"TRUTH BEFORE FAVOR." — "PRINCIPLES, NOT MEN."

VOL. XIV. NO. 682

FLESHERTON, ONT THURSDAY, SEPTEMBER 27 1894.

W. H. THURSTON EDITOR & PROPRIETOR

## Can you see well? Is your sight good?

If not we have something to tell you. Have you ever noticed that one of your eyes is stronger than the other? In ninety-nine cases out of a hundred this is a fact. Under the old style of fitting glasses both crystals were of a like power. We have the facilities for testing the eyes, and can fit you a pair of glasses to exactly suit the power of vision of each eye. We can suit your case perfectly and guarantee satisfaction. Come in and get a pair and renew your youth.

### Lady Bank.

From our own Correspondent.  
We are having lovely weather now. Potato digging is the order of the day. They are an excellent crop.

We learn that a barn belonging to Mr. Samuel Eagle, of Collingwood, was destroyed by lightning last Saturday night. Four horses were burned.

Mr. Thos. Bulmer visited Lady Bank one day this week and took a number of pictures, among which was our school, Lady Bank, and the farmers' mill at Faversham.

Mr. Hoy has been around in this vicinity taking out some of the large stones.

Miss May Myers and Master Tommy Dand left home on Tuesday to attend school at Belleville.

A little son of Mr. Charles Hambley had the misfortune to break his leg lately, but is getting better under the careful treatment of Dr. Scot.

### Eugenia

From our own correspondent.  
The musical roar of the threshing machine is heard with great constancy here. The turnout taken all round is more than ordinary and high prices would now be a precious boon.

We have showers and beautiful weather in fitful alternation.

The gun has displaced the fishing pole. The lusty trout will have its annual rest while the partridge, rabbits, bears, etc., take their turn.

A couple of wary wild ducks have taken up their abode upon Mr. Carr's mill pond and have defied many crack shots around here for some time. Many of the shots have been apparently more wild than that of the Chinese or their co-belligerents, the Japs. Between Mr. J. E. Williams blowing up huge stones for material for the structure now in progress here, and the constant reports of firearms, one would think we had entered upon the scene of the oriental war, where the pig tail fighters seem to be getting the worst of it. These ducks though seem to be experts at "ducking," as they have by this mode of defence evaded the round shot so persistently poured into them. Later, Mr. W. Latimer has succeeded in knocking the duck out late on Saturday evening.

All have returned from the show at the Ontario Metropolis and have almost completed their interesting rehearsals. Some had the pleasure of meeting the exploded capitalists who were going to perform such wonders here (which they did, but in a way that brought sorrow to many) and in keeping with their record made here expressed maudlin sympathy for an unfortunate state of affairs which they were most instrumental in bringing about. Words fail to express the contempt in which such men ought to be held. Puck's work, "Martin Chuzzlewit," if now living, would be distanced in a race for general hypocrisy. Even the great mind of Dickens failed to conjure up a character equal to those met with in more modern realities. An old, and I believe obsolete, custom of making propitiation for sins committed, has been succeeded by a more unequal custom. For instance: Cain aggrandizes himself by squeezing the wealth out of a number of his brethren. Able, by contemptible methods, and then he makes restitution by offering counterfeit sympathy.

The E. L. A. are as active as ever and purpose holding a harvest home here on the 12th of Oct. Tea will be served in the Hall and a grand entertainment afterwards. It is expected that the Proton Orchestra who entertained us on a former occasion, and other local entertainers of standing will be present.

Miss Fleming, of New York, and niece of Mrs. Jas. Woodburn, is spending a pleasant visit here.

Mr. Thos. Bradbury has removed his oldest child to the Toronto hospital where she will be treated for spinal trouble. We hope for a cure and speedy recovery.

### Meaford Road.

From our own Correspondent.  
Mr. Wea. Kells, who has been in the Northwest for two years, is home on a visit. He looks hale and hearty. We are glad to see his genial countenance once more.

Mrs. McManis, from Shelburne, is visiting with her mother, Mrs. Jas. Boland.

Mr. A. Barn, of Holland, who taught school here for a short time, spent a few days visiting acquaintances here before leaving to attend the University in Toronto.

Mr. John Buchanan attended the Owen Sound fair. It is reported he did not go alone.

Miss Susie Somers, daughter of Wm. Somers, was united in marriage to Mr. John Cornfield, of Euphrasia, last week.

Mrs. Carson, of Pricewille, spent a few days with her daughter, Mrs. Sam. Gilbert, last week.

### Epping

From our own correspondent.  
Summer is over! How sad, we will not likely have to complain any more about dry weather this fall.

The harvest home festival in connection with the Methodist church held here on Tuesday evening, Sept. 18th, was fairly successful. The church had been very nicely decorated for the occasion. The dinner was all that could be desired, there being on abundance of roast beef, lamb and fowl, hot potatoes and gravy, besides delicious cakes, pastry and fruits. After the inner man (and woman) had been satisfied in the basement all repaired to the body of the church, where an excellent program was gone through. The New England choir dispensed sweet music at intervals. After a few remarks by the chairman, Rev. Mr. Brown, Mr. Wallace was called, he spoke briefly, choosing for a subject "pulpit and pews." Rev. Alex. Gilray, of Toronto, the speaker of the evening, was then called to the platform, and charmed the large audience with his lecture, entitled "eleven busy days in the eternal city." The lecture was listened to with the deepest interest by all, and many felt the "half has not been told." The proceeds from the dinner and a social held Thursday evening amounted to something like \$44. (forty-four dollars) They will be applied to the church funds.

A goodly number from around here took in the Industrial this year, among whom were Mr. S. McKnight, Mr. and Mrs. Abe. Knott and Miss Annie McConnell.

Miss Clista Spike, of Meaford, spent a week or so with her friend, Miss Maggie McConnell.

Mr. Jas. Gilray, of New York state, visited his parents here last week.

### Kimberley.

From our own correspondent.  
Here we are once more. We take it in spells; but we expect that before long we will be able to send in a weekly budget.

We are receiving some showers now which make the farmers smile at it. The rain is causing the grass to grow and the ground is getting in good shape for plowing.

Rev. G. C. Balfour has been conducting revival services here during the past two weeks. He is an able reasoner, and the meetings have been very well attended and the results are good, over fifteen having determined to lead a better life.

Mr. Doney, our blacksmith, and Mr. Small, our carriage-maker, have become full fledged citizens now!

John Cornfield, the renowned, was married to Miss Sommers last week. We were pleased to meet ye Editor on Monday morning.
