The Advance

PUBLISHED WEEKLY AT THE OFFICE, SYD-
NHAM STREET, FLESHERTON, ONT.,
BY W. H. TAYLORSON.

\$1 per annum, strictly in advance

Advertising Rates:
One Column, 1 year, \$50; half col., 1 year, \$27
quarter col., one year, \$15.

Transient advertisement charged at the rate
of 8 cents per line for first insertion and 3 cents
each subsequent insertion.

Markdale and Flesherton ought to put their heads together and purchase a couple of cheap force pumps for fire protection. Artley would no doubt make a reduction on a double order of that kind

At the Patron convention held at Durham on Thursday last Wm. Allan, of Egremont township, was selected as the Patron candidate for South Grey in the House of Commons.

The Toronto News decries "living pictures" as produced in the theaters of New York, but treats its readers every day to a picture of the nude in art at the head of a quack advertisement that would disgrace the late Joe Beef's weekly. The News should saw it off, as other respectable papers have done.

There is a war on between China and Japan. Japan wants to boss Corea, and China objects. The scene of battle is a long way off and the result is a matter of indifference here. We venture to predict however, that the peninsular kingdom will suffer all the consequence, and when Jap and almond eye get through she will probably retain only the first four letters of her name. The others will own the meat.

The peculiar and uncertain result of the late provincial election has been prolific of many protests, and advantage is now fought for in the courts. Thus far fourteen petitions have been filed, as follows: Against Liberals by Conservatives—East Hamilton, West Hamilton, Welland, Monck, East Peterboro, South Brant and Centre Simcoe. Against Conservatives by Liberals—London, East Toronto, South Perth, North Lanark, Kingston. The P. P. A. member for West Lambton is protested against by Liberals.

The newspapers are at present teeming with such poetically beautiful names as Hi Chang, Ying Huan, Lui Ming Chann, Daw Chung, Choo Foo, Tal al. lio, Fontao, Huan Tio, Fusal, Hi Yei and such easily pronounced titles. Now that provincial and dominion questions are somewhat dormant it is quite refreshing to have something of this nature to roll under ones tongue in the intervals between ice cream and mint juleps. Such words as Takahhio, especially, are suggestive and are great appetizers when taken with proper condiments.

General News.

William Allan, Egremont township, has been selected as Patron candidate in South Grey for the Commons.

Sir John and Lady Thompson were tendered a formal welcome at Gravenhurst Monday, while en route to Lake Rosseau, where they will spend about a month as the guests of Senator Sanford.

San Francisco Japs have raised \$10,000 to help on the war.

Five miracles are reported from the shrine of Ste. Anne near Quebec.

Orléans big regatta will take place on August 7.

The Roman Catholics of Winnipeg will comply with the Manitoba Act and hand over their schools if given a grant.

Phillips, Wis., has been destroyed by forest fires, and 3,000 people are homeless. Twenty persons were drowned in the lake endeavoring to escape.

That Accusation.
To The Editor of The Advance.
DEAR SIR,—I was somewhat surprised in looking over last week's Advance to see the item in reference to that penalty kick. Our learned friend the captain of the Flesherton F. B. team, lies under an error if he supposes for a moment that none of the Proton players knew what a penalty kick was, and I imperatively deny that I called that kick a goal for the Flesherton players. Also the Flesherton captain while speaking to one of the Proton players admitted constitutionally they had no right to the kick. He also affirms that the goal scored by Proton was a fouled goal. This is where another supposition comes in. I was in such a position that I could clearly see if a foul was made, and state that the goal was as fairly scored as any goal could be. In reference to the supper, we are not in the habit of having supper and breakfast together. Nor were we asked to go to the hotel for supper, had we been so inclined, after the hospitable treatment received there by Mr. Munshaw with such complimentary remarks as they are not fit to be in the D—house. The reason they were not anxious for us to have supper at the hotel was the almighty quarter. In conclusion, he also states that the Proton captain was satisfied, so far as he was concerned, now I made it a point to see the captain to that effect, and he firmly denies having said any such thing. Also about the boys visiting the shed so often. We will leave that to the spectators to say if it is a truth, as there were only two who entered the shed from the beginning of the game until the close, and that was when half time was called. Nor was there anything there that would even irritate the cool head of the F. captain. However, that reminds us of the saying of the pot calling the kettle black. Trusting that we will not again have to trouble for valuable space, I remain,
A. SHEPSON, Referee.

Daniel Ritz, Proprietor and Publisher of the Hamburg, Ont., Independent says: "I was suffering from Dyspepsia and Liver trouble, I took a few bottles of Shilo's Vitalizer and it cured me. I can heartily recommend it."

Mr. Langdon had an unpleasant experience at the Williams Lake camp ground yesterday morning. He slipped off a log into the spring and sank in the quicksand bottom up to his neck and but for timely assistance would have been drowned.—Chatsworth News.

Rheumatism Cured in a Day—South American Rheumatism Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by W. E. Richardson, Druggist.

