### Eugenia.

From our own correspondent.  
The members of the E. L. A. were unfortunate in the selection of an evening for their concert. The bad state of the roads and the darkness of the evening no doubt prevented a large number from attending. The object of these entertainments, viz., to provide funds for the building of a new Presbyterian church in Eugenia, is no doubt a worthy one and it is to be hoped that the weather will not intervene again to prevent a large attendance. The Flesherton church choir entertained the audience with excellent music and are to be thanked for coming out on such an unfavorable evening. The people here are grateful to them and hope to have them many times more. The little folk of Eugenia assisted very materially in entertaining those present. The proceeds amounted to near \$12.

The Salvation Army has been holding very successful meetings in Salem church the number of the converts having increased largely.

Miss Cole, of Flesherton, spent a week with Mr. and Mrs. Hogg here.

The Eugenia Foot-ball Club is about to reorganize for the coming season. With the experience of last year, and the success which crowned their efforts, a strong combination may be looked for. Last year our boys won 8 goals and lost 2, both of which were lost by "flukes" which are not likely to occur again.

Mr. Somers has been presented with two beautiful English pug dogs by friends in Sarnia.

Mr. Joel Rogers, of 12, McKenzie Crescent, Toronto, one of the unfortunate victims of the "Perfection" Hoop & Veneer Co., charges Mr. L. A. Morrison with larceny in connection with the business. Like many more honestly disposed men, he was, it is alleged, beguiled into the concern by representations which were false almost in their entirety. His honest trustfulness has cost him, it is alleged, the very considerable sum of \$1700. It is to be hoped that he has lots more to the back of it, and in that case he is not so unfortunate as some honest and straightforward men in this community. He will have the heartfelt sympathy of each and all who know anything of the methods employed by this man Morrison.
