The Store on the Hill ?

This month we want to give every one a chance to try our TEAS, which, we believe, for strength and flavor, beats anything yet shown. In order to do so we have REDUCED them to the following low figures:

Our 25 cent tea for 23. Our 30 cent tea for 27.
Our 35 cent tea for 33.

2 cents a pound off, not much to look at, but when we tell you that any of those teas are worth fully 5 cents a pound more, it makes a big difference. Try them and be convinced that we are telling the truth. Our groceries are always fresh. Nothing stale kept on the shelves.

HATS. HATS. HATS.

We have just opened 2 cases of imported hats. Newest styles in stiff and soft Felts, Fedoras, Straws etc.

Highest prices paid for Produce.

Priceville.

From our own Correspondent.

The weather lately has certainly been none of the nicest, but yet we have to take it as it comes and the less grumbling we do about it the better for our mental calibre.

Now is the time for one to put a stitch in the harness, fix a broken plow handle, mend that hole in the boot, make a new whiffletree, shape out an axhandle or two, split wood for the summer's use, haul out manure, build fences, draw large stones on the "boat," and one hundred and one other things that an energetic, live, wide-awake man will think of. Many a one lounges around the village inn or the country stores these days under the mistaken notion that there is nothing to do, launching out thundering anathema against weather when perhaps his wife is out in the slush hunting a few chips to boil the kettle.

The following kind, thoughtful, generous, welcome, refreshing invitation to weary-waiting shoppers is posted up in a conspicuous place on a pile of dry goods in one of our leading stores, viz.: "Please lean on this print." Not a bad idea, better than high and rickety stools.

Several barns and stables were unroofed last week during the high winds. Messrs. H. & C. must have suffered severely as not a hair is left on their upper lips.

A successful quilting bee was held at Mr. Marshall's last Friday. In the evening the programme was changed as the artistic tapping to music of numerous feet evidenced.

Mr. J. D. Brown took in an average of 100 dozen eggs a day for eight consecutive days. If the rest of the stores are doing likewise surely the World's Fair will be supplied.

Mr. Herb. Watson has invested in a 2.40 trotter (more or less) and also a brand new Armstrong dog cart. Herb. is busy breaking in his mustang in readiness for the season's work.

Mr. A. McCabe, of Bowmanville, was on a business trip to our burg last week. Mr. John H. Campbell, of Swinton Park, paid a brief visit to friends in this village lately.

Miss Martha King, of Orangeville, is rusticated among friends in this vicinity. Mr. John McArthur reports a jovial time at the gathering of the heads of clans at Guelph lately.

Mr. Hector McLean, who has been residing at the "Soo" during the winter, is home and intends slinging mortar and bricks again this season.

Word has been received from Manitoba that Mr. Thomas Nichol, son of Mr. John Nichol, has been severely injured in the thigh by a kick from a horse.

DIED—On Tuesday, 18th, Annie, eldest daughter of Mr. Neil McDonald, of Glenelg, aged 22 years. We extend to the bereaved family our sincere sympathy.

Rob Roy.

From our own Correspondent.

The farmers of this locality are busy ploughing. Owing to the snow storm we had you could not hear much but their "Get up! whoa-haw-gee."

Miss Bell Brown, who has been living in Toronto for the past two years, is visiting her friends in this part.

Mr. Malcolm Fletcher and Henry Stott, who spent the winter in the lumber woods, have returned home.

The Patrons are going right ahead in this vicinity. Many orders have been sent away. We think that it would be much better if our officers would start an hour earlier in order to let some of our people get lunch over before midnight.

Some of the folks of this part of the country have had a slight attack of measles. Glad to know they are on the mend.

Mr. Edward Fletcher and Mr. Angus Cameron have had their dogs poisoned a short time ago. Mr. Cameron's recovered but Mr. Fletcher's passed to the "happy hunting grounds."

Mr. A. Mullin has gone up to the old

homestead to farm. We think there is more than farming in his head.

Mr. John Hawton got his good old dog shot last week. It is rather a hard spring on pups.

The prayer meetings of this part are being well attended. Much good is the result.

Epping.

From our own Correspondent.

The Spring has come, the cricket singeth, and to its nest the wee bird wingeth.

Those are not original lines, Mr. Editor. We never indulge in the pastime of writing poetry myself. It is a quotation. Besides we are not positive that spring has really come, but it is time it had. The latter part of last week was cold, wet and windy. No damage was done here by the wind, but it is reported that it played havoc with some buildings to the northwest of us.

The Methodist Sabbath school has been reorganized, and was opened last Sunday. There was a fairly good attendance considering the state of the weather and the roads.

Rev. R. Strachan, formerly pastor of this circuit, spent a few days last week calling on old friends.

Flesherton Station.

By Our Reporter.

Mrs. Louis Yirst and son drove to Allan Park last Sunday to attend the funeral of her mother. Mrs. Yirst is still in that vicinity visiting with her friends.

Another of those interesting events in the shape of a wedding is taking place to-day. The contracting parties are Mr. Alf. Harrison and Miss Bella Stewart. We wish them many happy days.

Mr. Andrew Gilchrist is starting this spring to work the new farm he purchased from Mr. D. Muir. Coming events cast their shadows before. We are expecting Andrew to break the monotony of the village by giving us another of those very interesting events.

We are proud to chronicle the success our school is attaining this term. Mr. Campbell, inspector, paid our school an official visit a few days ago and he reports our teacher, for her experience, to be unequalled by any other in his charge. Congratulations, Miss Johnson.

Quite a reaction has set in around our village. A rest has succeeded the booming winter trade. The grain market is about closed and farmers around are looking very blue over the bad weather. Altogether our station presents quite a forlorn appearance.

Mr. H. Piper is making preparations for the erection of a new residence which will add greatly to the appearance of that line.

Mr. Archie McMullen is also adding the improvement of a new verandah to his dwelling.

Mr. Geo. McFarland has had a very sick horse during the last few days but under the skilful treatment of Mr. Ottewell he now seems to be improving.

The Cremore Star is threatened with a libel suit.

Archibald McPhedran, a resident of the fifth concession Nassagaweya, committed suicide on Sunday forenoon by cutting his throat with a razor. He was found dead in his barn with his throat cut. The wound was in the jugular. Evidently he had attempted to stop the bleeding by filling the wound with pea straw. It appears that McPhedran has been somewhat demented for some time past, and it is stated that this was the fifth attempt that he had made to take his life, by poison, drowning and other methods. This is the same man who was tarred and feathered two or three years ago for abusing his wife, and he has never been well since. The cause of his death is due, to a certain extent, it is said, to his intemperate habits. He leaves a wife and two girls, aged about two and three years old. Deceased was married in Orangeville.
