Characteristics of the Past Week
Carefully Culled for the
Curious.
Business notices among locals will be
charged at the rate of 10c per line for
each insertion. A reduction will be
made on contracts for 100 lines or over.

Store to rent in Faversham. See advertisement elsewhere.

Furs, we will show a fine stock of capes, storm collars, muffs, caps and robes in a few days. T. Hill.

Pare and dry those apples that are wasting. Apple parers only 50c at Richardson's.

Did you see those dandy tea sets in Richardson's window only \$2.95 and \$3.65 each.

Early on Monday morning Wm. H. Rands, a printer working in the Free Press office, Shelburne, committed suicide by throwing himself under a moving freight train.

Dundalk fair on Friday. If the weather continues fine it will no doubt be one of the best ever held in Dundalk. You cannot miss it by going.

Messrs. Damude & Wright started up their stove factory again last week and will run off the balance of their stock. They have sale for more stoves than they can supply.

The Owen Sound Advertiser published a special trade edition last week. The illustrations are good and represent very fairly the business interests of Owen Sound.

A harvest home, under the auspices of the E.L.A., of Eugenia, will be held in the Orange Hall, Oct. 11th, 1894. The Proton orchestra and other talents are engaged for the occasion. A grand time is anticipated. Usual admission.

Dr. Carter had a valuable Mackintosh stolen from Munshaw's hotel on fair day, the last day of the fair. Mr. Davidson, of Faversham, had a coat exchanged the same day, and as the coat he got is too large he would like to accommodate the other man by trading back.

The anniversary services in connection with the Methodist church will be held on Sabbath, 21st inst. Rev. W. Ayers, of Ailsa Craig, will preach morning and evening. A special plate collection will be taken up instead of, as formerly, holding an entertainment, this collection to be in aid of the Trust fund.

To remove the constipated habit, the only safe treatment is a course of Ayer's Pills, followed by a laxative diet. Most other cathartics do more harm than good, therefore leading physicians recommend Ayer's Pills, especially as a family physic.

Mr. W. H. Calhoun, of Dundalk, was a caller on Friday evening, and made a contract for an advertisement in this paper. Calhouns do a large business and believe in using printers' ink. Be sure and read their advertisement, which will be found elsewhere in this issue and every week hereafter. Keep your eye on their space for fresh announcements.

Confusion as to the choice of a blood-purifier is unnecessary. There is but one best Sarsaparilla, and that is Ayer's. This important fact was recognized at the World's Fair, Chicago, 1893, being the only blood-purifier admitted to be placed on exhibition.

Bro. Ramage, of the Durham Review, gave a splendid report of East Grey fall fair last week. The Review was never so interesting under any of its previous owners as it is under the management of its present practical proprietor. May his heart be gladdened by an appreciative public.

Mr. T. H. Powers, who has been here for the past two weeks in connection with his ad. which has appeared in the Advance for the past three weeks, has sold his farm in Orange Valley to Mr. Will Purvis, having had ten applicants to rent and three to buy. He returned to his home on Thursday. Mr. P. understands the value of printers' ink.

For genuine cheek a Toronto wholesale firm takes the bun. They send us ten cents' worth of pins and ask in return a 26-line reading notice worth \$2.60. This notice would cost us about fifteen cents to put it in type, not to say anything of ink, space, distribution, etc. The pins are no doubt good pins, but we prefer to buy ours in the ordinary way at two cents a paper. Still, some of our exchanges prefer the other way, and thereby actually pay far more than the article is worth in any dry goods store.

Boyd's Mill Burned.
Boyd's sawmill, about four miles south of Flesherton, was burned to the ground on Friday evening. The fire started from the fire box. No stock was burned. Loss about \$1200; no insurance. Both proprietors were away from home at time of the fire.

The Horse Recovered.
It will be remembered that after the Clarksburg bank robbery a mare and buggy were stolen from Mr. W. C. Charters, who lives near Heathcote, with which it was supposed the thieves made good their escape with their plunder. Mr. Andrew Dow, of the Durham road, advertised in The Advance a mare that had come astray, and on Tuesday Mr. Charters came up and identified the animal and took her home, but no trace has been had of the buggy and harness. One of the supposed thieves, who gives his name as Wm. Irwin, was arrested in Toronto last week and is now lodged in Owen Sound jail awaiting trial. The detectives are hot on the trail of his confederates.

