"It has cured others and will cure you" is true only of Ayer's Sarsaparilla. The motto suits the medicine and the medicine the motto. What better assurance could you have that a remedy will cure you, than the fact that it has cured such multitudes of others.

Mills Burned.
The Wareham roller flouring mills were burned to the ground on Sunday morning. These mills were owned by Mr. George Wright, and consisted of a stone and frame building. Mr Wright placed rollers in the frame addition about four years ago. The fire is said to have started from a heated pulley and cotton belt. Insurance \$4000.

People who continually borrow The Advance from their neighbors will do themselves as well as their neighbors a good turn if they subscribe for themselves. People do not like to refuse the loan of a paper to a friend, but if persisted in, the action breeds a dislike, which a dollar a year would go a long way to remove. The man who borrows his neighbor's newspapers is not a welcome caller.

Truly The Advance sympathizes with Bro. Fawcett of the Streetsville Review. He lamentably remarks that the sidewalks there "are sometimes in such a filthy condition, from the droppings of roaming bovines, that people take to the middle of the road to escape the filthy mess. We have no pound-keeper and our pound lies idle. We have no constable and the turbulent element of the place does as it pleases." If Streetsville keeps on like this it will be necessary to send our Canadian Oliver Goldsmith to write up another "Deserted Village." But we trust, with the Review's vigorous poking, that things will improve.

Should be Crushed.
People who have occasion to visit Eugenia on a Sunday must be painfully impressed with the fact that liquor is dispensed with a lavish hand by someone on that day. In fact it is alleged that more liquor is sold there on that day than during all the rest of the week put together. Now, do the people of Eugenia propose to stand idly by and permit this infraction of the law to proceed without check? It was allowed to go on last summer with no protest whatever, but the thing is becoming worse and worse, to the disgust of respectable residents, and it is time the offender was brought up with a tight rein. Young men have visited the place in company with young women, got drunk, raced horses, and what might have been very serious accidents have occurred. Will the good people of Eugenia not awake to their peril and crush out this evil?

An item in Saturday's Globe informs us that Andrew Graham, a member of No. 6 Co., now in camp at Niagara, was painfully injured on Friday, while marking at the butts. A splinter from a bullet struck him in the eye. Sergt. J. Weber, a relative, accompanied him to the Toronto hospital, where he now is. It will be two or three weeks before the young man can be removed, and it is expected that he will lose the use of his injured eye.

A later despatch announces that the young man has lost the sight of the eye. An examination into the accident has been held, resulting in the finding that there was no carelessness in the matter, but that the fault lay in the butts, which were of the obsolete iron pattern. It is thought that Private Graham has a good claim for compensation from the government.

Obituary
Mrs. Ruth A. Hadley, of Eugenia, died on Saturday last at the residence of her sister, Mrs. J. M. Thurston, Kimberley, after a long and very painful illness, in her 75th year. Mrs. Hadley was born at Elizabethtown, near Brockville, of U. E. Loyalist stock, and married Nathaniel Hadley, who removed with her to Lindsay, where they lived for a few years, and then took up their abode in Meaford, where they remained until the death of Mr. Hadley about twenty-five years ago.

The Purdys and Hadleys were pioneers of the town of Meaford. After her husband's death, Mrs. Hadley took up her residence at Eugenia, where she remained until the fatal illness necessitated her removal to where she might receive the necessary care. Her only surviving child, Mrs. W. O. Robinson, of Dakota, has been with her during her last weeks on earth, ministering to her wants as only a daughter could. The funeral, which took place to Flesherton cemetery on Monday last, was a very large one, showing the general respect in which she was held. She was an exemplary life-long christian, never missing an opportunity of saying a word for the Master, and her works live after her. Plain, unostentatious, a vigorous mind, a stern, uncompromising attitude against sin in every form, these were her good attributes. She was full of years, her life work was finished, and she is now at rest. Her surviving sister and brothers are Mrs. J. M. Thurston, Dr. Purdy, R. McLean Purdy, and Wm. Purdy.

(Clipped from Advocate, Greenville, Ark., Feb. 2, 1893.)

For 27 years the ADVOCATE has published advertisements of various patent medicines, many of which were exceptionally good remedies for the diseases and ills for which they were recommended.

But we have not yet heard as good report of any as we have of the Great South American Nervine Tonic, a large advertisement of which we publish on our second page.

A lady subscriber in Louisville, Ky., wrote us some time ago asking to have Mr. Stewart, the druggist here, to send her a bottle for her husband. In a short time she wrote again ordering two more bottles and said it was doing her husband good. A few days since, meeting one of our principal merchants who had been in bad health many months, we asked him how he was getting on: He said he was getting better every day, that he had found a patent medicine that he had taken several bottles of it and was going to continue it, for he says he would not take a thousand dollars for the good it has already done him.

Inquiring what kind of medicine it was, he told me it was the South American Nervine Tonic.

Hearing so much about this great remedy we interviewed Mr. Stewart, and he tells us that he can scarcely keep a supply on hand as it sells as fast as he can get it, and all those who use it speak in the highest praise of it. He says he has sent it to Advocate subscribers in Florida, Kentucky, North Albany, and other places.

This is no paid notice, we publish it simply as a tribute to a deserving remedy, and if it is doing good we are glad that it is in the reach of our sick and suffering people.
