President Gardner of the British Board of Agriculture has signified that live Canadian cattle will again be admitted to the United Kingdom as soon as satisfactory proof is presented that no pleuro-pneumonia exists in Canada.

Rebecca Wilkinson, of Brownsvalley, Ind., says: "I had been in a distressed condition for three years from Nervousness, Weakness of the Stomach, Dyspepsia and Indigestion until my health was gone. I bought one bottle of South American Nerve, which done me more good than any \$50 worth of doctoring I ever did in my life. I would advise every weakly person to use this valuable and lovely remedy. I consider it the grandest medicine in the world." A trial bottle will convince you. Warranted by Richardson & Co.

COUNTY AND DISTRICT.

Barkwell's Bronchial Balsam will cure coughs, colds, bronchitis and asthma.

A man in Baltimore, Md., has invented an electric sleigh which travels at the rate of fifteen miles an hour.

On Thursday last while driving along the ninth line Euphrasia, opposite Mr. R. Stonell's gate, Deputy-reeve Davis' horse slipped on the frozen hubs breaking the bone of its front leg below the fetlock. The fracture was set and the animal is doing well.—Standard

Tetel on human and all animals cured in 30 minutes by Woolford's Sanitary Lotion. Warranted by Richardson & Co.

As a result of proceedings taken by Post Office Inspector Hopkirk, Mrs. Ann Madill, of Clifford, was fined \$10. recently for using cancelled stamps. As it may not have been generally known that this offence is subject to such severe punishment, this case should serve as a warning.—Confederate.

Baker and Lingford, the prisoners of the Pickering shooting case, were committed for trial at Whitby Monday. One of the magistrates announced having received a threatening letter from an unknown source.

Williams' Royal Crown Remedy, greatest cure on earth. Guaranteed to cure general nervous debility, rheumatism, neuralgia, paralysis, etc.

A very sudden death occurred near Hopeville on Wednesday evening of last week. Mr. A. Digwall, a well known farmer of that vicinity was feeding his cattle, in company with two of his boys, and telling the boys to go to the house, stayed behind them to finish the chores. As he did not make his appearance, the boys after some time had elapsed, went to the barn and found him dead. Heart disease is supposed to have been the cause. A cut was found on his head, the result of falling against some projection. His family have the sympathy of the community in their bereavement.—Herald.

J. B. Lucas, barrister, Markdale has \$10,000 private funds to lend on farm mortgages within the next few months at lowest current rates. No commissions, no delays, expenses low. Apply at office in Markdale during the week or at Dundalk office on Saturdays.

A very sad fatality occurred at Cedarville on Wednesday of last week, being the burning of a house and its only occupant, an infant. It seems that Mrs. Ben. Woods went across the road to milk her cow, and left her baby in the house, a deep. In her absence the house took fire from some unknown cause, and the building was wrapped in flames before noticed, when it was late to rescue the poor child. The sympathy of the entire community is being expressed for Mr. and Mrs. Woods, who have only been married a short time. A practical turn has been given to this sympathy by circulating a subscription list which is meeting with gratifying success.—Confederate.

Rheumatism Cured in a day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Warranted by Richardson & Co.

Some people have the peculiar idea that it is an insult to them to be billed by a business man, who may at the time be in need of the money owing by them. The Braebridge Gazette gives a case in point. It says: "In order to save postage, we placed our accounts inside the paper the last time we rendered them to our subscribers. Several persons were annoyed and others not too well pleased with us for having done this. Now, we would much prefer not to make out any accounts. Will our subscribers kindly remit what they owe and save us the trouble of rendering bills, and themselves of receiving duns." There would be no need of sending out accounts if these "tough" people would pay promptly. If business men acted on the same principle with their creditors they would be annoyed continually, for they are continually receiving what some people call duns, but which really are necessary statements of accounts which they would rather receive than not in order to know from time to time how they stand with the various firms they deal with. It is a business proceeding nothing more—in fact a practically necessary one—and there is no room for offence.

Warranted the most wonderful Blemish Cure ever known. Warranted by Richardson & Co.
