

THE FLESHERTON PHOTOGRAPH GALLERY

Is fully equipped with requisites for turning out a perfect class of work. All kinds of pictures taken and finished in a style equal to any city work, while the prices are lower.

Picture Framing done in all its branches.

If you have shopping to do and pictures to get taken on the same day please attend to the latter first. Careful attention will be given to copying other pictures.

Mrs. Bulmer.

Good News TO MANY

I desire to call the attention of the public to the fact that I have opened

A General Repair Shop

In connection with the Flesherton Woolen Mill, and am prepared to do all kinds of

Iron and Wood Turning

Good workmanship guaranteed.

Soliciting your orders, I remain respectfully,

W. MOORE.
Flesherton, Jan. 24, 1893.

DR. HARTE'S CELERY IRON PILLS.
NUTRITIVE, TONIC, NERVE RESTORING

Sciatica, gout, rheumatism; these symptoms indicate lack of tone, impure blood, caused by broken down nerve centres. The effect of a single box of Celery Iron Pills in all such cases is remarkable. No remedy has ever so promptly given relief. Druggists and dealers, or mail. Price 50 cts., six for \$2.50. The Celery Pill Co., Toronto, Ont.

Dr. Harte's Celery Iron Pills.

The active principle of the several elements most essential to the healthy maintenance of life, is presented in these pills, in the most highly concentrated form attainable—elements which have intimate relations with every fluid and solid of the body, but in far greater measure having to do with that subtle energy centered in the nervous system.

The causes which undo us are extremely few, but the symptoms, called diseases, and which are the results of these causes, are many. These symptoms are as various as the constitution, and the inherited or accidental tendency of the individual affected. But what matters the name of these effects if we are able to reach and control the cause?

Of all causes of disease and suffering, the chief is faulty nutrition, and this, not because people do not eat enough, but rather because of the failure of the organs to properly make use of what is eaten. This failure to act, again, is not the fault of weakness in the organs of assimilation or purification, such as the stomach, liver, and kidneys, as was long improperly supposed. It is rather the absence of power in the nerve centres which regulate these organs. Thence has arisen an entirely new treatment consisting of restorative foods for the nervous system.

The motive forces controlling and moving all the organs of the body into healthy actions are stored in the delicate tissues, or cells of ganglia, or nerve centres. These are composed of the finer, the infinitely attenuated matter, akin to the spirit of the foods we partake of generally better understood, when we say nerve food, such as the extraordinary Nerve qualities contained in Celery, the quintessence of which enters into the composition of these Pills.

The discoveries of the chemist as well as the experience of the Physician, have established the fact that healthy life is impossible when certain elements are absent from the blood. Certain forms of Iron have specific action on the red corpuscles and a continued course of their use increases richness and purity of the blood. Iron is therefore prescribed in the recovery from acute diseases, fevers, malaria, and all forms of debility. Tone, vigor, or elasticity either of mind or body, depends upon the Oxygenization of the blood, and varies with it because Oxygen is essential to every mental or bodily function.

Oxygen is the fuel and must be ever present in abundance, to run the machinery of the body at a uniform speed. When great strain has occurred and the store is drawn upon too rapidly the importance of rebuilding and restoring is evident.

The achievement of absolute harmony of essential elements has been reached in DR. HARTE'S CELERY IRON PILLS. We have effected a happy combination of NERVE NUTRITIVES and TONICS forming a perfect nerve food as easily assimilable by the delicate child, the debilitated invalid, as by the athlete in training for a race requiring super-human effort.

To sum up the arguments in favor of the adoption of this simple economic, and common sense treatment for the effects of care, worry, overwork and the mistakes of life, we make the following claims for CELERY IRON PILLS:—

1. They are a nerve restoring, blood enriching, tissue building, vital food, in its simplest and most convenient form.
2. They may justly rank as a new discovery, combining the most essential elements of nervous force.
3. They impart new strength, life, and hope when all else has failed.
4. They make rich healthy and pure blood, and move all the torpid organs to renewed duties.
5. Their effects are so prompt, that a single trial is the most convincing argument in their favor.
6. They are akin to forgiveness to all these who have sinned against the laws of health by over-work or excess.
7. They will not tempt those made weak by alcohol or opium, for they do not contain either in any form.
8. They are the "friend in time of need" when nature is tried, and all the organs are sluggish.
9. They purify the blood, clarify the skin, and smooth away the wrinkles of care and suffering.
10. They combine in a vest pocket form all that is valuable in the world-renowned mineral waters of the Spa, Baden-Baden, Vichy, and Carlsbad.

Finally:—They invite the competition of imitations, counterfeits, and preparations claiming to be "just as good."—the surest admission of their claims upon confidence. Our friends will confer a favor by notifying us of any attempt to substitute any other preparation when this is asked for.

CELERY IRON PILLS are designed to meet the few causes which result in different persons, under varied circumstances in such symptoms as apathy, despondency, anxiety, loss of will power, loss of memory, dimness of vision, hysteria and all forms of diminished nerve power as affecting the mind:—Nausea, vomiting, weak stomach, loathing of food, biliousness, headache, neuralgia, constipation, dyspepsia, heart-burn and all forms of torpid action of the organs of nutrition indicating lack of tone or vigor in the system:—Sleeplessness, restlessness, nightmare, starting in sleep, enervation, tired feeling, and the whole train of conditions varying in persons. Kidney troubles, heart-failure, and all the minor symptoms presented at different stages of these diseases. Nervous debility, and general debility. The least infirmed person can see at a glance that all these diseases are symptoms of almost a single cause, nervous prostration, to which CELERY IRON PILLS are adapted

from their very nature as a nerve food. DR. HARTE'S CELERY IRON PILLS are put up in a neat Metallic case, thus perfectly protecting them from dampness or other causes of deterioration. These cases also perfectly adapt them to be carried on the person so that, regularity of taking is insured no matter what the occupation.

Directions.—These pills have their best effect if taken immediately after meals, as they are then dissolved, and pass into the intestines, are absorbed, and carried into the circulation promptly. For children retiring soon after the evening meal, a single pill every night will soon correct all causes of anxiety in the worst cases of excitation and malnutrition. We advise the persistent, steady use of these pills in doses of one pill after each meal for adults in preference to large doses irregularly, which is an irrational use of such a medicine. It requires only time and gentle aid to rebuild the nervous system.

Especially to any subject of a truly remarkable cure, we desire to say that, we shall be obliged if the same is promptly reported to us with permission to publish for the sake of other sufferers.

Sold by all Druggists and dealers or by mail. Price, 50 cts., six boxes for \$2.50. THE CELERY PILL CO., Toronto, Ont.

The new marine hospital will be opened at Owen Sound on Wednesday, June 1st. A number of government officials and M. P.'s will attend.
