### McIntyre.

From our own Correspondent.

There has been good sleighing here for about two weeks.

Mr. Dan McPhail and family have gone to Manitowaning to keep hotel.

Mr. and Mrs. John Douglas, sr., have moved to their old home on 12th con. of Osprey, to look after the farm there while their son James is absent in Colorado on account of ill health.

Mr. Alex. McLean had a valuable mare cast in the stable and choked to death a short time ago.

The Patrons of Industry have over fifty members here. Mr. D. A. McLean is keeping the Patron store. They held a concert on Friday evening which was a success.

Miss Mary Robbins returned home from Thornbury last week where she has been engaged during the summer, learning the dress making.

Malcolm Bell returned home last week from Sault St. Marie, where he has been working during the summer.

Mr. Samuel Scott Jr. is still absent on a visit in the counties of York and Ontario, but is expected home this week.

Mr. Duncan McInnes is calling on every one in these parts demanding the taxes. Those that don't happen to have the stamps are given fourteen days to see if oats will go up.

We understand there is to be a singing school started here soon, will report particulars later.

### Maxwell.

From our own Correspondent.

The tea-meeting held in the Presbyterian church, which we made mention of in our last, was fairly well attended. The ministerial part consisted of Messrs. Hudson, Woodger, Wells and Hughes, and all of these gave short addresses. The programme otherwise was of a superior nature. The proceeds amounted to about \$20.

The Rev. Hudson's furniture has arrived and he is now comfortably settled in his new premises.

The Patrons are increasing in number, but have not given us a free concert yet.

The night school which was begun here a short time ago by Mr. J. L. Wood, is being well attended, a fact which proves that our young men are anxious about their education and that they take an interest in the efforts put forth by our industrious teacher. The number on the roll now is 17.

We believe the Methodists are not going to give us a tea-meeting this year. The people should consider that the children expect some fun at Christmas time and must feel disappointed if they do not.

Mr. Alex. Clark is again working in Singhampton and his mother is down there also.

Reeve Gamey and Deputy-Reeve Preston attended Council at Owen Sound last week.

Dr. Scott treated the Orangemen to a splendid Supper last Thursday evening.

Mr. Chatfield, the celebrated organ cleaner and tuner, has been doing some of his fine work here lately.

### Rob Roy.

From our own Correspondent.

Mr. editor, it has been quite a while since we heard from our Rob Roy correspondent, so news being so plentiful this week I thought I would give you a few items.

The weather is everything that can be desired and the roads are equally as good, and we are glad to know that they have been well used by the friends of this appointment.

Mr. Vinor and Mr. Long have been carrying on Revival meetings in the church, which have been well attended, and many have realized a change of heart.

The Rob Roy threshing company have finished threshing for this year, and have stored the machine away in its usual place. We believe this to be the handiest thresher in this part of the country.

Our blacksmith is doing a rushing

business now in his line. We don't see why he can't, because he is a first class workman.

The Patrons of Industry are going right through with business. We believe this one of the best societies ever got up for the farmers, and you bet they are taking advantage of it.

Mr. Angus Cameron, of this part, has purchased a new cutter from Paul Bros., Feversham, one of the latest, so you bet J. means more than he would like the dades to know.

Some of our Rob Roy threshers made an attempt to go shooting, but found no game, and struck for a walk, landing at Mr. John Bristow's, where the Messrs. Bristow & Co. were threshing, and had a full inspection of the machine, finding everything in good shape but prefer their own to anything they see.

### Feversham.

From an occasional Correspondent.

Business is booming in Feversham just now; our Patron store is doing a rushing trade.

Mr. E. Horton lost a fine horse last week. This is the second one for him to lose within three months.

One of our citizens, coming home from Flesherton one night last week, attempted to pass a team that was being watered at a stream on the road, when his cutter slipped and he was dumped into the water. We wonder if he enjoyed his bath.

Miss Laura Brown spent Sunday in Feversham.

John McLoud and Geo. Pearsoll spent Sunday in Duntroon.

There was a meeting of the Directors of the O. F. M. C. last week. Peace does not seem to reign in that body, as they had a storm meeting. Wonder who called it, as Mr. Kernihan knew nothing about it. Then things came to a head on Saturday night, when H. Heitman dismissed the miller without any just cause, when some of our townsmen interfered and drove out to see the directors, when it was found that Mr. H. was driving things with a high hand. We are inclined to think it is time his wind was shut off and he was given to understand that he is not going to get another excursion with his main train, driving around the county hunting a miller. He is neither lord of creation nor manager of the mill, so he should go steady.

Mr. Ira. Perigoe has secured the contract to put the top on the saw mill.

Back-ache is caused by sick kidneys. Doan's Kidney Pills will remove it. By the special action on the kidneys, they impart vitality and benefit the system by purifying the blood. You cannot have pure blood with disordered kidneys; health's existence depends upon the natural condition; they are the governors of the system, continual disorder results in kidney consumption, which is Bright's disease.

### Priceville

From our own Correspondent.

Camp 87, S. O. S., will meet in "Union Hall" on the evening of December 13th for the election of officers and other business. A good attendance is requested. Camp 87 is in a thriving condition, and no wonder, surrounded as we are on all sides by sturdy sons and descendants of auld Scotia.

On Friday afternoon Dec. 16th a Public examination will be held in Priceville P. S., to which the parents and friends of the pupils are cordially invited.

The country is fairly swarming with Patrons of Industry, and it's as much as a man's business or profession is worth to say anything against that gigantic organization.

Miss Maggie Ferguson returned from Chicago last week to attend her mother, who is not very well at present.

Mr. Hutton, of Brampton, spent a few days lately with his son, Dr. Hutton.

Miss Martiu of Shigley is visiting at her grandfather's, Mr. McNeil.

Misses Gussie Husband and Tillie Best spent last Saturday and Sunday in Proton.

If troubled with PILES. A remedy of highest merit Endorsed by the Medical Profession —

## A Friend

Wishes to speak through the Register of the beneficial results he has received from a regular use of Ayer's Pills. He says: "I was feeling sick and tired and my stomach seemed all out of order. I tried a number of remedies, but none seemed to give me relief until I was induced to try the old reliable Ayer's Pills. I have taken only one box, but I feel like a new man. I think they are the most pleasant and easy to take of anything I ever used, being so finely sugar-coated that even a child will take them. I urge upon all who are

### In Need

of a laxative to try Ayer's Pills."—Boothbay (Me.) Register.

"Between the ages of five and fifteen, I was troubled with a kind of salt-rheum, or eruption, chiefly confined to the legs, and especially to the bend of the knee above the calf. Here, running sores formed which would scab over, but would break immediately on moving the leg. My mother tried everything she could think of, but all was without avail. Although a child, I read in the papers about the beneficial effects of Ayer's Pills, and persuaded my mother to let me try them. With no great faith in the result, she procured

and I began to use them, and soon noticed an improvement. Encouraged by this, I kept on till I took two boxes, when the sores disappeared and have never troubled me since."—H. Chipman, Real Estate Agent, Roanoke, Va.

"I suffered for years from stomach and kidney troubles, causing very severe pains in various parts of the body. None of the remedies I tried afforded me any relief until I began taking Ayer's Pills, and was cured."—Wm. Goddard, Notary Public, Five Lakes, Mich.
