Ayer's Sarsaparilla is one of the few remedies which are recommended by every school of medicine. Its strength, purity, and efficiency are too well established to admit of doubt as to its superiority over all other blood purifiers whatever. Ayer's Sarsaparilla leads all.

Ducky was Ducked.
A young Flesherton gentleman took a young lady out for a row on Flesher's pond on Monday evening. They sailed Gaily away for a short time, but, through some unfortunate movement the lady was pitched out into the chilly water. The young gentleman, of course, could not a-Ford to see her drown before his eyes, and gallantly jumped overboard to the rescue, successfully bringing his precious burden to land. The accident is a profound secret. Our readers will please refrain from giving it away!

Keep your eye on the newspaper and see which of your merchants want your custom and are sufficiently courteous to invite you to call. There is much more in advertising than you think. It is not only to tell you of his goods that a merchant advertises, but it is to invite the people who read—the thinking and intelligent—to pay him a visit, and judge for themselves as to the quality and price of what he offers for sale. People read the advertisements. Don't make a mistake about that. They are just as much interested in knowing where to buy to advantage as the advertiser is in selling his goods.

Dr. Scott, of Maxwell, places his card in this issue. The Dr. has lately spent a regular course in the Chicago post-graduate medical school and hospital, an institution solely for instructing physicians who have been engaged in practice, where they have access to a large amount of hospital material. He also gave special attention to diseases of the eye, ear, nose and throat, visiting daily the Illinois eye and ear hospital, where there are from 100 to 150 patients every day, also the Columbian hospital, with its 100 patients. He was granted a diploma for proficiency in treating these subjects.

Obituary.
On Sunday last still one more of Artemesia's pioneers dropped out of the ranks. Mr. Roger Lever, who has lived near this village for the past forty years, was attacked by the fatal illness some weeks ago, and gradually sank until at 12 o'clock on Sunday he breathed his last. Mr. Lever was born in Philadelphia soon after his parents arrived there from Bolton-le-moor, Lancashire, England, coming with them to Toronto in its early days. Mr. Lever's father was the second Methodist who set foot in Toronto, afterwards removing to Weston, where he remained until his death. Mr. Roger Lever, the subject of this sketch, was twice married but had no issue by the first wife. By his second wife, who was a Miss Holley, he leaves a large family to mourn his loss. He was a successful accumulator of this world's goods, and leaves his widow and children in comfortable circumstances. The funeral took place on Tuesday to Flesherton cemetery, and was attended by a large concourse of people.

Fires at the Sound.

OWEN SOUND, Sept. 3.—Yesterday afternoon the barn and contents, owned by Mr. Ormiston, St. Vincent road, were destroyed by fire. The origin is unknown.

Fire broke out last night at about 12 o'clock in the establishment of G. Eberle & Co., gents' furnishings and tailoring, Poulette street, badly damaging the stock. The loss is estimated at about \$6,000; covered by insurance.

The platform at the C. P. R. depot caught fire this afternoon, but was extinguished before much damage was done. It is supposed to have started from a lighted cigar being thrown under the planks.

The Elliott Case.

BRANTFORD, Sept. 4.—Many citizens of this city are willing to vouch for the truth of Frank Elliott's statement that he was

cured of kidney disease of six year's standing by the use of Dodd's kidney pills. Everyone is astonished at the rapidity and thoroughness with which these pills do their work. As one who had tried them says: "A man feels, after using them, as though he had never enjoyed life before." The Rymal case in which a paralytic was cured by Dodd's kidney pills, opened the eyes of the people in this vicinity to the virtues of this remedy.

Had given up all hopes of getting well. Had tried three doctors with no relief. The first bottle of the Nervine Tonic improved me so much that I was able to walk about, and a few bottles cured me entirely. I believe it the best medicine in the world.
