A NEW PREMIER.

That which has been rumored for some time has at last come to pass, and again Canada has been presented with a new premier. Sir John Abbot has resigned and Sir John Thompson has accepted the premiership and will endeavor to form a new cabinet. What the construction of that cabinet will be is not yet known, but it is hinted that Mr. Chapleau will be out—will be given the Lieutenant-governorship of Quebec. It is also rumored that Mr. White, of Cardwell, will be given a place in the cabinet. There has been a good deal of speculation as to the kind of reception which Sir John Thompson would receive at the hands of Conservatives in the event of his being called upon to form a ministry. Those who indulge in speculation of that nature may rest assured that Sir John Thompson will receive a respectful following from his party until such time as he gives good cause for desertion by the members of that party, which catastrophe however, is scarcely likely ever to occur. Sir John Thompson is a very able man. This is admitted by friend and foe alike. He wields a strong hand, and, judging by his record for the past two sessions, is the man most able to conduct affairs at the capital. Because of a man's religion is no reason why he should be disqualified from attaining to the highest pinnacle which his country erects. To say it is, would be entirely contrary to the precedent set by the mother country in the past. The man Disraeli was an honor to any empire. Sir John Thompson may prove to be a second Disraeli. At least fair play should prompt the Canadian people to give him a chance of proving the material of which he is made. When he is tried and found wanting will be the time for action, but not before.

A petition of Flesherton business men has been forwarded to the county council, now in session, asking that this village be formed into a police village, according to the Ontario statutes of 1892. This will give nearly all the powers granted to incorporated villages, without the same costs in connection. It provides for the appointment of three police commissioners, who have the power of spending monies, passing by-laws for the letting of contracts, making and mending streets, etc. For villages which come under this act there is a code of laws laid down for the prevention of fire and for other purposes, which of itself would be a blessing to any village if thoroughly enforced. Should Flesherton be brought under the workings of this act we will no doubt see less rubbish and obstructions thrown upon the street, and if good men are elected it will prove one of the largest blessings we have enjoyed for many a day. The new system, it is expected, will come into force in January next.

Matters municipal have scarcely as yet focused themselves into a position to warrant any definite announcement, more than that Mr. Pedlar is likely to have opposition in the person of Mr. Geo. Thompson, ex-councilman, and that the Patrons have decided to

bring out a man to test their strength. They have not yet chosen their man. In Osprey, matters are even more quiet, and the only hint we have received is that Mr. Monaghan is likely to have opposition. The council as it now stands will seek re-election, but what opposition, if any, will be in the field, is not known. Proton is the banner township for agitation, "aspiration and competition, and the number of candidates spoken of there is legion—so many indeed, that we will not at present attempt to name them.

It is rumored that Lord Stanley has tendered his resignation of the Governor-Generalship and will be superceded by Lord Aberdeen. Lord Stanley's term of office expires next May in any event.

The December Cosmopolitan. In view of the fact that Sir Edwin Arnold will very likely be the next post-laureate, one turns with interest to his most entertaining article in the December Cosmopolitan on a "Japanese Watering Place." The same number contains seven portraits of Tennyson and interesting views of his late home and surroundings. Thos. Gerham has penetrated the mysteries of the silent trappists' monastery with a profane kodak; Murat Halstead discusses "Varieties of American Journalism;" Herrmann throws "Light on the Black Art" and Theodore Roosevelt and Maurice Thompson each contribute interesting articles. A feature of the number is twenty-four portraits of Pausian journalists, with sketches of their work. A curious bit is found in the contrast of the double frontispieces which adorn the magazine—on one side the marvelous painting of "The Conquerors," by Fritel, which attracted so much attention at the last Paris salon, and on the other "The Conquerred," by Anton Dietrich; in the one the heroes of war moving down the vista of the centuries in magnificent array between ghastly lines of naked corpses, the other the unfortunate of all times and lands flocking beneath the gentle hand of the loving Christ. The Cosmopolitan will mark its first edition of 100,000 copies—that for January—by the offer of 1000 free scholarships. In return for introducing the Cosmopolitan into certain neighborhoods the Cosmopolitan offers to any young man or woman free tuition, board, lodging and laundry at Yale, Vassar, Harvard, or any of the leading colleges, schools of art, music, medicine, or science. They send out a pamphlet on application telling how to obtain one of these free scholarships.

Cures Others

Will cure You, is a true statement of the action of AYER'S Sarsaparilla, when taken for diseases originating in impure blood; but, while this assertion is true of AYER'S Sarsaparilla, as thousands can attest, it cannot be truthfully applied to other preparations, which unprincipled dealers will recommend, and try to impose upon you, as "just as good as Ayer's." Take Ayer's Sarsaparilla and Ayer's only, if you need a blood-purifier and would be benefited permanently. This medicine, for nearly fifty years, has enjoyed a reputation, and made a record for cures, that has never been equalled by other preparations. AYER'S Sarsaparilla eradicates the taint of hereditary scrofula and other blood diseases from the system, and it has, deservedly, the confidence of the people.

AYER'S Sarsaparilla

"I cannot forbear to express my joy at the relief I have obtained from the use of AYER'S Sarsaparilla. I was afflicted with kidney troubles for about six months, suffering greatly with pains in the small of my back. In addition to this, my body was covered with pimply eruptions. The remedies prescribed failed to help me. I then began to take AYER'S Sarsaparilla, and, in a short time, the pains ceased and the pimples disappeared. I advise every young man or woman, in case of sickness resulting from impure blood, no matter how long standing the case may be, to take AYER'S Sarsaparilla."—H. L. Jarmann, 33 William st., New York City.