PERSONAL.
Dr. and Mrs. Christie returned last week from a visit to friends in Michigan.

The Misses Emma and Sarah Wright are visiting with friends in Detroit.

Messrs. P. Henderson and Frank Vandusen left on Friday for Chicago.

Mr. Will Sullivan, of Collingwood, spent Sunday with his parents in Flesherton.

Mrs. John Cathcart who has been visiting her parents, Mr. and Mrs. Carr, for the past two weeks, returned to her home in Durham county Thursday morning.

Mrs. W. H. Thurston, Flesherton, and Miss Myrtle Thurston, Kimberley, are visiting friends in Owen Sound.

Mr. S. Damude got tired holidaying and returned to his duties on Wednesday. Game is very scarce this fall.

Messrs. W. P. Crossley and Allan Gibson returned last week from their trip to the old country. Both gentlemen enjoyed the trip very much. Mr. Crossley was about 9 years of age when he emigrated from old Ireland, and Mr. Gibson about 10 when he saw Auld Scotia last. The latter had a splendid time among his many friends and relatives, and brought back with him some specimens of Scotch heath and heather. Mr. Crossley took in the most of Ireland and his trophy was a bunch of the dear little shanrock.

Obituary.

On Thursday, Oct. 4th, a gloom fell upon the home of Mr. W. Mathias Williamson, Old Durham Road, caused by the death of their youngest son, Mathias, a lad of 16 years. On Sept. 24th he was taken down with an attack of inflammation, and although all was done that human hand could do to spare his life, yet God called him to Himself. His life here was short, but not in vain. Before death he reminded his friends constantly that he was going Home. He was a promising boy and had his life been spared, would no doubt, have been a useful man in his Master's vineyard. Among his fellow students he was always kind, upright and jovial, taking a lively interest in all their sports. Of late he has exhibited a marked interest in educational and Christian Endeavor work. He was a favorite with all. But though his loss is felt among his associates, nowhere will he be missed as in his home. His kind, considerate and gentle nature was known there, as it could not be elsewhere. The hopes of the whole household were centred in their youngest son and brother, but though the loss here is great and the breach made can never be filled, yet God has only called His own, and placed him beyond the pollutions of sin. They still may live for their dear boy. The chain is only broken, one link has been placed above, which will be riveted again, as one by one they pass over Jordan, to meet their love one, who will be waiting and watching to welcome them Home.
"He is not dead the child of our affection. But is gone unto that school, Where he no longer needs our poor protection And Christ Himself does rule."
COOL

County and District.

A potato picking bee in a field on the cut skirts of the town was changed into a bear hunt in short order on Saturday afternoon. While gathering themurphies the boys so engaged espied a bear and cub entering the field. They would have liked to have remained for the fun, but Mr. Charles Rombough sent them off in hot haste for men and guns, and until the arrival of the huntsmen he kept the game in a clump of trees near the potato patch. The news rapidly spread around town and very soon every available shooting iron was after the bears. A number of boys also went along, and excitement reigned for a time. The bears were of the tamest kind. Arthur Ennis played a tawee on the big one's back as it ran. Mr. J. A. Hunter slew bruin. His first shot nipped the claws and the bear turned on him, but a second bullet reached a vital spot, so bruin turned up his toes. The carcass was that of a bear not very aged but in poor condition. The cub escaped, and although the sports have scoured the woods for miles distant, they have not captured it. In the excitement of Saturday's hunt Mr. Charles Rombough was shot in the leg, the ball passing through the calf and inflicting a painful wound which may lay him up for weeks. There was so much reckless shooting at the time, that the wonder is not more accidents are to be reported. —Durham Chronicle.

Born.
SMITH—In Flesherton, on Wednesday, 3rd inst, the wife of Jos. Smith, of a son,
MACDONALD—In Flesherton, on Saturday, 6th inst, the wife of Malcolm Macdonald, of daughter.

Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences. Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Harris, Tenn., says:

"Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is
No Better Medicine,
and have induced many to use it.

"Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Unappening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 30 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 210 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.
