Mr. W. Richardson, druggist, has just received another large consignment of the South American Nervine, the most popular medicine of the day.

The man who gets mad at what the newspapers say about him should return thanks three times a day for what the newspapers know about him and don't say.

It may save you time and money to be informed that, when you need a blood-purifier, Ayer's Sarsaparilla is the kind most in favor with the medical profession. It is the standard and, as such, the only blood-purifier admitted at the Chicago World's Fair.

A large number have taken advantage of our offer to send The Advance for the balance of this year at 50 cents, and still there is room for more. One lady called in on Monday and ordered three copies. This is cheaper than paying postage and sending away your own copy.

The rapidity with which croup develops calls for instant treatment; and yet few households are prepared for its visits. An admirable remedy for this disease is Ayer's Cherry Pectoral. It has saved hundreds of lives and should be in every home where there are young children.

L.B. Lucas, barrister, Markdale has \$10,000 private funds to lend on farm mortgages within the next few months at lowest current rates. No commissions, no delays, expenses low. Apply at office in Markdale during the week or at Dundalk office on Saturdays.

At the residence Mr. Jas. Bowes, of St. Vincent, on Wednesday evening of last week, a happy event took place, when his second daughter, Mary A., was wedded to Mr. David Foster, a progressive young farmer of Artemesia. The happy couple are well known and highly respected. Mirror.

Farmers, as a rule, do not go extensively into the manufacture of maple syrup in this section of late years, but Mr. Jake Lever still believes there is money in it. He has manufactured about fifty gallons of splendid syrup this spring, and the season thus far has been a poor one for operations.

Mr. Malcolm McDonald and Miss Hannah Thompson eldest daughter, of Mrs. J. Thompson, Flesherton, were united in matrimony on Wednesday evening of last week by Rev. E. S. Rupert, M. A. A large number of friends were present and the festivities were kept up until an early hour next morning. A unique feature was the presence of two pairs of Scotch

pipes, something new for a wedding in Flesherton. The young couple have taken up housekeeping in town, and The Advance wishes them much prosperity and long life.

The Advance has pleasure in introducing a new feature this week in the form of a column written especially for our lady readers by a talented writer, whom, we feel sure, will give them a feast in her department each week. The first article appears on our last page, where it will always be found from time to time.

A quantity of matter is unavoidably left over until next week, including a reminiscence of the late Louis Kosuth, the Hungarian patriot who died last week, pleasingly written by a gentleman who had a personal encounter with him while on his visit to Great Britain. This will appear next week, and will be read with interest.

Mr. R. Hislop, Flesherton's tonsorial artist, is considerably under the weather these days—so much so that his regular customers had to undergo the agony of shaving themselves for Sunday. Being one of the unfortunates, we sincerely hope to see him around again before next Saturday. A felon knocked him out, as it has many a man before.

Thus, Lawrence, a 14 year old son of Mr. Noble Lawrence, fooled around a cutting box one day last week. The boy now weighs just three digits less than he did before monkeying with the machine. In plain English, he put his hand in sufficiently far to have three fingers whittled off in beautiful style. In the tonsorial dialect—next.

Mr. T. Gamey, who has been seriously ill, is now able to be around, and gave The Advance a call on Saturday last. He was unable to be present at the last meeting of Osprey Council, owing to his illness, but as this is the first time he has been absent from council meeting for the past thirty-two years that he has been in office, the electors of Osprey have no reason to complain. We venture to say no other reeve in Canada can show the record that Mr. Gamey can.

The annual meeting of the South Grey Conservative Association was held in Durham on Thursday, March 22, when the following officers were elected:—President, H. W. Mockler; Vice-president, John Blyth; Secretary, W. J. Mitchell; Corresponding Secretaries, Fred Feing and M. Richardson. It was decided to have a convention as soon as possible for the purpose of nominating a candidate for the Provincial House. Addresses were delivered by Mr. Thos. Magwood, M. P. P., of North Perth, Mr. John Blyth, ex-M. P. P., and several others.

The Advance enjoyed a visit to Mrs. W. W. Trimble's millinery opening on Tuesday, and viewed the pretty things on exhibition there. Mrs. Trimble has something totally new in the millinery line—new shapes, new flowers, new colors and styles in gauzy cloth for hat trimmings, and new colors in feathers, ribbons, etc. Her stock is large and will gladden the eyes of the ladies. In order to get the cream of these beautiful goods it will be necessary to call early, as a great rush is anticipated when the excellence and beauty of the goods is fully understood. Mrs. Trimble has also in a large stock of hats for boys and girls in straw and lghorn and shired hats in maize and crepe desclines for the babes and girls of tender years. No-body is forgotten. We would advise our lady readers to investigate for the selves.

A barn on Lot 7, Con. 7, Malmur, owned by John A. Love of Toronto, formerly of Stanton, was destroyed by fire on Friday night. One of the horses in the stable kicked the lantern over, setting fire to the building.—Free Press.

The charge of larceny preferred against L.A. Morrison, of the Perfection Hoop and Veneer Co., by J. Rogers, who was also connected with the firm, was dismissed at the Police Court Toronto, Wednesday afternoon, Rogers accused Morrison of appropriating to his own use the funds of the firm, which became insolvents some time ago.

Some people imagine that well bred persons do not carry bundles or parcels on the street, except when it is absolutely necessary. That's just where they confound well bred persons with snobs and flunkies. A well bred person carries a bundle when he has one to carry. A well bred man can take his stuff home in a wheelbarrow and his breeding does not suffer a tit. No honest employment had any man's breeding.

**"Only the Scars Remain,"**

Says HENRY HUDSON, of the James Smith Woolen Machinery Co., Philadelphia, Pa., who certifies as follows:

"Among the many testimonials which I see in regard to certain medicines performing cures, cleansing the blood, etc., none impress me more than my own case. Twenty years ago, at the age of 18 years, I had swellings come on my legs, which broke and became running sores. Our family physician could do me no good, and it was feared that the bones would be affected. At last, my good old

**Mother Urged Me**

to try Ayer's Sarsaparilla. I took three bottles, the sores healed, and I have not been troubled since. Only the scars remain, and the memory of the past, to remind me of the good Ayer's Sarsaparilla has done me. I now weigh two hundred and twenty pounds, and am in the best of health. I have been on the road for the past twelve years, have noticed Ayer's Sarsaparilla advertised in all parts of the United States, and always take pleasure in telling what good it did for me."
