Babies—Miss A. Armstrong and J. E. Marsh.

Sixteen Years of it.

CHARLES SCHRYVER HAD KIDNEY DISEASE ALL THIS TIME AND DIDN'T KNOW IT—HOW HE FOUND OUT AND HOW HE WAS CURED.

TORONTO, Oct.—Sixteen years ago kidney disease attacked Charles Schryver, a bricklayer in this city, but he did not know it. It showed itself in the form of pains in the small of the back. They did not amount to much at first but kept growing worse. Within the past six years, Mr. Schryver has almost every week had to quit work for one or two days on account of their severity. Doctors ascribed them to the liver and other causes and prescribed, but their medicine did no good. Last spring, a city physician diagnosed the case as one of diabetes and wanted to prescribe, but Mr. Schryver said, "No, if its diabetes, I'll use Dodd's Kidney Pills, which I know will cure me." They did cure him, too, and to-day Mr. Schryver is free from ache or pain and able to do his day's work, week in and week out, with any man in his trade.

A Boon to Horsemen.—One bottle of English Spavin Liment completely removed a curb from my horse. I take pleasure in recommending the remedy, as it acts with mysterious promptness in the removal from horses of hard, soft or caloused lumps, blood spavin, splints, curbs, sweeny, stiles and sprains.

GEORGE ROBE, Farmer, Markham, Ont.

R. T. WHITTEN,

Flesherton.

MOTHER AND DAUGHTER Rejoice Together.

Nine Year Old Maggie McRitchie, a Victim of Chronic Fainting Spells and Nervous Weakness, Completely Cured by South American Nervine After all Other Efforts had failed. The Mother, a Sufferer From Nervous Prostration and Indigestion, Likewise Cured. Hear What the Thankful Father Has to Say.

MRS. JAMES McRITCHIE AND DAUGHTER.

A leading local physician, whose profession takes him among the children of the various public institutions, remarked to the writer, that one would hardly believe that so many children were affected by nervous troubles, which sap the system and prevent proper development. In many cases the doctors are powerless to cure these troubles. They can relieve the suffering little ones, but in South American Nervine we have a medicine that does more than simply give relief. Its peculiar strength is that it completely cures where physicians relieve. A case in point came to us the 24th ult., in a letter from Mr. James W. McRitchie of Bothwell, Ont. He says:—"My daughter Maggie, aged 9 years, was afflicted with nervous fainting spells for over a year, which left her in such a condition of weakness afterwards that the child was practically an invalid. We tried several remedies and doctor-ed with her in one way and another, but nothing gave relief. Seeing South American Nervine advertised, as particularly efficacious in nervous dis-

eases, I decided on trying it for her, and I must say that I noticed a decided change in my daughter for the better after she had taken only a few doses. As a result of using this medicine, she is now entirely free from those fainting spells and possessed of that life and brightness that is the happy lot of childhood. I am satisfied it is an excellent medicine for any nervous weakness. My experience has been further supplemented in the fact that my wife has also been using South American Nervine for indigestion, dyspepsia and nervous prostration, and has found very great relief."

Whether the patient be man or woman, young or old, South American Nervine provides a complete medium for restoration to health. It is a medicine differing absolutely from every other. A cure is effected by application to the nerve centres of the human system, and science has proved that when these nerve centres are kept healthy the whole body is healthy. For these reasons failure is impossible.
