X ———— 0 ———— X

We claim to have the best general Boot and Shoe Department in town. We don't keep the \$4.00 kid boots, or the 50c. splits, which are no good, but we do keep the stock most suitable for the changeable climate of this section. Come along and bring your butter and eggs, will give you highest price and noble weight.

The Store on the Hill?

B. G. Evans.

Hepeville.

From our own Correspondent.

Mrs. Robt. Black died very suddenly on Friday the 11th ult. She was a native of Ayrshire, Scotland. About 35 years ago she and her husband came to this country and settled in Proton in its forest days. She was generally healthy until she took La Grippe, from the dregs of which she took heart disease and dropsy. She had been confined to bed for a few days some time ago but was seemingly getting much better and on the morning of her decease she arose early and did some work and seemed to feel as well as usual. About 8.30 a. m., her daughter, Mrs. Hoper, wishing to see her went to hunt for her and found her in an out building dead. The sight gave her such a shock that when she ran to call her father and husband she fainted before she could tell them what was the matter. Mrs. Black leaves a husband and six of a family to mourn her departure. Her remains were interred in St Andrew's church graveyard to which they were followed by an immense funeral procession, Rev. John Morrison, of Cederville, having charge of the funeral services. She was 67 years of age. The friends have the sympathy of the community in their sad bereavement, this being also the first break made by death in the family.

Harvest is the order of the day. Some of the farmers are complaining about the rust on the grain, which it seems is very bad on some grain this year.

Mrs. Robt. Kinuel is still very poorly. Mr. and Mrs. N. Briggs, and Miss Ida McDonald, of Hamilton, paid a brief visit to Mr. and Mrs. McDonald, the parents of the young ladies. Their brother Robbie went with them on their return to Hamilton. He has had a severe attack of throat trouble which the physicians pronounce diphtheria, from the effects of which he has not entirely recovered yet. Master George and Miss Daisy Young, of St Thomas, are the guests of Mr. and Mrs. McDonald during the vacation. They seem to enjoy the country, as also their friends enjoy their lively company.

Eugenia.

From our own Correspondent.

The welcome showers of the week have done a great deal of good to the pastures, which were completely dried up. The root crop is going to be a poor one this year, as late potatoes and turnips have suffered greatly from the drought. Farmers are complaining that the grasshoppers are eating their oats. They climb up the stalk and bite off the grain. The horn-fly is very troublesome on cattle this season. They seem to be a pest almost as bad as the potato bug.

The Hoop and Veneer factory is not doing much work at present. Mr. Bennett has been away on business, but it is to be started quite brisk when he returns.

Mr. Samuel Pedlar is very poorly at present.

Captain Edwin Pedlar, of the S. A., is visiting his parents.

Mrs. James Purvis, of Toronto, is visiting her friends here for a couple of weeks.

Mrs. Madden, of Laurel, has been visiting her sister, Mrs. Adam Smith, of Eugenia.

Miss Samantha Watts, daughter of the Rev. Mr. Watts, formerly of Eugenia, is visiting her numerous friends around here at present.

Mr. John Linton and wife, of Parry Sound, paid a short visit to his parents.

Mr. Johnston has returned, hale and hearty, after his vacation. He received a very warm welcome from his scholars, also from his many friends around Eugenia, as he has become quite a favorite since he came here to teach.

Some of our boys are complaining about the bad roads from here to Flesherton. They say it is not safe driving on them after dark. Better get electricity put up, as their business is urgent.

Kimberley.

From our own Correspondent.

We have been visited lately by some showers of rain which have helped things forward.

Mr. J. R. Fawcett has finished erecting the school fence which gives the grounds an improved appearance. Now if they would apply some paint in the school house it would add still more.

Mr. A. B. Bell, miller and merchant of this town, is a go-ahead business man. In order to keep abreast of the times, he has bought a carload of Manitoba wheat, and will now be able to give us a grade of flour equal to any made in the country.

Mr. Bell had a bee on Saturday drawing his wheat from the station, eleven teams forming the procession.

Kimberley is becoming a favorite resort for tourists, and the Travellers Home is well patronized.

The school was reopened Monday and after such a long vacation we expect to see great progress made in all the various classes.

Epping.

From our own Correspondent.

Harvesting is progressing fairly in this vicinity. We have had splendid harvest weather for the last fortnight and are enjoying pleasant "liveable" weather just now. Root and late grain crops are suffering from the heat and a lack of rain.

Some of the farmers around Epping are threshing, fall wheat and clover principally. A fairly good yield is reported.

Mr. John Eaton considers himself a rather unfortunate man at present, having within the last fortnight lost six head of cattle. Two of them fell, one into a well the other down a steep embankment, each breaking its neck. The other four died rather mysteriously, either from poison or some hidden disease.

Mrs. S. Watt and daughter, of Meaford, visited at Mr. S. McKnight's last week.

Miss Mattie Gilray who has charge of our academy of learning, spent her holidays at Harriston. Misses Alice and Polly Gilray spent holidays at the parental home.

Miss Annie Douglas, of Galt, is spending a few weeks visiting her grandparents. Mr. and Mrs. G. Mathewson, and other friends about here.

We congratulate Miss Maggie Black upon having obtained a third class certificate at the recent examinations.

Fires.

CHATSWORTH, ONT., Aug. 18.—Between 2 and 3 o'clock this morning fire was discovered issuing from the stables of Harris' hotel better known as the Somers house. The hotel, with outbuildings, was totally destroyed, but the contents were mostly saved. Partially covered by insurance. The cause of the fire is a mystery.

CHATSWORTH, ONT., Aug. 18.—Yesterday morning the woollen mill at Williamsford, Ont., was totally destroyed by fire, which originated upstairs in the picking room. The mill was owned by A. S. Elliott, of Chesley, and was rented by Mr. Charles Kennedy. Insurance unknown.

Priceville.

From our own Correspondent.

School re-opened last Monday.

Misses Irwin and Frost, of Markdale and Owen Sound respectively, were the guests of Miss James, last week.

Mr. and Mrs. Robinson, of Palmerston, are spending a few days with the Rev. Mr. Hartley.

Miss Jane Wright, and her niece Norma Tuck, returned to Orillia last week after a pleasant sojourn among friends in the village.

Mr. Frank Husband, of Flesherton, paid our hillside burg a short visit lately.

Miss Maggie Derby, of Durham, was the guest of Miss Maggie McDonald last week. We congratulate Miss D. on her success in passing the Junior Leaving exam. at O. S.

Mr. Niel McCannel, teacher of Boothville P. S., paid a visit to W. J. Blakesley last week.
