### Eugenia

From our own correspondent.

The yield in potatoes, turnips, etc., when we take into account the exceptionally dry period in the early part of the year, will strike a good average. The potatoes, while not as large as some years, have been comparatively free from rot, leaving them drier and more palatable. Many have a particularly good yield of cabbage, so we may, if our tastes direct, have the native Irishman's champion meal—tatoes and buttermilk.

Mr. George Latimer and two sons, Jonathan and Wesley, druggist, of Toronto, have returned from their excursion after deer in Muskoka with tangible proof of success in the shape of two nice deer. This pleasurable trip is becoming annual from these parts and promises to be more eagerly patronized in the future. It is a real pleasure excursion when some captures are made. Mr. S. Pedlar is taking a little longer stay, but will probably return one of these days and report success.

Many are the theories now-a-days how to successfully deal with our tramp population. The interest in our pedestrian friends has been aroused by the influx of this unwelcome element and the high-handed and outrageous way in which some of them have conducted themselves. One gentleman of this town undertook to take his part in the solution of this problem by shaking up a harmless tramp, who periodically visits this region. We are glad to report no casualties only the uplifting of the hoary hair of the venerable tramp heavenward.

The latest enterprise in the wind here is the starting of a real live newspaper under the name of the "Lying Sheet." Miss S. Watts, daughter of the Rev. J. H. Watts, who has been recently superannuated, is visiting among her many friends here.

We are sorry to learn that Mr. Thos. Bradbury is about to move down to Kimberley. Tom is a good business man and a good shoemaker, and we wish him greater success.

Mr. Walker Sloan has been blessed with No. 2, a bouncing boy—father's joy. We are credibly informed that the Vandeleur Cor. omitted a news item of considerable interest in his last budget. We understand that two powerful men got into a fistic encounter over some gossip that had been handed around and that the pugilistic honors all went one way. Please give us details in your next, Vandeleur.

### Priceville.

From our own Correspondent.

Priceville and Durham foot ball teams played a match in the grounds of the latter last Monday. The score was 2 to 0 in favor of Durham. After the game was over the Durham players sneaked off and left the visitors to pay for their supper. As far as we know such meanness is without a parallel in the history of foot ball playing. However, we understand that this is not the first time a Durham team has exhibited miserliness in the matter of contributing towards the expenses of visiting players. A few years ago our junior baseball club received similar treatment from their opponents in the aforesaid town. It is needless to add that the ungentlemanly conduct of the Durham club will not be forgotten by Pricevillites for some time to come.

By taking a glance over our bury from Castle Hill we notice that its appearance is improving. Mr. D. McCormack has added a neat veranda to the front of his substantial residence, while Mr. Hector McLean has made his domicile more comfortable and stately looking by excavating a cellar and building a solid stone foundation. Mr. Alex. McDonald is building a new house for himself, and Mr. J. Watson is making ready to veneer one of his residences on Kinross street. The congregation of the Presbyterian church is also preparing for the erection of a well-planned and imposing manse next summer. Hallowe'en passed off as quiet as usual.

A few gates were removed (by the owners).

We are glad to state that Mrs. Robertson, who has been seriously ill, is now recovering.

Our tinsmith, Mr. Jas. Gardiner, has moved to fresh fields and pastures new. He has gone to Muskoka for a change.

What we would like to know?

(1) When is Thangsgiving Day?

(2) If the Durham boys are "strapped?"

(3) When, oh when will the next football match between Priceville and Durham be?

(4) If any foot-ball club (Durham excepted) ever allowed a visiting team to depart without helping to defray their expenses?

(5) If the captain of the Durham team has crawled into a hole and pulled the hole in after him.

(6) If the Markdale and Dornoch team were paid their expenses or any part of it by the Durham club when the aforesaid teams played the Durham team.

P. S.—Since writing the first item of this budget we have learned that one of the Durham players had the manliness to come up to the hotel and pay for the supper of his opponent.

### Kimberley.

Mrs. J. M. Thurston is visiting with her son in Flesherton.

It is rumored a change of business is about to take place in town. Particulars next week probably.

Mr. A. McConnell had a shooting match on Monday to dispose of his flock of turkeys.

Mr. Currie, butcher, is, we understand, about to take up his abode in town. He will live in the residence lately occupied by Mr. Whitby.

A squirrel hunt took place on Wednesday of last week, the captains being Edward Graham, and Will Thompson. Mr. Graham's side won by about 1000 points. Mr. C. Knott supplied the supper.

A god story is going around here at the expense of one of our estimable young ladies and the editor of a Thornbury paper, which I must Herald. The Editor of the aforesaid paper is a connoisseur in good looks and prize-takers are right in his line. He came up from his lakeside home a week ago Sunday and took the young lady for a drive to Eugenia. Now the lady has a little nephew about eight years old who opens gates and understands two or three things, and one of these things is that when two young people are driving along the road they never know what is going on behind.

While passing through this village the youngster was perched on the buggy behind, and the editor and his young lady friend were entirely unconscious of the fact until they reached their destination. The young hero was given room in front on the return journey. It is said the lad was sworn to the strictest secrecy by one of the most awful oaths ever administered to a child by any editor. What momentous secrets, what lollypop conversation was overheard by him will never be known until the day of judgment, or even guessed at until a wedding is announced. The boy rode behind Myles before he was discovered. Visit Victoria!

**Rheumatism Cured in a Day—**South American Rheumatism Cure, for Rheumatism and Neuralgia, radically cures in 1 to 3 days. Its action upon the system is remarkable and mysterious. It removes at once the cause and the disease immediately disappears. The first dose greatly benefits. 75 cents. Sold by W. E. Richardson Druggist.

John A. White, of Brougham, has a monstrosity in the shape of a pig a few days old. The animal has features and head similar to those of a dog. The eyes and nostrils are lacking. This is one of the greatest curiosities of the age, and should be a source of much revenue to Mr. White. The pig being robust for its age, and is being daily viewed by many from adjoining neighborhoods. Picking News.