A Racking Cough
Cured by Ayer's Cherry Pectoral. Mrs. P. D. HALL, 217 Genesee St., Lockport, N. Y., says:
"Over thirty years ago, I remember hearing my father describe the wonderful curative effects of Ayer's Cherry Pectoral. During a recent attack of La Grippe, which assumed the form of a catarrh, soreness of the lungs, accompanied by an aggravating cough, I used various remedies and prescriptions. While some of these medicines partially alleviated the coughing during the day, none of them afforded me any relief from that spasmodic action of the lungs which would seize me the moment I attempted to lie down at night. After ten or twelve such nights, I was
Nearly in Despair,
and had about decided to sit up all night in my easy chair, and procure what sleep I could in that way. It then occurred to me that I had a bottle of Ayer's Cherry Pectoral. I took a spoonful of this preparation in a little water, and was able to lie down without coughing. In a few moments, I fell asleep, and awoke in the morning greatly refreshed and feeling much better. I took a teaspoonful of the Pectoral every night for a week, then gradually decreased the dose, and in two weeks my cough was cured."
Ayer's Cherry Pectoral
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
Prompt to act, sure to cure

Strain & Moore

The Leading Undertakers and Furniture Men of East Grey.

Our low one priced system has given such general satisfaction both to our patrons as to ourselves that we have decided to make it a permanent plank in our business platform. You will find constantly in our warerooms bargains in all house furnishings and farm implements and

ORGANS

The Noxon Binder Scores A Victory!

Near Thamesville, on Monday last, the 9th inst., on the farm of P. E. Gregory, there was at work cutting a very heavy tangled piece of green fall wheat, a new Massey-Harris openback binder, owned by Mr. Gregory, and a new Noxon No. 8 binder owned by W. E. Smith. After a test of both machines Mr. Gregory gave a testimonial to this effect: "That having seen the work of both binders, I can now certify that the Noxon binder tied the larger, the tighter and the neater sheaf, discharged much easier, and did altogether cleaner work with lighter draft. I consider the Noxon binder immeasurably superior to the Massey-Harris."
P. E. GREGORY
Thamesville, July 9th, '94.

A Strong Corroboration.

I corroborate in every particular the above. I witnessed the work done by both of the binders, and considered the Noxon so superior to the Massey-Harris that I bought the Noxon binder that was in the field. From my experience of the two machines I would not take \$25 and the Massey-Harris for my Noxon.
W. E. SMITH
Turin P. O., July 9, '94.

Here's Another.

This is to certify that I saw both the Noxon and Massey-Harris binders at work on the farm of P. E. Gregory. Both machines did well, considering the heavy, down and tangled grain, but I found the Noxon binder run much lighter on the team and to be much easier handled. It makes a far nicer sheaf, and does cleaner work and if I wanted a binder I would certainly choose the Noxon.
SOLOMON WARDELL.
Turin, July 9th, '94.

The Story of our Days.

We are making a clear sweep of summer dry goods, millinery and parasols, and this week we add mantles to the list. Every day a bargain day.

Monday.
We go through stock, marking down lines to be cleared during the week. Some of the best snaps this day.

Tuesday.
We sell just as low, we make new customers surprised and old customers glad, and all agree this is the place to get the best assortment and prices right

Wednesday
We have broken up the stock on bargain counter and have to add new attractions. It will never do to let it get bare even if we have to sell staple goods under cost.

Thursday.
The hot weather makes some people weary but we never get tired while customers are so pleased with our prices.

Friday.
Just as good luck as any other day for purchasers. A dollar goes just as far and some people believe farther than anywhere else. It buys the biggest parcel here.

Saturday.
We are a little lagged but we rally our best efforts to serve and please the crowds that come to this store. It's a good place to come to on Saturday. You get so well pleased. The effect lasts all through

Sunday.
We rest, the public rest and are grateful for the blessings of the past week.
M. Richardson & Co

CATTLE OWNERS, ATTENTION!

HOSMER'S GREAT MEXICAN FLY EXTERMINATOR.
Hosmer's Mexican Fly Exterminator will prevent Flies and Insects of all kinds from lighting on Cattle and Horses wherever it is applied. It is evident that many times Horses become more lamed by Flies than by their regular work and it is a humane act and kindness to save the dumb beast annoyance and pain, and to give them all the comfort that we consistently can. Cows that are troubled with Flies invariably give less milk than those protected from their stings. Hosmer's Mexican Fly Exterminator is something more than a protection to animals from Flies, as it is undoubtedly
The Best Hoof Ointment in Use.
If properly used this Fly Exterminator is a certain preventive from the attacks of the small black fly, called in different localities by the following names: Buffalo Fly, Arabian Fly, Texas Fly, while in reality they are the dreaded "Mexican" fly. These flies light around the horns of cattle and eat down into the head and cause terrible suffering, and many times the stock die from the effects. This Exterminator is a certain preventive from attacks of all Flies or insects on cattle or horses. It is also a sure death to Fleas.
DIRECTIONS: Apply the Exterminator with a stiff brush, or rub well into the hair and hide with the fingers. Whenever the flies attack the stock a new application should be made. When faithfully applied, cattle and horses will run in pasture all day without annoyance from flies or insects.
This Ointment contains nothing injurious or poisonous. The high standard of Hosmer's preparations, which have been so long in the market, is a sufficient guarantee for any goods bearing his name. For sale by
W. Moore, Harnessmaker Flesherton.

Carpet and Flannel Weaving.

The undersigned is prepared to do Carpet and Flannel weaving of all kinds on short notice and reasonable terms. Satisfaction guaranteed. Orders sent by stage will receive prompt attention. Correspondence solicited.
