Having opened out an entirely new and attractive stock in Wm. Strain's block, we ask old friends to give us a share of their patronage, assuring them that we will at all times be found as anxious as ever to give entire satisfaction both as regards prices, quality, and attention to all details.

Wodehouse.

From our own Correspondent.

We have not heard anyone grumbling about the muddy roads for several weeks. Very contented people are we.

A rainstorm visited us on Tuesday last. The new church is completed and is now in readiness for opening as soon as a settlement is made. The architect called upon the committee last week.

The excitement of the times is created by the annual sale of grass seed, which is a good price this year.

Mr. B. Best, of Sydenham, spent a few days lately with his brother, Wm. H. Best, of this place.

Mr. A. Shaw, of this place, visited his parental home near Brampton last week.

Miss Ellen Lawrence has returned from a week's visit with friends in Hephworth.

Feversham.

From an occasional Correspondent.

Mr. F. C. Bruce, our genial merchant was on the sick list last week, with a slight attack of la-grippe. He is getting around again.

Mrs. R. Evans, of Bolton, and Miss Winnie Shore, of Thornbury, are visiting their cousin, Mrs. Andrew McGirr.

The Feversham association Patrons of Industry are organized again. At the regular meeting last Tuesday, two delegates, Bros. Hudson and Little, were appointed to the township convention at Maxwell on the 11th.

Mr. R. L. McGirr has leased the "Beaver Hotel" for a term of years. Mr. Hugh McKenzie takes possession on April 1st. We are sorry to lose you Robert!

Hymon is very active around these parts lately. Last Wednesday Mr. Geo. H. Hudson was married to Miss Susie Stall, of the 12th Line. Congratulations, George!

Cold Weather and plenty of sleighing [snow] is the order of the day.

The miller has departed and Mr. Armstrong, of Thornbury, is now in charge of the rollers.

BORN—In Feversham, Mrs. H. Heitman of a daughter.

Miss Margaret Wren, sister-in-law of Mr. H. Heitman, met with a serious accident a week ago Sunday by being knocked down and run over by a cutter. She is now on the mend.

Priceville.

From our own Correspondent.

Well say! Isn't the "beautiful" piling up lovely. If it continues to descend in such prolific showers we shall be under the necessity of cutting a hole through the roof of our wigwam to permit egress to the outer world. Of course shovelling is the order of the day. (We don't do much navying however). As for our wood pile, (or what there is left of it), dear help us! It reminds one of slipping down into a small dry-dock to get at it. We will be thankful when spring comes, that is, if the flood doesn't dump the residue of our fuel into the Saugeen.

The other day we came across the following meteorological Round Robin by Sheridan, viz: January, snowy; February, flowy; March, blowy; April, showery; May, flowery; June, bovery; July, poppy; August, croppy; September, poppy; October, breezy; November, wheezy; December, freezy.

Messrs. Tryon and Cole are each busy laying in a good supply of ice for next summer. Nothing like storing up a few hundred cubic feet of this cold weather in readiness for the hot weather to come.

Mr. M. Reiley has purchased a high priced well-bred Jersey cow.

Mr. Robert Watson, of Walter's Falls, spent a day or two lately with Squire Ferguson.

Miss Emma Ferguson, who has been staying with her brother-in-law Mr. R. Watson, returned home last week.

WHAT WE WOULD LIKE TO KNOW? The definition of "Fowler."

If the (St) Lawrence will sail on the "Chicago!"

Who drove the sleigh load to the U. L. a short time ago?

If J. J. has been hibernating? (E. R. M. & J. have been just aching to see him.)

Maxwell.

From our own Correspondent.

The weather is still very changeable, but we have some satisfaction when we know other places are as unfortunate as this.

There is considerable sickness around here and Dr. Scott is kept busy.

The foot-ball concert was well attended and nearly \$13 realized. This was good when we consider the small admission fee.

The Rev. F. Woodger is holding special meetings here. We wish him every success.

Mrs. Rev. Hudson has been unwell for a time but is recovering.

Mr. and Mrs. Guy Jr., and Mr. and Mrs. Wright took a trip to Thornbury last week.

Mrs. Scott of McIntyre has been the guest of the Dr. for some time.

Another young Dr. came to town not long ago. Mother and son are well.

Mr. James Kinghorn spent a few days with friends here last week.

Mr. and Mrs. C. M. Field visited friends at Badgerow last week.

Mr. W. W. Trimble has taken his departure from among us and moved to Flesherton. We are sorry to lose him as he is a good citizen.

Miss Mary Strachan has returned after an extended visit with friends in Alliston.

A meeting of the Patrons takes place in the Orange Hall here on Saturday of this week.

Miss Linda Schenniman has gone to Collingwood, where she has secured a position.

Mr. Harry Owen has left us and gone to work near Proton.

The ladies of this place still hold their prayer meetings every Thursday afternoon.

Hopeville.

From our own Correspondent.

Mrs. McLeod, wife of Mr. Donald McLeod, died last week. She has been a great sufferer for a number of years from that painful disease, rheumatism. Her hands and feet were twisted out of their natural shape by its ravages in her joints. Death resulted from the disease going into the heart. She leaves an aged husband and a large family, all of whom have reached manhood or womanhood, to mourn her departure.

Mr. Wm. McLaren, sr., is very low. Tena McPhail, who has suffered much from a diseased bone in her leg, is again able to walk around without pain. Dr. McWilliams, of Dundalk, was the physician who attended to her case, and we think he deserves credit for the skill he has shown.

Whooping cough is still in the land. The worst cases of it we know of are Florence, daughter of Mr. Arch. Ferguson; and Elsie, youngest child of Mr. Hugh Wilson.

Mr. Geo. Parlow and Mr. Henderson, of Dundalk, have taken the contract of Mr. Scarlett's hotel. It is expected to be a fine building and will be quite an improvement to the appearance of our village.

Mr. Evans, of the Latter Day Saint faith, spent a week in this vicinity during which he preached a number of times, baptising two, and passed on to labor in other parts.

Mr. John Russel has procured the services of Mr. Robt. Parslow, jr., for the incoming summer. We think Mr. Russel is in luck this time, as Robert has the reputation of being a good and faithful laborer as well as a cheerful and agreeable companion.

Mrs. and Mrs. John Wright and family, of Guelph, have been visiting friends in this part.

Mrs. Duncan McMillan is unwell at present.

Best Cure For

All disorders of the Throat and Lungs is Ayer's Cherry Pectoral. It has no equal as a cough-cure.

Bronchitis

"When I was a boy, I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary remedies, but recommended me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take a bad cold, and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."—J. C. Woodson, P.M., Forest Hill, W. Va.

Cough

"For more than twenty-five years, I was a sufferer from lung trouble, attended with coughing so severe at times as to cause hemorrhage, the paroxysms frequently lasting three or four hours. I was induced to try Ayer's Cherry Pectoral, and after taking four bottles, was thoroughly cured."—Franz Hoffman, Clay Centre, Kans.

La Grippe

"Last spring I was taken down with la grippe. At times I was completely prostrated, and so difficult was my breathing that my breast seemed as if confined in an iron cage. I procured a bottle of Ayer's Cherry Pectoral, and no sooner had I begun taking it than relief followed. I could not believe that the effect would be so rapid and the cure so complete."—W. H. Williams, Cook City, S. Dak.
