WESTERN FAIR, AGRICULTURAL AND ARTS EXHIBITION, LONDON, CANADA.

It is with pleasure that we call attention to the advertisement, which appears in this issue, of this Great Fair, for such it has grown to be. It is now second to no Live Stock and Agricultural Exhibition on this continent. Ever since 1868 it has steadily increased in size and importance, and is now looked forward to as an annual source of enjoyment as well as instruction to the people of Canada. It is desirable that these Fairs should be maintained for the benefit of all, but especially the farming community, as they afford opportunities for seeing the steady advancements in agricultural machinery, the improvements in live stock, and numerous new varieties in field and garden products, together with the latest inventions of all kinds. Each year brings its requirements and necessary improvements in the grounds and buildings. This year it is along the line of "public comfort," and the Directors have decided to expend some of their surplus funds in this direction, and the visitors to the WESTERN FAIR of 1894 will find themselves better provided for than by any other Fair Association in this province.

The exhibition of Live Stock of all kinds promises to excel, in excellence and numbers, past years, and the exhibits of Agricultural and Horticultural products only depend upon the production of the country, for, as in the past, specimens of every description will be on exhibition.

The alterations being made in the internal arrangements of the Manufacturers' and Liberal Arts Building will add largely to the heretofore attractive displays, and already several very wealthy firms have signified their intention to expend considerable money on fitting up their sections and some extra fine exhibits may be looked for.

The speeding in the ring will equal any exhibition ever given by the Association, as some of the fastest horses in the country are now entered and all the events will be hotly contested.

The special features, many of which have been already engaged, are the best for exhibition purposes that can be procured. The Special Attraction Committee are alive to the public demand for this branch of the Show and have spared neither time nor money in making their selections. Among those already secured are the famous Greco-Roman Hippodrome & Chariot Racing Company; The Kemp Sisters; a new feature in Balloon Racing, a lady and gent going up on the one balloon and racing down on separate parachutes, making a very exciting act; Professor Calverley, Niagara's Hero on the High Wire, who gave such a daring exhibition last year, and who met with so serious an accident, which was noted throughout the Press of the Continent and Europe; The Celebrated European Eccentric Grotesque Pantomimist; The Albions, originators of the Aerobic Comedy; C. W. Jarrett, America's Greatest Illusionist; "Rajan's" Wonderful Table Pyralil; Trained Seals, Alligators, Prairie Dogs; and the best Pyrotechnic Displays ever given on their grounds.

Intending exhibitors should make their entries at once, and those desiring Prize Lists, Programmes or other information pertaining to the Fair will receive it promptly by writing the Secretary, Mr. Thos. A. Browne.

Remember the dates, SEPTEMBER 13 to 22nd.

**She is Still Well.**  
 MANY PEOPLE THOUGHT THAT MRS REANY'S RECOVERY WAS ONLY TEMPORARY—A PLEASANT DISAPPOINTMENT—SHE IS BETTER THAN EVER.

Shelburne, Aug. 27.—When Mrs. Reany's letter appeared in a local paper here some time ago, giving a history of her long illness and perfect cure of kidney disease by Dodd's Kidney Pills, many readers thought her improvement only temporary. All such have been most successfully contradicted, as a letter lately received here from Mrs. Reany states that she has all along been gaining in general health, since her kidneys were restored to a sound state, and that for many years she has not enjoyed such good health and spirits. Mrs. Reany, therefore, still puts her faith to Dodd's Kidney Pills and recommends them as strongly as ever to afflicted members of her sex.

**MOTHER AND DAUGHTER Rejoice Together.**

**Nine Year Old Maggie McRitchie, a Victim of Chronic Fainting Spells and Nervous Weakness, Completely Cured by South American Nervine After all Other Efforts had failed. The Mother, a Sufferer From Nervous Prostration and Indigestion, Likewise Cured. Hear What the Thankful Father Has to Say.**

MRS. JAMES McRITCHIE AND DAUGHTER.

A leading local physician, whose profession takes him among the children of the various public institutions, remarked to the writer, that one would hardly believe that so many children were affected by nervous troubles, which sap the system and prevent proper development. In many cases the doctors are powerless to cure these troubles. They can relieve the suffering little ones, but in South American Nervine we have a medicine that does more than simply give relief. Its peculiar strength is that it completely cures where physicians relieve. A case in point came to us the 24th ult., in a letter from Mr. James W. McRitchie of Bothwell, Ont. He says:—"My daughter Maggie, aged 9 years, was afflicted with nervous fainting spells for over a year, which left her in such a condition of weakness afterwards that the child was practically an invalid. We tried several remedies and doctor-ed with her in one way and another, but nothing gave relief. Seeing South American Nervine advertised, as particularly efficacious in nervous dis-

eases, I decided on trying it for her, and I must say that I noticed a decided change in my daughter for the better after she had taken only a few doses. As a result of using this medicine, she is now entirely free from those fainting spells and possessed of that life and brightness that is the happy lot of childhood. I am satisfied it is an excellent medicine for any nervous weakness. My experience has been further supplemented in the fact that my wife has also been using South American Nervine for indigestion, dyspepsia and nervous prostration, and has found very great relief."

Whether the patient be man or woman, young or old, South American Nervine provides a complete medium for restoration to health. It is a medicine differing absolutely from every other. A cure is effected by application to the nerve centres of the human system, and science has proved that when these nerve centres are kept healthy the whole body is healthy. For these reasons failure is impossible.
