A Little Daughter

Of a Church of England minister cured of a distressing rash, by Ayer's Sarsaparilla. Mr. RICHARD BIRKS, the well-known Druggist, 207 McGill st., Montreal, P. Q., says:

I have sold Ayer's Family Medicines for 40 years, and have heard nothing but good said of them. I know of many

Wonderful Cures

performed by Ayer's Sarsaparilla, one in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a red and exceedingly troublesome rash, from which she had suffered for two or three years, in spite of the best medical treatment available. Her father was in great distress about the case, and, at my recommendation, at last began to administer Ayer's Sarsaparilla, two bottles of which effected a complete cure, much to her relief and her father's delight. I am sure, were he here to-day, he would testify in the strongest terms as to the merits of

As we were perched on our chair beside the stove watching the last of our wood turning into ashes and pondering over in our mind what we should do for a fire, and considering whether we should start and cut up the furniture, who should drop into our sanctum but ye Editor and a short conversation with him warmed us so that we forgot that our fire was out. Call again, Mr. Editor.

We have been informed that the whooping-cough is in town. Mr. Baker, of the Clarksburg Reflector, was in town on Saturday.

Mr. Geo. Graham has built a slide from the summit of the rock on the east side of this village over which he sends his logs which he is cutting on the top of the mountain, and they (that is the logs) come down there without losing any time.

The Orangemen in this place are flourishing. They have been adding a great many members lately and they propose holding a soiree soon.

The Presbyterian S. S. anniversary on Tuesday evening the 16th, was a decided success in every particular. Although the weather was somewhat inauspicious there was a large attendance. The program was excellent, especially the musical part of it. The singing by the children and the choir is a credit to the community and a tangible evidence that we have good musical talent here. Mrs. Dr. Hutton presided at the organ in her usual artistic style. The Rev. Mr. Wells delivered a practical address on "How to make S. S. work a success." The three points emphasized by the Rev. gentleman were regularity, regularity and a thorough preparation of the lessons by all. One of the pleasantest features of the evening was the distribution of a number of prizes to the children. The program was brought to a fitting close by presenting Mrs. Dr. Hutton, to her great surprise, with a well worded address accompanied by a very beautiful jewel case, as a token of appreciation by the S. S., for the valuable services rendered by Mrs. Hutton in S. S. work during the past year. Dr. Hutton in behalf of Mrs. Hutton made a very feeling reply. Our genial townsman Mr. John McArthur occupied the seat of honor. Proceeds over \$40.

On Friday evening the 19th, a very successful tea-meeting was held in the Methodist church. The building was comfortably filled notwithstanding the slippery roads. An interesting program was rendered and appreciated by all. The Flesherton choir very kindly furnished most excellent music for the occasion. The Rev. Mr. McLeod gave a humorous and practical address on "How to raise money for church purposes." The success of the entertainment was largely due to the chairman, Rev. Mr. Rupert, who seems to have at his command an inexhaustible fund of helpful and suitable anecdotes, stories, etc. Proceeds over \$31.00.

Mr. Thos. Boland, of Markdale, occupied the pulpit of the Methodist church last Sunday. We are glad to state that the Rev. Mr. Hartley will soon be able to attend to his work again.

Our spacious mill-pond for the last few days has been one vast sheet of shimmering ice, to the tremendous delight of the juveniles and we may add, of the older members as well. The merry laugh of the happy boys and girls, as they go skimming over the beautiful handiwork of Jack Frost, is mingled with the excited shout of "Sweep her up John" of the jolly curlers, as they send their circular pieces of granite or marble twirling gracefully toward the goal. Last Saturday, as the wind was sweeping down the river, the boys improvised an old blanket into a sail and came sliding down the pond, ice-boat fashion, presenting a very amusing and novel sight.

Hotel Inspector Campbell, of Thorn-

bury, paid a visit to the Priceville hostelry last week and no doubt found everything according to regulations in both houses.

Mr. Robt. Morehead left for Cleveland and Miss Minnie Morehead for Toronto last Wednesday.

Mr. Wm. Geo. Watson of Walter's Falls paid a brief visit to his parental home this week.

The Patrons of this village intend holding an open lodge on Friday (to-morrow) evening. We understand there is a good program in readiness for the occasion.

Quite a number of our young people took a pleasure drive out to Glenelg a few days ago and spent an enjoyable time at the home of Mr. Q. Lawrence in dancing etc. and report having enjoyed it immensely.

A number of friends and neighbors joined in a wood bee in the woods of Mr. Peter McMurdo, and succeeded in getting a nice lot of wood out, which will help to temper the chill blasts of winter.

The evening was spent in games and other amusement.

Miss Thompson, of Allendale, is visiting her aunt McLean.

A parlor social was given on Friday, Jan. 12th, by Mrs. John McMurdo for the benefit of the L. D. S. church. The social was a decided success and the programme all that could be desired.

There is much sickness in this neighborhood and a number have been called to pass into the great beyond. La Grippe is busy and his victims are not a few.
