If you wish to secure a certain and speedy result, when using Ayer's Sarsaparilla, be careful in observing the rules of health, or the benefit may be retarded. A fair and persistent trial of this medicine never fails, when the directions are followed.

The Advance is indebted to Major Rorke for a copy of the Ontario Game and Fish Commission report, an exhaustive work occupying nearly 500 pages and containing a large number of beautiful photo engravings of all the Ontario game animals, birds, and fishes. The information contained therein is very valuable, and The Advance highly appreciates Major Rorke's courtesy.

Don't commit suicide on account of your "incurable" blood disease. The sensible thing for you to do is to take Ayer's Sarsaparilla. If that fails, why, then—keep on trying, and it will not fail. The trouble is, people get discouraged too soon. "Try, try, try again."

A number of witnesses from this part were called over to Walkerton last week to give evidence at the trial of Bolton v. Bolton. This was a case where Mrs. Hector Bolton brought suit against Mrs. Ann Bolton, the husband's mother, to set aside a sale of farm made to her. The defence weakened at the last moment and agreed to pay Mrs. Bolton the sum of \$850. Wright & Lindsay had charge of the plaintiff's case.

No means have been taken by the manufacturers to push the sale of their "Myrtle Navy" tobacco except giving from time a simple statement of the facts connected with it in the public press. The large and rapidly increasing demand for it has been the result of the experience of smokers which these statements

suggested. Their advice to business men is to advertise largely if they have the right article to back up the advertisement with.

**To Our Correspondents.**

Now that the fall season is over we will expect our correspondents to furnish us with their welcome budgets as frequently as heretofore. We have a staff of correspondents which any newspaper might be proud to own, and we expect eventually to see at least two of them blossom out as newspaper men, but which two is a secret. The adage that "practice makes perfect" holds good with newspaper correspondents just as it does with ordinary mortals, and we would not care to see any of them fail for want of practice. Send along your budgets next week, gentlemen, and see if we cannot send out a breezy, representative paper.

**Assault.**

Dr. Carter was called late on Sunday night to attend Mr. John O'Brien, 14th con., Artemesia, who had been seriously injured by a malicious assault perpetrated by one Irwin Fawcett and his son or sons. It appears that Mr. O'Brien was driving along the third line in a democrat on Sunday, the other occupants being Mrs. O'Brien, Mrs. Best and Mr. O'Brien's son. While stopping to allow Mrs. Best to alight at her own gate the Fawcett crowd, after the manner of heathens, and notwithstanding the presence of ladies, pitched upon Mr. O'Brien and knocked him senseless, after which they kicked him most brutally. Mrs. O'Brien, in endeavoring to save her husband, received a black eye, and her son was also ill used. It is hoped the perpetrators of such a low piece of brutality will be brought to book without delay.

**Personals.**

**Maxwell.**

From our own Correspondent.

The fine weather of last week gave the farmers a chance to gather in the root crop.

On Friday of the week before last, public school Inspector Campbell visited our school and found everything carried on in a very satisfactory manner.

On the same evening Mr. J. H. Alexander, organizer for the "Patrons of Industry," was to give a lecture here, but owing to the condition of the weather it was postponed till Wednesday.

On Sunday, the 9th, the Rev. Mr. Wetherall, of Ravenna, preached the missionary sermon in the Methodist church here, and the Rev. Woodger took his work.

On Monday the 10th a meeting of the Presbyterian managers of Maxwell, McIntyre and Feversham took place here to see about the advisability of securing a minister, but nothing definite was reached. We hope the Rev. Hudson, who is now with us, will be the man chosen, as he is an energetic, earnest and devoted minister.

Mr. Preston, a brother of Mr. D. K. Preston, spent a few days here, lately.

Mr. Richard Preston spent Sunday with his parents the week before last.

On Wednesday, the 12th of Oct., the "400th anniversary of the discovery of America" was duly recognized in our school here. Short and suitable addresses were delivered by the Rev. F. Woodger and Dr. Scott, and a number of beautiful

dialogues, recitations and songs by the children. The clearness and force with which the children spoke reflects much credit both on them and their efficient teacher. A number of visitors were present.

On last Sunday the Rev. Long, of Singhampton, took the work on this circuit. Mr. Walter McCallum spent a few days at home this week.

Mr. Joseph Gamey disposed of his machine to Mr. Phillips.

A local convention of the teachers of Osprey and some from Artemesia will be held in Maxwell on Nov. 4th.

On Saturday of this week a foot-ball match is expected between Maxwell and the Osprey Stars.

While a farmer named Bain, who lives at Oliphant, was driving into Wiarion, his horse ran away, throwing him out and breaking his left arm, besides inflicting other injuries.

Mr. Dewdney has resigned from the cabinet to accept the position of Lieutenant-Governor of British Columbia. His successor will be T. M. Daly, member for Selkirk, Manitoba.

**The Markets.**

**Carefully Corrected Each Week.**

Now that grain has commenced to move freely strict attention will be paid each week to the correction of the figures in our report, and the farmers may rely upon them as being as nearly correct as it is possible to make them. Peas and oats are now offering quite freely. Wheat has not yet commenced to move here. Prices are low, and no doubt those who can will hang on to their wheat for something better.
