From our own Correspondent.

The most familiar object here at present is the threshing machine. The yield so far is satisfactory, with the exception of the late crop, which is a little light in weight.

An army, far less than what won Waterloo, could have taken Proton last week, owing to the inhabitants taking in the Toronto Industrial.

Mrs. Mary Sherson's brick residence is nearly constructed. Messrs. Wright & McDonald, of Flesherton, did the brick work, and very creditably it has been performed.

Mr. R. Howell has much improved his house by a new coat of paint. However, you should stand to your color, Dick.

Mr. James Hodgins is also erecting a dwelling in town at present. He is the right sort of fellow, as he is furnishing everything himself.

Rest at last! Mr. T. Wyvil is at present the happiest man in town, being wedded last week to one of Inistioze's fairest daughters, Miss Jennie Nichol, second youngest daughter of Mr. Wm. Nichol. Mr. Wyvil, to show his appreciation to the boys on such an occasion, also that sleep would be more refreshing, tendered them a few dollars. We trust that the troubled sea of matrimony may be always as calm as possible for the happy couple.

Mrs. T. Lockhart is spending a week with friends in Alliston.

Did you see anything of the new Tan Bark buyer? Look out for his advertisement next week.

Mr. Alex. Holey, who has spent the summer in Brampton, is home again to make it happy. Another Tom will soon be made happy, but at present it is a dead secret. The cans will then get a rest.

Meaford Road.

From our own Correspondent.

Miss Lizzie Anderson, of Glenelg, is visiting at her sisters' Geo. Hutchinson, sr.

Miss Maggie McCallum is visiting friends in Toronto.

Mr. John Shannon, of Owen Sound, and Mr. Thomas Shannon, from Proton, spent last Sabbath with their brother, George.

Mr. Geo. Bowles was up to Owen Sound last week on the jury.

Some person or persons entered Mr. Thomas Gilbert's orchard last Friday night and removed the racks from one of his bee hives, tearing out the comb and scattering the racks in all directions. It was a mean trick and if the offenders could be found they should be punished.

The Epworth League spent a social time at the church last Friday evening. A programme consisting of music, recitations and speeches was rendered and altogether an enjoyable evening was spent.

Harvesting, a thing of the past, is now supplanted by the busy hum of the threshers. Notwithstanding the drought the output seems to be well up to the average.

Rev. J. Long has opened a series of revival meetings at Zion. Large crowds turn out and with the assistance of several other rev. brethren a general revival is expected.

Mr. J. Doner, of Sunnidale, was up looking the finny tribe last week and reports making a big haul.

Mr. and Mrs. Simpson, of Barrie, who have been spending a short vacation with Mr. Mullin have returned home again.

Mr. D. Smith who during the past summer has been troubled with dropsy is gradually becoming worse. His recovery is doubtful.

Mr. Roland met with a severe accident. One of the pulleys broke and falling to the floor struck him on the arm, breaking it. Mr. Roland is now on the mend and will soon be going around with his usual alacrity.

During the past two weeks the Baptists have been holding meetings in the school house, but, owing to the drought have closed up.—Bulletin.

Eugenia

From our own correspondent.

The recent beneficent showers are thoroughly welcomed here.

It is rumored that an important find has been made here, in that clay suitable for making the best cement possible has been discovered on the farm of J. H. Duckett. We sincerely trust that this is, so that an important manufacture might be started here. It is understood that a scientific gentleman has a specimen of the clay now under examination in Montreal.

Visitors still keep frequenting our pleasant grove and rock scenery from different points.

Those animals which are noted for their perfume and which seem to be around here in large numbers, are not as welcome as the geranium.

Eugenia was well represented at the National Exhibition, the following residents enjoying the sights and benefits of the great show. Mrs. Samuel Pedlar, sr., Mrs. James Woodburn, Mr. G. Latimer and family, Messrs. F. T. Carr, J. A. Williams, W. Williams, G. Plant, W. Campbell and W. Goodham. Many of us who stayed behind have heard many interesting and instructive recitals of many features. Every one seems to have used their opportunity to the fullest extent and learned various object lessons. Nearly all were loaded with baskets of delicious fruits.

It is expected that a large crowd from this part will patronize the Exhibition at Flesherton next week.

Mrs. J. R. Hogg has returned from a visit to friends in the city. Her daughter, Mamie, had a severe illness while there but is perfectly well again.

Ex. Dep. Reeve S. Pedlar has purchased the farm of W. Wilson, lot 8, con. 31.

Dep. Reeve Kells is purchasing apples in this neighborhood for shipping.

Mr. T. B. Gilliland raised a new barn and Mr. H. Cairns has completed his stone wall upon which he is to place his dwelling.

We are sorry to announce the death of Mr. Samuel Pedlar, jr's only child, a girl about 6 months old.

Priceville.

From our own Correspondent.

The harvest home festival held on the parsonage grounds last Tuesday was not a financial success, no doubt to the fact that nearly everybody was busy threshing. However, what the festival lacked in quantity it made up for in quality. An ample amount of toothsome eatables was provided by the ladies of the circuit. The church was neatly and tastefully decorated with the fruits and grains of the season.

The programme was one of the best ever submitted to a Priceville audience. The singing of the Drumore, Proton and Priceville choirs deserve special mention. The solos rendered by Mrs. H. Tucker were highly appreciated by all. Messrs. Robert Reiley and Hector McLean furnished appropriate instrumental music for the occasion. The addresses by the Revs. D. McLeod and Mr. Rupert were very interesting and instructive. The choir was occupied by the Rev. Mr. Hartley, whose pleasant remarks here and there were well received. Proceeds about \$23.

Mr. Duncan Muir had one of his arms badly broken last Saturday while in the act of putting in the cylinder belt of a threshing machine.

Last Monday the fair grounds presented a lively sight, as upwards of 100 cattle were showing and bunting one another around, while men and boys with sticks and whips sat on the fence or stood guard across the road while they discussed the qualities of their stock, or lamented over the low prices. As for the buyers, they seemingly must have put in an appearance merely to look on, as only four head of the large number present changed hands.

Anyone entering Mr. J. D. Brown's store will see on the show case this neatly written, unique, half fun-whole earnest advertisement, or notice, viz.: "Don't ask for er-dit, we don't keep it."

The following attended the Toronto exhibition: Messrs John Simpson, John McArthur, Alex. Brown, Dougal McCormack, Dan. McLachlan, Dan. Campbell, Mr. A. Mrs. Thos. Conkey, Mr. and Mrs. W. J. Blackston, Mrs. Geo. Tryon and Misses M. McDonald and L. Simpson.

Miss Maggie McInnis left for Calgary last week.

Miss Sara Henderson returned to the Queen City last Wednesday. The genial countenance of Mr. John Conkey, of Durham, brightened our burg at a Sunday

A Little Daughter

Of a Church of England minister cured of a distressing rash, by Ayer's Sarsaparilla. Mr. RICHARD BIRKS, the well-known Druggist, 267 McGill st., Montreal, P. Q., says:

I have sold Ayer's Family Medicines for 40 years, and have heard nothing but good said of them. I know of many

Wonderful Cures

performed by Ayer's Sarsaparilla, one in particular being that of a little daughter of a Church of England minister. The child was literally covered from head to foot with a red and exceedingly troublesome rash, from which she had suffered for two or three years, in spite of the best medical treatment available. Her father was in great distress about the case, and, at my recommendation, at last began to administer Ayer's Sarsaparilla, the bottles of which effected a complete cure, much to her relief and her father's delight. I am sure, were he here to-day, he would testify in the strongest terms as to the merits of
