Carriages and Wagons,

GENTLEMEN:

I DESIRE TO ANNOUNCE that I have taken over the Carriage and Wagon making business lately carried on by Mr. Moore, and am now prepared to fill all orders in my line to your entire satisfaction. Having lately added to my sixteen years' experience in the business a nine months' training in one of the best carriage shops in the city of Detroit, where I succeeded in carrying off a first class recommendation, ought to be a sufficient guarantee that all work will be done in a first class manner. I manufacture Wagons, Buggies, Cutters, Sleighs; in fact everything in the carriage line. Wood and lumber taken in exchange. Kindly give me a call.

D. BLAIR, Flesherton.

I have also on hand a stock of heavy sleighs, pleasure sleighs, market sleighs and skeleton sleighs. All I ask is a call, and judge for yourselves.

Thanking my many friends for their past favors, I remain, yours truly,

The house of Mr. and Mrs. R. Paul, who are moving from our midst, was the scene of a very pleasant evening. A large number of friends gathered to spend the evening, during which Mr. and Mrs. Paul were made the recipients of an address and a beautiful Bible. The company dispersed at a late hour by singing "Auld Lang Syne." Following is a copy of the address:

"MR. AND MRS. PAUL.—As you are about to remove from our midst we feel that we cannot let you go without in some way manifesting our appreciation of your presence. During your residence with us we have found you to be kind neighbors and true friends, worthy of our kindest regards. Your general disposition and warm sympathy have won for you here a wide circle of friends who will long feel the loss, and we are assured that the same light of love and good will toward men will win for you many more firm friends. We now ask you to accept this Bible, not for its intrinsic value, but as a tangible proof of our esteem, and it is followed with a fervent wish that you both may enjoy many years of peace and prosperity in your chosen home."

The boys of Faversham met on the 7th inst. to reorganize a football club. The officers elected were; Hon. Pres., F. C. Bruce; Pres., J. F. Hamilton; Vice-Pres., T. Davidson; Sec., A. The erection of the woollen factory is being pushed forward with surprising rapidity. The roof of the original portion of the sawmill has been removed and a superstructure of about two stories in height now towers above the planing room.

The following left lately for the old settlements for the season's work: Messrs. John Nichol, Jr.; Robt. McLachlan; Lochie McLean; and Jno McDonald. We wish the boys a good pay and pleasant times.

A typical agricultural procession passed through our burg last Monday evening in the shape of four teams and wagons, each of which contained a brand new Noxon seed drill. The happy purchasers of these labor saving implements were Messrs. Charles McKinnon, Archibald McLean, John McMillan and Alex. McLean, all of the South Line. Well done South

Liners!

Another Knight of the Forge has opened out in our town in the person of Mr. Dan McLean. Opposition is the life of trade.

Mr. D. McDonald has been engaged this week in extending the railing on the east side of the bridge over the dam. Drivers with skittish horses will now feel safer in approaching the bridge than heretofore. This stitch in time may probably save many nines.

The revival meetings in the Methodist Church are still going on. The attendance and interest are increasing and much good is being accomplished.

We are sorry to learn that Miss Bertha James is quite ill at present but we trust that under the skilful attendance of Dr. Brander she will soon recover.

Dr. Hutton is now comfortably ensconced in his newly fitted up and convenient office on Kincardine street.

Saturday afternoon Miss McPhail's

from the chimney, burning the roof badly.

In less than two minutes our fire brigade
