Provide yourself with a bottle of Ayer's Cherry Pectoral, and so have the means at hand for contending successfully with a sudden cold. As an emergency medicine, it has no equal, and leading physicians everywhere recommend it.

The continual succession of boils, pimples, and eruptions from which many suffer, indicates an impure state of the blood. The most effective remedy is Ayer's Sarsaparilla. It expels the poison harmlessly through the natural channels, and leaves the skin clean and clear.

The first copy of the Farmers' Advocate under the new arrangement of semi-monthly publication has been received. It has been changed in form and gives much more matter than heretofore. This publication should be in every farmer's home. Clubbed with the Advance at \$1.80.

The Salem Semi-Weekly Special, published in South Dakota, quotes the following prices of grain in its issue of Jan. 4: Wheat 46 cts to 48 cts, barley 35 cts, oats 20 cts. Is it possible that there can be a place within the borders of "our natural market" where prices rule so much lower than our own?

The Dundalk Herald came out last week under the management of its new proprietor, Mr. Glendinning, who will, we believe and hope, make his mark in the newspaper business, as he has done in the teaching. The Advance is heartily glad to welcome Mr. Glendinning as a neighbor, and extends the right hand of fellowship.

Mr. Casson will preach at the station in the morning, Meaford Road in the afternoon, and both gentlemen will conduct a platform meeting in the Methodist church, Flesherton, in the evening.

Thornbury is the latest town to secure a mechanics' institute. Nearly every village in this section of country, of the size of Flesherton, now owns its mechanic institute. Twice or thrice has the effort been made to form one here, but no sufficient interest was taken in it. It is a great pity, because as an educator the mechanics' institute is second only to the public school. We are still living in hope that some day an institution of this kind will materialize here.

Mr. D. Clayton has sold his harness making business to Mr. W. Moore, who has been working with the former for years. Mr. Moore is well qualified to conduct the business and give satisfaction. On Sunday last two boys, Geo. Wallace and Wm. McIntyre, killed a large wildcat on one of Mr. Wm. Henry's farms in Melancthon, now occupied by Mr. McIntyre. It was first seen running along the fence across the farm and the boys took after it with a dog. When closely pressed the cat made a spring from the fence on top of the dog and a desperate fight took place, the boys getting in their work with clubs. The cat was a large one and weighed 20 pounds.—Shelburne Free Press.

We overlooked mentioning last week the fact that Mr. A. R. Fawcett, the clever and enterprising publisher of the Streetsville Review, spent New Year's day with his parents in Flesherton. Personally we look upon Mr. Fawcett as one of the cleverest

journalists in Ontario, and as a man we have the very highest regard for him. He has recently enlarged the Review, which, as it is at present, would be a credit to a town of 5000 inhabitants. We hope it will prove a financial success to its owner. It should be handsomely supported as the margin of profit on a paper of such a size is exceedingly small.

The Sara Lord Bailey concert in the Town Hall on Wednesday evening was well attended and those who were present enjoyed a treat such as is seldom enjoyed here. The praises which have been sung of this talented young lady have not been over-drawn. She is a mistress of the art, and held her audience in almost breathless attention while she rendered such stirring pieces as "Life for Life" and "The Chariot Race" from Ben Hur. In lighter vein she showed her weakest side. All in all, however, she is an artist of much power, and all her selections were rendered in a very pleasing manner. Should she ever return a still larger house will greet her. Misses Maud and Edith Richardson gave a very pleasing duet, "Hear me, Norma," which was well received. They were in good form and did unusually well. The "Orpheus" club, conducted by E. K. Richardson, gave the opening and closing choruses, and these were also good features of a very pleasant evening's amusement. Those who remained away missed a rare treat which will be slow to offer itself again.

Baptist S. S. Anniversary. On Monday evening last the Baptist Sabbath School held its annual anniversary in the chapel. Notwithstanding the disagreeably cold and windy night a goodly number gathered together and spent a very pleasant evening. Short and pleasing speeches were delivered by the Rev's Tonge, Grinnell and Wells, also the music and numerous recitations and dialogues given by the large and small pupils of the school were well rendered and very suitable for the occasion. This ranks as the most successful entertainment ever held in the Baptist chapel, and the pleasantest in every way. Between twenty-five and thirty dollars were added to the school's strong box.

**La Grippe**

"Last spring I was taken down with la grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. Williams, Cook City, S. Dak.
