FALL GOODS

Are arriving almost every day. We do not need to tell you that the qualities are good and prices right. Every one who ever visited the store on the hill knows that we cannot be undersold. We do not deny the fact that any quantity of cheap trash is offered at lower figures than we can offer pure goods, but we hold that for quality offered, no man can sell you cheaper than we do. All we ask is a call, and we are certain to convince you.

◆ Dress Goods Department ◆

We have a good assortment in all leading lines, from the roc. goods to the best all wool Henriettas—linings, buttons and trimmings to match.

◆ Flannels and Staple Department ◆

You can get anything you ask for in these lines. In Flannels we defy competition—all wool greys, striped fancy shirting Flannels, and sheeting. Also full lines of Flannels, Shakers, Cantons and Unions; Cottonades, Cottons, Shirtings, Linens, Towels, Towellings, Etc.

◆ Tweed and Worsted Department ◆

We can't tell you much about these, but an inspection will convince that the patterns are the latest, and qualities and prices right, also full lines of Gents' fine furnishings.

◆ HABERDASHERY DEPARTMENT ◆

Gloves, Hosiery, Rushings, Handkerchiefs, Corsets, Ribbons, Collarettes, Bibs, and ninety-nine other things.

Space will not allow us to mention the other departments, but if these few will remind you of something you are needing we have done well; if they will convince you to try the Store on the Hill, we have done better; and if they will strike you favorably after inspection so you buy, we have done best. All are welcome whether to purchase or simply to have a chat about the weather.

Remember the Store on the Hill.

Eugenia

From our own Correspondent.

The Patrons of Industry have been holding meetings at Eugenia during the past two weeks. A lodge is now about to be formed with somewhere about twenty members.

Mr. James Williams, who has been spending some time Toronto, returned home on Saturday last.

Mr. Albert Latimer has gone to take a situation in the city.

Mr. Wesley Latimer, of Toronto, has come home to visit his parents at Eugenia. We are pleased to think that all the attractions the city offers don't win our boys' allegiance from their old home.

Mr. Thomas Smart, who has been for some time at Brampton, returned home the past week.

Mr. William Galbreath and family have become a resident of our town. We extend them a hearty welcome.

The apple crop was an abundant one in this vicinity the past season. Mrs. Hislop of the valley has sold one hundred barrels of winter apples and thirty of the early harvest variety.

Miss Minnie Wright, of Markdale, was visiting at Mr. Smarts the past week.

Farewell Corner.

From our own Correspondent.

The weather has been fine and most of the farmers are busy threshing in this vicinity.

Mr. H. McKinnon had a peering bee, and it was a grand success, for the young people seemed to enjoy themselves so much after the work was done. They spent the rest of the night with dancing and other amusements.

Mrs. F. Hargrave had a quilting bee. The young people met in the evening and spent a few enjoyable hours, and everything passed off grandly.

The Patrons of Freedom Association will meet on Friday for the purpose of having a big concert.

Mr. William Ramage is preparing to put a large addition to his dwelling house. Will is getting around pretty lively to get his house finished before the gloomy winter comes.

Miss Maggie and Sarah Hargrave, from Proton, are visiting friends in Egremont. We wish them a pleasant time.

Feverham.

From our own Correspondent.

The first of November was celebrated in good style by our local sports turning out en masse for the happy hunting grounds out north. Conspicuous among the number was Mr. Geo. Mitchell, banker, Flesherton, R. T. McGirr, of the Beaver, and many other good shots. If they get as near to the game as they do at target they can lay their guns aside and catch them by hand. We feel confident that there will be some dear meat for sale cheap.

As a sign of the good times we might record a wedding yesterday (Wednesday), the contracting parties being Mr. W. Wright to Miss Sinclair. The wedding took place at the home of the bride, Rev. Mr. Hudson conducting the ceremony. We feel very safe in predicting a happy future for them, and wish them every success.

A public meeting is to be held here to-morrow night, (Friday), conducted by Mr. Alexander, for the purpose of forming an association of Patrons of Industry, their object being to do away with big profits and the credit system in general. We intend the scheme to be a success. No doubt the store keepers will draw a long face, but then every man for himself.

The mill has now so much to do that the miller has sometimes to run the mill when he ought to be in bed. To give you an instance, one day last week he received into the mill 125 bushels of wheat and over 200

bushels of chop, the whole of which he gristed save an hour's chopping.

