VALENTINE FISHER IS CURED OF HIS TROUBLES TO HAVE NO RETURN—HE IS DOING A FLOURISHING FRUIT TREE BUSINESS.

That the story was no fiction was known by all citizens of this place. Y., and has travelled the whole of this section for this firm with most gratifying success.

Ina has been accustomed for some years to harnessing her horse, hitching up and driving to town and there attending to shopping and other business, all of which she does in a systematic and skilful manner and has thus cultivated a taste for manipulating the noble animal. She is also clever as a student, having passed her entrance exam. at the age of 10.—Standard.

One day last week Mr. Wm. Cook and his family and neighbors were treated to a rare sight in the form of a white robin. During the day a pair of old robins came hopping around in the yard by what appeared to be a well matured young robin, excepting that it differed from the old birds—by being pure white in feather. The old birds felt it, and its shape and voice were the same as theirs and all who saw it are satisfied that it was a white robin.—Chasworth News.
