To make your business pay, good health is a prime factor. To secure good health, the blood should be kept pure and vigorous by the use of Ayer's Sarsaparilla. When the vital fluid is impure and sluggish, there can be neither health, strength, nor ambition.

If you would have an abundance of dark, glossy hair, if you would have a clean scalp, free from dandruff and irritating humors, or if your hair is faded and gray, and you would have its natural color restored, use Ayer's Hair Vigor. It is unquestionably the best dressing.

The stonework of the new bridge across the Beaver river at Eugenia has been completed and the contract for filling in was let to Mr. F. T. Carr on Friday evening last. Mr. John Wright, who had the contract for the stonework, made an excellent job of it. Mr. Wright evidently understands his trade thoroughly.

The Advance acknowledges the receipt of a dish of Russian mulberries grown by Mr. J. M. Thurston of Kimberley. It is generally thought that this delicious berry cannot be grown in our climate, but Mr. Thurston has proved to the contrary he having several trees in his garden which are well loaded every year.

A poor fallen specimen of aged femininity has been reconnoitering around town for the past few days without any apparent object except to keep drunk while she can secure liquor. She appears to be able-bodied, and would doubtless make an acquisition to a work-house were such in existence in the county. No one appears to know who she is or where she comes from, but she exemplifies the truism that when a woman becomes addicted to drink she falls to the lowest depths of degradation. It is seldom so pitiful a sight is seen, but it cannot be seldom enough.

The editor of The Flesherton Advance writes an interesting account of a tour on his bicycle to Port Perry and return. He appears to think very little of covering a hundred miles in a day, and he has a good eye for the natural beauties of the country through which he passes. As the use of the wheel becomes more and more common, people will become better acquainted with the scenery and general characteristics of their own country and the knowledge thus gained will be of especial value to journalists and public men.—Toronto Globe.

The 12th at Eugenia.

A ROYAL CELEBRATION WHERE THE BEAVER RIVER "STANDS ON END."

Eugenia was visited on Thursday last by the largest crowd of people she has seen for many a day. The number was estimated by some as high as three thousand. And this, notwithstanding the fact that rain threatened in the morning. It would, however, require something more than a threatened downpour to keep a loyal Orangeman at home, and the consequence of this was on this occasion as heretofore—a big crowd.

There were seven lodges present including Artemesia district as follows, viz.: No. 1045, 5059, 244, 1333, 1118, 1333, and 883.

The ladies of the Methodist and Presbyterian churches gave sumptuous dinners to all comers, and augmented the church funds to a large extent thereby. After dinner a procession was formed at the Orange Hall and a march made to the grove near the falls, where a platform was erected for the speakers. The "glittering hosts" were marshalled by District Marshal H. McLoughrey on his prancing palfrey.

Mr. Jos. Gibson, District Master, occupied the position of chairman and introduced the speakers, who were as follows: Dr. Christoe, Rev. Mr. Balfour, Mr. John Lyons of Markdale, Rev. Mr. Wells and F. T. Carr. Owing to the exceedingly high wind blowing all afternoon it was impossible for one tenth of the crowd to hear the speeches, and very hard for the speakers themselves.

The Markdale Band supplied music of excellent quality for the occasion.

As soon as the speaking was over large numbers bled away to their homes.

Everything was orderly and there was no rowdyism displayed.

Mr. W. Galloway, of Osprey, is the accomplished drummer. He can hit it on all sides and every corner at the same time and make it roar again. He is a scientist in his way.

The number of booths on the grounds was extraordinary, and all seemed to do a good trade.

Osprey township celebrated the event at Badgeros, and Proton at Daudais. There were eight lodges at the latter place, including the Berkley lodge and Flesherton Y. M. P. B. A.

The Noxon Binder scores a Victory.

Near Thamesville, on Monday last, the 9th inst., on the farm of P. E. Gregory, there was at work cutting a very tangled piece of green fall wheat, a new Massey-Harris open-back binder, owned by Mr. Gregory, and a new Noxon No. 8 binder owned by W. E. Smith. After a test of both machines, Mr. Gregory gave a testimonial to this effect: "That having seen the work of both binders, I can now certify that the Noxon binder tied the larger, the tighter, and the neater sheaf, discharged much easier, and did altogether cleaner work with lighter draft. I consider the Noxon binder immeasurably superior to the Massey-Harris."

S. P. SMITH, of Towanda, Pa., whose constitution was completely broken down, is cured by Ayer's Sarsaparilla. He writes:

"For eight years, I was, most of the time, a great sufferer from constipation, kidney trouble, and indigestion, so that my constitution seemed to be completely broken down. I was induced to try Ayer's Sarsaparilla, and took nearly seven bottles, with such excellent results that my stomach, bowels, and kidneys are in perfect condition, and, in all their functions, as regular as clock-work. At the time I began taking Ayer's Sarsaparilla, my weight was only 129 pounds; I now can brag of 159 pounds, and was never in so good health. If you could see me before and after using, you would want me for a travelling advertisement. I believe this preparation of Sarsaparilla to be the best in the market to-day."

The Best Medicine.

J. O. WILSON, Contractor and Builder, Sulphur Springs, Texas, thus speaks of Ayer's Pills:

"Ayer's Pills are the best medicine I ever tried; and, in my judgment, no better general remedy could be devised. I have used them in my family and recommended them to my friends and employes for more than twenty years. To my certain knowledge, many cases of the following complaints have been completely and

Permanently Cured

by the use of Ayer's Pills alone: Third day chills, dumb ague, bilious fever, sick headache, rheumatism, flux, dyspepsia, constipation, and hard colds. I know that a moderate use of Ayer's Pills, continued for a few days or weeks, as the nature of the complaint required, would be found an absolute cure for the disorders I have named above."

"I have been selling medicine for eight years, and I can safely say that Ayer's Pills give better satisfaction than any other Pill I ever sold."—J. J. Perry, Spotsylvania C. H., Va.