It is reported that Mr. John Park is dangerously ill in Toronto of typhoid fever. We hope the report is false.

A son of Mr. Hicks, of the fourth line, has been engaged as school teacher for the coming year.

Mrs. R. Meldrum has been prostrated by a very severe cold. She is now somewhat better. Mrs. J. Clinton has been with her for some time.

Maxwell.

From our own Correspondent.

We were reminded of winter by the recent snow.

Mr. J. H. Alexander has been successful in organizing for the Patrons here.

Mr. Alex. Clarke has been working in Singhampton lately.

Mr. Wm. Wright returned home from Parry Sound on Sunday, the 23rd ult.

Mr. Alliston's brother, sister and mother gave him a call last week.

On this Friday evening a concert will be given in the Orange Hall here, at which, amongst other speakers, M. Richardson, Esq., of Flesherton, will give a lengthy account of his late trip to Europe. Admission only 10 and 15c.

The Misses Scheniman returned home from Singhampton last week, and on the Thursday evening of the same week had a few of the young folk at their place where an enjoyable evening was spent.

Mrs. Maxwell and daughter visited friends here a few days lately.

On last Friday evening Mr. and Mrs. Wm. Coutts gave a party at their home here, before leaving.

The quarterly religious service will be held here next Sabbath morning.

A business meeting in connection with the Epworth League took place on Wednesday evening.

Miss Annie Scheniman left for Parry Sound on Saturday.

We are pleased to know that our present teacher, Mr. J. L. Wood, is engaged for 1893.

Epping.

From our own Correspondent.

Your Epping scribe has been taking holidays for the past few weeks. But as we have strong suspicion that we are one of the two cors. which ye Editor confidently expects to see blossom out into "newspaper men," we thought we had better get down to practice again.

We did have very nice weather for a couple of weeks, but last week it rained again and has been raining almost continually every since and the roads are in a horrible state of filthiness. We think the council should supply our town with sidewalks, street lamps or a street railway or something.

A branch of the Epworth League has been formed here in connection with the Methodist church, with the following officers: President, John Eaton; Vice-President, John Mathe-wson; Secretary, J. McConnell; Treasurer, Annie Black. It is to be hoped that the young people will do their best to make this a success and that they will find encouragement in the older ones.

The apple packers are still busy in this neighborhood. The apple crop in this vicinity has been unusually large. People sometimes find it difficult to get barrels. Mr. Hugh Knott, from near Kimberley, one day last week, being unable to procure barrels in Meaford, went on to Owen Sound and brought 80 at one load.

The steam threshers are getting in some good work now and their shrill whistles can be heard on all sides.

Rev. Alex. Gilray, of Toronto, visited his parents week before last.

Miss Milligan, of St. Vincent, is visiting her aunt, Mrs. Jos. Daley.

We understand that Messrs. George and Jos. Smith have gone to Muskoka to work for the winter. Success boys.

BRUNTON'S CURATIVE FLUID

Indigestion, Dyspepsia and Sour Stomach are caused by the food fermenting. The result of fermentation on all organic matter must be acid. This decomposes the food (which should be digested) and from that decomposition evolves gases that produce pressure on the nerves, disorganizing the system, and producing various symptoms of disease. The "Curative Fluid" purifies the stomach, promotes digestion and assimilation of food, thereby creating a healthy current of blood. For sale by all Druggists, 50c. & \$1.00.

AT HOME AGAIN.

THE FACT

That AYER'S Sarsaparilla CURES OTHERS OF Scrofulous Diseases, Eruptions, Boils, Eczema, Liver and Kidney Diseases, Dyspepsia, Rheumatism, and Catarrh should be convincing that the same course of treatment WILL CURE YOU. All that has been said of the wonderful cures effected by the use of

AYER'S Sarsaparilla

during the past fifty years, truthfully applies to-day. It is, in every sense, The Superior Medicine. Its curative properties, strength, effect, and flavor are always the same; and for whatever blood diseases AYER'S Sarsaparilla is taken, they yield to this treatment. When you ask for

AYER'S Sarsaparilla

don't be induced to purchase any of the worthless substitutes, which are mostly mixtures of the cheapest ingredients, contain no sarsaparilla, have no uniform standard of appearance, flavor, or effect, are blood-purifiers in name only, and are offered to you because there is more profit in selling them. Take

AYER'S Sarsaparilla

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists; Price 5c.; six bottles, \$5. Cures others, will cure you
