In many cases, the first work of Ayer's Sarsaparilla is to expel the effects of the other medicines that have been tried in vain. It would be a saving of time and money if experimenters took Ayer's Sarsaparilla at first instead of last.

The boy Burnett from this village, who stole a horse from E. Michlhausen, Elmwood, and money and clothing from Mr. James Leggett, of this town, is still at large. Merchants who have cleared out their stock of summer butter may consider themselves fortunate in view of the present glut in the butter market. Several

carloads of western butter were offered in Toronto last week at ten cents per pound with no buyers. There is no shipping demand for this product and so much has been held back by farmers that it will probably be sold for half the fall prices before Christmas, if sold at all.

Rev. Mr. Ayers of Ailsa Craig, occupied the pulpit of the Methodist church on Sabbath and preached two eloquent anniversary sermons. The evening discourse was from Nehemiah IX-20: "Thou gavest also thy good spirit to instruct them." The seating room of the church was taxed to its utmost capacity, many coming from a great distance to listen to the rev. gentleman, who labored so successfully on this circuit a few years ago, and who is held in the highest esteem by the people among whom he labored. He is always gladly welcomed in Flesherton. As usual the Presbyterian congregation courteously dispensed with their evening service.

"When I was a Boy,"
Writes Postmaster J. C. WOODSON, Forest Hill, W. Va., "I had a bronchial trouble of such a persistent and stubborn character, that the doctor pronounced it incurable with ordinary medicines, and advised me to try Ayer's Cherry Pectoral. I did so, and one bottle cured me. For the last fifteen years, I have used this preparation with good effect whenever I take

A Bad Cold,
and I know of numbers of people who keep it in the house all the time, not considering it safe to be without it."

"I have been using Ayer's Cherry Pectoral in my family for 30 years, with the most satisfactory results, and can cheerfully recommend it as being especially adapted to all pulmonary complaints. I have, for many years, made pulmonary and other medicines a special study, and I have come to the conclusion that Ayer's Cherry Pectoral occupies a position pre-eminent over other medicines of the class."—Chas.
