The Store on the Hill ?

This month we want to give every one a chance to try our TEAS, which, we believe, for strength and flavor, beats anything yet shown. In order to do so we have REDUCED them to the following low figures:

Our 25 cent tea for 23. Our 30 cent tea for 27.

Our 35 cent tea for 33.

2 cents a pound off, not much to look at, but when we tell you that any of those teas are worth fully 5 cents a pound more, it makes a big difference. Try them and be convinced that we are telling the truth. Our groceries are always fresh. Nothing stale kept on the shelves.

HATS. HATS. HATS.

We have just opened 2 cases of imported hats. Newest styles in stiff and soft Felts, Fedoras, Straws etc.

Highest prices paid for Produce.

Fortify Against Cholera.

Now that we are threatened with cholera in Canada, every person should for the sake of their city or country, as well as for themselves, take every precaution against this terrible disease. It is a well-known fact that when the blood is in a healthy state, and the impurities filtered therefrom by the kidneys, the organs nature has provided for the purpose, that there is little fear of this or any other scourge that may come. The spring is the time when all should attend to this important duty, and all are reminded that there is nothing known to medical science that will do the work so effectually as Dodd's Kidney Pills. Every person, sick or well, should take one of these pills in the spring, and thus fortify themselves against disease.
