Yours truly,  
W. JACKSON.

## The Store on the Hill ?

This month we want to give every one a chance to try our TEAS, which we believe, for strength and flavor, beats anything yet shown. In order to do so we have REDUCED them to the following low figures:

Our 25 cent tea for 23. Our 30 cent tea for 27.  
Our 35 cent tea for 33.

2 cents a pound off, not much to look at, but when we tell you that any of those teas are worth fully 5 cents a pound more, it makes a big difference. Try them and be convinced that we are telling the truth. Our groceries are always fresh. Nothing stale kept on the shelves.

HATS. HATS. HATS.

We have just opened 2 cases of imported hats. Newest styles in stiff and soft Felts, Fedoras, Straws etc.

Highest prices paid for Produce.

B. G. Evans.

### Eugenia

From our own Correspondent.

Farmers are beginning to feel down-hearted at the cold, backward spring, as a late spring generally is the forerunner of a late harvest. But Providence is a rich provider and one thing is sure, whatever comes is for our good, as every blade of grass has its own drop of dew.

Mr. Samuel Pedlar, sr., is very poorly at present.

Mrs. Meldrum has been very sick for some time with an attack of sciatic rheumatism.

The veneer factory is getting a larger boiler put in, also some additions to its machinery. It is doing splendid work.

The Ladies Aid of the Presbyterian Church intend holding a garden party at Eugenia on the afternoon and evening of the twenty-fourth. They extend a cordial invitation to all, as a good time is expected.

Mr. Richard Hoy, of the Morey Corner, is now able to be around again after his very severe attack of inflammation of the lungs. Himself and wife had the sympathy of all the community in the sad loss by death of their oldest boy, a fine little fellow of thirteen years of age, who was called away so suddenly in four days sickness with inflammation of the lungs.

Mr. Joseph Fenwick is preparing to put up a fine frame barn this summer.

Mr. Plant contemplates putting up a barn this season. So does Mr. Walker.

There is some talk of a paper mill being started at the Falls right below the grist mill.

The young men have organized their foot ball club. I think our boys will be able to show up among any of the crack teams around this part of the country.

Mr. Jake Williams is hammering away at the anvil early and late. He must have some serious intentions or he would not work so hard. He don't prefer a bachelor's life.

Miss Minnie Carr went to the city some time ago. She intends spending the summer there.

Mrs. William Wilson has been very sick from ulcerated teeth. She was threatened with lock-jaw from the effects of them.

Mrs. Rutherford has been very poorly. She is now getting better.

The Lovers' Walk at the falls is well patronized by our young people. They declare an evening walk the next best thing to a taffy party.

### Priceville.

From our own Correspondent.

Notwithstanding the cold weather of late the beautiful little Hepatica (Acuitoba) has made its appearance. Botanists will now be in their glory.

The fish "caught" in earnest last Monday, for ere old "Sol" had tinged the mental skies a goodly number of amateur and professional fishermen were getting hooks and rods in readiness and at the grey dawn were seen wending their way to the banks of the river to indulge in that patience-trying avocation. Quite a number of speckled beauties were landed. Little Donnie Tyron was one of the first to try his luck and succeeded in hooking one that tipped the scales at 12 ozs. Not so bad for a 7 year old youngster.

H. is getting his pony down to something like speed. Nearly every day he may be seen perched in his superb Armstrong cart handling the ribbons in a style that would make a professional jockey grow green with envy.

The boys of our P. S. have an eye to business. They have taken the job of piling the wood in the shed and intend purchasing a foot-ball with the proceeds. Look out for challenges.

Mr. and Mrs. Mortimer, of Shelburne, were staying in the village for a few days last week on business relating to the estate of the late Donald McLean.

Mrs. Moorhead left for Cleveland last week to visit her daughter Mrs. L. Grether.

Dr. Black, late of Port Elgin, is visit-

ing friends in this vicinity. The Doctor used to wield the "birch" in our P. S. in days gone by.

Mrs. Robertson is visiting friends in Uncle Sam's domains at present.

Mrs. Geo. Moore, of Inistoge, paid a visit lately to her sister, Mrs. James Watson.

Mrs. Salter, of Toronto, is staying with her sister, Mrs. Steele, at present.

Miss Minnie Brander, M. D. C. M., is home from the Woman's Medical College, Toronto, where she has successfully passed her final exam. with first class honors in several subjects. We congratulate Miss B. on her success in the foregoing Institution and in bringing honor to our little hillside burg.

Miss Ella and Master Frank Husband spent Sunday with their parents. Frank has quite a business appearance.

[Note.—The above correspondence was held over from last week, but will all be interesting nevertheless. Ed.]

Our ample school grounds presented a busy scene on Arbor day. The pupils worked like Trojans in cleaning up the yard, planting trees, etc.

Laver Hutton, of Bolton, was visiting at Dr. Huttons for a day or two last week.

Mr. and Mrs. Robert Watson of Walter's Falls, were the guests of Squire Ferguson for a few days lately. R. W. reports business as booming at the Falls.

The regular quarterly services of the Methodist church for the Priceville circuit, were held here last Sunday.

### Maxwell.

From our own Correspondent.

Mr. Andrew Potts left for Collingwood last Wednesday.

House-cleaning is now the order of the day.

Mr. Brown is plastering the kitchen at the hotel.

School Inspector Campbell visited our school on Friday last and reported everything in good shape. He, as usual, gave our teacher much praise for good order, also for the clear and forcible manner in which the children answer.

Miss Aggie Strachan is spending a few days at Wareham.

Mr. Richard Preston spent a few days at home lately.

Mr. C. M. Field is around again.

Mr. Strachan and Alex. are around seeing their many customers again.

Arbor day was not observed on last Friday on account of the mud, but will be soon.

Miss Lottie Kerton returned to Flesherton last week.

### McIntyre.

From our own Correspondent.

Spring work is now rapidly progressing. We hope for a continuation of the fine weather of this week.

The school dispute referred to in last week's letter has been satisfactorily settled by Inspector Campbell on Thursday last. Upon investigation it was found that the charges preferred against the teacher were mere children's stories and lacked any confirmation, and other charges were found to have been made without consideration and were also groundless. Mr. Hamilton willingly makes a public apology to Miss Inkster, having been thoroughly convinced that he was in the wrong. Mr. Campbell examined the school while here and expressed himself as being well pleased with the standard of the school, and although the usual tranquility had been disturbed he hoped that matters would progress as before. He informed the trustees and ratepayers present that the educational standard, the neatness and cleanliness of the school and the school discipline were equal to, and in fact superior in many respects to other schools in the county.

We are pleased to report that Miss Minnie Cameron is rapidly improving in Toronto and is now able to leave the hospital and hope soon to see her at home again.
