated last week that a case of Asiatic cholera had appeared in Markdale and that the victim was Miss Richardson of Flesherton, daughter of the worthy reeve of Artemesia. It is said that Miss Richardson had only returned from Europe a few days and was among the passengers who were quarantined. This gave color to the report. Fortunately it was only a scare and Miss Richardson has fully recovered." The fact is that Miss Richardson has not been in Europe at all. She was taken ill while visiting friends in Markdale three weeks ago, and has since been unable to return home, but has so far recovered that her friends expect to welcome her home this week. As for Asiatic cholera—bah!

Itch on human and all animals cured in 30 minutes by Woolford's Sanitary Lotion. Warranted by Richardson & Co.

**J. B. Lucas, barrister, Markdale.** has \$10,000 private funds to lend on farm mortgages within the next few months at lowest current rates. No commissions, no delays, expenses low. Apply at office in Markdale during the week or at Dundalk office on Saturdays.

**The Facts.**  
An exchange says: He didn't read the papers for they hadn't any news. At least they didn't coincide with his especial views. And when he came to town one day with criticisms ripe, he climbed to an electric lamp to light his old clay pipe. He hadn't read the papers—but he knew just what was best. He simply fouched the wire, and the fluid did the rest.  
That wasn't how 'twas done, at all. He tried to brush the flies from off the coat tails of a man who didn't advertise. The merchant struck him on his nose and mopped the dusty floor, then shot him through the cobwebs that hung across the door. The coroner said: "Strangled, because he did not chance to read the advertisements in the Flesherton Advance."

**The Thornbury Bridge.**  
The result of the Thornbury bridge arbitration has been made known. The award is as follows: 1st—The County shall contribute towards the construction and maintenance of the bridge in question over Beaver river within the said "Town" fifty-five per centum for the period of ten years, including present year 1892, to be paid from time to time as the work and materials are done and provided.

2nd—The County shall pay to the Town, on the scale of the High Court, fifty-five per cent. of the Town's costs of the reference, and also fifty-five per cent. of the arbitrators' fees. The Town shall pay forty-five per cent. of the said arbitrators' fees. In all other respects each party shall pay its own costs.

**About Flour.**  
An esteemed correspondent at Eugenia sends us the following about flour:

Mr. Editor.—Last Thursday in Toronto wheat at farmers' waggon was sold at 65c. a bushel. The same day "straight roller flour" was quoted at \$3.20 a barrel. The same day the Markdale Standard quoted "flour \$3.80," and on the same day the Advance quoted flour \$4.30. Would any of your numerous correspondents say what really good flour should be (allowing a fair profit) when good spring wheat is selling at 65c. I like to see our own Flesherton leading and hope last week's flour quotation was "an error." **CONSTANT READER.**

With regard to the above widely varying quotations we might say that the present quotations in this vicinity have varied and are fluctuating so, owing to competition and other causes, that it is hard to keep track of and tell what are the proper figures. Flour sold here a week ago at \$4.10 per bbl. This week it has been sold at all prices, down even to \$3.60. When wheat is selling at 65 cts per bush. \$3.80 would be a fair selling price for flour, as it takes slightly over five bushels to make a barrel.—[Ed. Advance]

**Personals.**  
Secretary Damude visited Clarksburg exhibition last week.

Mr. Sydney Wells is visiting with his father, Rev. J. Wells.

Mr. A. E. Bradwin, of Toronto Saturday Night, was a visitor at The Advance office on Monday.

Mrs. J. H. Heard is visiting with her sister, Mrs. Heard, of Keppel.

Mr. J. H. Heard returned home on Monday from a trip up the peninsula. The Advance had a pleasant call from Dr. Sproule, M. P., on Monday.

Mr. Ed. Richardson left last week to resume his studies in medicine at Toronto Medical College.

Mr. Alfred Thurston has severed his connection with The Advance and will take a situation in Toronto. Alf. is a clever boy and a neat workman. While we are very sorry to lose him our best wishes for prosperity follow him.

**Rheumatism Cured in a day.**—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by Richardson & Co.

**Delay is Dangerous.**  
When the kidneys are out of order delay is dangerous. Any disease may follow and become so well established that months of suffering may follow. A gentle tonic like Dodd's Kidney Pills is always acceptable to the kidneys and protect them from disease. They are a kidney food.
