Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences. Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Harris, Tenn., says:

"Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

No Better Medicine,

and have induced many to use it. "Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 89 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 216 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.

AYER'S PILLS

Eugenia.

From a special correspondent.

The two great events of the week are over, viz—the great international fistic encounter at Jacksonville, U.S. and the Patron neck-tie social held in this picturesque city. James J. Corbett bore off the championship of pugilism for the spread eagle Republic, but Britannia still rules the waves. The Eugeniates and I expect all British subjects do not begrudge the Republic to the south this doubtful honor.

The Patron meeting was a social and pleasant gathering and financially a gratifying success. Every one was treated to that delicious eatable the "candy", besides being rewarded with a beautiful neck-tie. It was intended to be both pleasurable and profitable hence when the candies were disposed of and the peculiar loveliness of each neck-tie was examined the audience settled down to the programme which consisted of vocal and instrumental music, dialogues and speech making, all of which redounded to the credit of those who participated.

Some might take exception to a portion of the matters of the speakers, while they announced their entire independence and disclaimed being in any way bound or influenced by party ties, yet they showed (one in particular) considerable anxiety to condone the political offences of Oliver Mowat. They were Patrons pure and simple, yet they could not brook a reference to the salary of the Grit Premier at Toronto. They are Patrons. What for? To infer from their attitude it is to rid the "motes out of one party and retain the beams" of the party to which they formerly adhered.

Have they digested the Patron platform? It seems so as they assume to speak for that important body. Well then, does not the platform lay down that county officials should be chosen by the County Council? The very reverse of this is true in the Mowat administration. There is really an army of officials when we include all grades, all active political partisans, their services being voluntarily secured, and their contributions to an election gladly received at election times. Is Mowat not selfish in retaining this immense patronage and is it not a powerful factor in holding him in office? I do not object to these men giving their services to the party that has helped them so much but I do contend that the people are to blame in allowing themselves to be impoverished for the aggrandizement of a few. The people pay annually nearly \$300,000 for registration alone. Is this not an enormous amount to pay for such a small department of the public service? There are hundreds of other grievances some greater and some less, which, with your permission, I shall refer to occasionally, but let me say this, if they wish to become a power and eradicate the evils of the body politic, they must break away from old political proclivities, stand fast to their organization and true to the principles which they advocate.

If the members of this body do not tread entirely loose from the old parties but begin to excuse the sins of any administration, most assuredly, that is the rock upon which they will split.

There has been considerable illness in our community lately but we are glad to announce that all are recovering. The Grip has lost its grip and consequently they will soon be all hearty again.

The mill is rushing business and is gradually coming to "Perfection". We hope it will get there soon.

Mr. Thomas Crow has returned from a two years visit to the Northwest. He is welcome here by all as he is a genial fellow. He has recounted several interesting adventures which he has had in the Northwest.

Special Correspondence.

The annual entertainment in connection with the Wesley church Sabbath School was held in the church on Wednes-

day, the 17th inst., and was a most decided success. The attendance was large, the church being filled to the very doors. The programme consisted of vocal and instrumental music, speeches and readings. Mr. M. Richardson, of Flesherton, occupied the chair, and managed his part in his humorous manner. The children filled their part of the bill most admirably. The proceeds were over \$30.

Messrs J. Boland and T. Kells were up at Owen Sound last week attending the County Council. Mr. W. J. Holley and family have again taken up their residence in this neighborhood.

Mr. Kells has been pressing a lot more hay here during the past weeks.

Mr. G. Pritchard and Mrs. E. Jones have been on the sick list, but are now able to be around again.

Itch, Mange, and Scratches on human or animals cured in 30 minutes by Woolford's Sanitary Lotion. This never fails. Warranted by Wm. M. Richardson.

8th Line, Osprey.

From our own Correspondent.

The recent fall of snow has greatly improved the roads and times are lively. Wood, sawlogs and grain are moving freely now.

Mr. J. Kinghorn and family, of Lewiston, are visiting at Mr. John Inkster's.

John Inkster, jr., is seriously ill with typhoid fever.

Miss Maggie Madden is recovering. Quite a number have had La Grippe, but are recovering.

Quite a number of our young folks take in the lit. at Maxwell every Friday evening and report having a jolly good time.

The patrons in S. S. No. 5 intend having a concert in the near future, when something good may be looked for.

The Feversham cor seems greatly exercised in mind over the visits paid him by the big fellow of the 8th line. Wonder if he imagines that he owns all the streets in Feversham, the house he lives in and a share in the mill. He is so strangely and wonderfully made that if the small boys had the tin pan and string ready they would be at a loss to know which part of his anatomy to attach it to. We fear the mental effort in producing such an effusion may yet cost his reason, and your cor. will be forever lost.

The school in S. No. 5 is now thoroughly equipped with water, a well on each side of it, one nearly flowing and the other half full. One young man says he could not get past now without going in to have a drop.

It comes to me as a gentle reminder softly whispered in my ear that there will be a wedding on this line before long. Yes more than one. There now I nearly told the names, so I will stop before I make any more blunders.

Rheumatism Cured in a day.—South American Rheumatic Cure for Rheumatism and Neuralgia radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cent. Warranted by Richardson & Co.

Kimberley.

From our own correspondent.

Snow is plentiful just now and the sleighing is fairly good.

Wood is being brought in now and we are not quite so cold.

Business is brightening up some here in our town since the snow came.

There will be a box social here on Wednesday evening under the auspices of the Patrons.

Mr. Bell had a bee on Friday hauling his wheat from Thorubury station.

Mr. James Thurston is the delegate to the temperance convention in Toronto on Feb. 6. He was appointed by the Methodist body in this place and we think they made a good choice.

Born—In Kimberley, on the 27th inst., the wife of Geo. Proctor of a son.

Mr. John Drukal, who has been visiting down near Toronto for the past week, returned home on Saturday.

Maxwell

From our own Correspondent.

Messrs. M. Morrison and T. Guy are becoming residents of our town. We are pleased to have them as we think them good citizens.

Mr. John Kerton is getting the timber for his barn.

Mr. Morrison had his sale last Friday. It was well attended and everything went off in good shape.

At time of writing little Celia Maxwell is in a critical condition. We hope she will soon recover.

The concert given here by L.O.L., No. 666, was not a success financially, owing probably to the unfavorable weather.

The tea and concert in connection with St. Mary's church comes off on the 5th.

Our teacher Mr. J.L. Wood, attended the funeral of his sister, Mrs. Hill, lately.

Shiloh's Cure is sold on a guarantee. It cures Incipient Consumption, It is the best Cough Cure—Only one cent a dose; 25 cts., 50 cts. and \$1.00 per bottle.

Of Interest to Women.

A LADY CURED AFTER SEVENTEEN YEARS' AFFLICTION WITH DISORDERS PECULIAR TO HER SEX BY DODD'S KIDNEY PILLS—OTHER UNFORTUNATES CAN BE CURED AS WELL AS SHE.

Toronto, Jan. 22.—The publication of the letter of Mrs. Reany, of Ashland, Wis., concerning her cure by Dodd's Kidney Pills after 17 years of sickness, has awakened wide-spread interest amongst the women of Canada. It is truly marvelous that a woman afflicted as long as she was, who had tried all the remedies within her reach and all that doctors could do for her, should be cured by so simple and easily accessible a remedy as these pills. What they did for her they will do for all other women suffering from diseases peculiar to their sex. Dodd's Kidney Pills are manufactured by Dr. L. A. Smith & Co., Toronto, and are sold by all dealers, or will be mailed on receipt of price; fifty cents per box, or six boxes for \$2.50.
