"I escaped being a confirmed dyspeptic by taking Ayer's Pills in time." This is the experience of many. Ayer's Pills, whether as an after-dinner pill or as a remedy for liver complaint, indigestion, flatulency, water brash and nausea, are invaluable.

General expressions of pleasure were heard on all sides last Sabbath in the Methodist Sabbath school when the superintendent, Mr. J. W. Armstrong, took his place and opened the school, conducting the exercises throughout, after an absence of five months.

A cup of muddy coffee is not wholesome, neither is a bottle of muddy medicine. One way to know a reliable and skillfully prepared blood-purifier is by its freedom from sediment. Ayer's Sarsaparilla is always bright and sparkling because it is an extract and not a decoction.

The Imperial Trio have been engaged by the Flesherton A.O.U.W. to give a grand concert in the Town Hall on Friday, 30th inst. The entertainment will consist of fine light views, vocal and instrumental music—a varied program. This troupe was here a couple of weeks ago and those who had the pleasure of attending say it was the best entertainment ever given in Flesherton. On that occasion the program was given in aid of temperance work. This time it will be a general program to suit the tastes of all. It is expected to be a genuine treat. Look out for bills.

Mr. Wm. McNicoll, brother of Mr. George McNicoll, west back line, called in on Monday evening and informed The Advance that there was no truth in the item published two weeks ago stating that his brother had been found in a field with his throat cut, and Mr. McNicoll is at a loss to know how the mistake occurred, unless through a misunderstanding. Mr. George McNicoll, the young man spoken of, met with some accident in Michigan some time ago and is now at home under the doctor's care, but has not been away from the house for weeks, and at the time specified was scarcely able to walk, therefore, could not have been found as stated. The Advance is sorry to have given circulation to the item, but in justification to ourselves must say that we did everything in our power to verify it before printing, telephoning to Dr. Wells, of Markdale, who refused to speak to us. The blame, there-

fore, rests mostly with Dr. Wells, as his reticence was, we considered, sufficient evidence of its truthfulness.

Fires at Markdale.

The village of Markdale suffered considerable loss by fire on Monday night. About midnight Hull's cooper shop on the main street, was discovered to be on fire and was burned to the ground. The building contained from 26,000 to 30,000 dozen eggs, the property of Mr. Curry, egg buyer. On this there was no insurance, and Mr. Curry's loss will be over \$3000. Immediately after the cooper shop was burned the citizens were horrified to learn that the new and handsome schoolhouse, erected four years ago at a cost of \$7500, was also in flames. Nothing could be done to save the building, which is a total loss. There is an insurance on the building and contents of \$5000. Although the actual money loss is not more than \$2500, it is a serious one for the village, coming at a time of year when building operations cannot be commenced for months, and will result in much inconvenience. The cause of these fires is a deep mystery. In the case of the school it is supposed to have started at or near the furnace.

The Companion's Calendar.

The Youth's Companion has just published a calendar for 1895 which is a work of art—indeed three works of art in one. Scenes typical of three seasons of the year, Winter, Summer, Autumn, are shown. The first picture represents a mother and son gazing in their walk in a snowy field, across which a rabbit is running, much to the amusement of the boy. The artist in the summer scene has pictured three children rowing down a winding river; and were it not for the apples which fill the pan in her arms, one would scarcely imagine that the graceful girl in the third picture was typical of Autumn. Around the pictures are grouped the monthly calendars, tied together by ribbons. This attractive calendar and a full prospectus for 1895 will be sent free upon application to any one considering a subscription to the Companion. From no other paper can so much entertainment and instruction be obtained for so little money (only \$1.75 a year). If you subscribe now you will receive the paper until Jan. 1, '95, and for a full year from that date, including the Thanksgiving, Christmas and New Year's Double Numbers. The Youth's Companion, Boston, Mass.

With the Hunters.

The large deer which we mentioned last week as having passed through the village on Tuesday was shot by Mr. S. Podlar on Thursday in his bush, about three miles east of here. Three sportsmen chased it around all day Wednesday, and ran it out of the valley with dogs, but it escaped them, reserving itself for Sam's unerring aim. It was a beauty. The weather last week, during the final days of the season, was exceptionally fine for deer hunting, and a few splendid captures were made. Mr. Latimer, of Eugenia, and three sons were the most fortunate of any party we have heard of. Thursday forenoon they succeeded in shooting two magnificent bucks, one weighing 200 and the other 240 lbs. The Advance man, with Mr. Bell and Squire Stuart, of Kimberley, were within 100 rods of the later when it was captured, but luck was against us. Favors all went the one way that day. The scene of the capture was on the town line Collingwood and Eu-

phrasia. On the same day a large buck was very badly wounded east of Kimberley but escaped by crossing and recrossing the river in the valley. Mr. A. B. Bell, Kimberley, shot a 2-year-old buck on Friday week. A correspondent writing to The Advance from Powassan says: "Messrs Jas. Richmond and E. Whalen, being informed that bears had been seen in their locality, shouldered their rifles and followed the coons. They bagged 4, 1 old one and 3 cubs. Deer are very plentiful up here this winter, so are hunters and tramps."

Dog and coon skins manufactured into mitts. Bring along your skins. W. Barnhouse, Flesherton.

Messrs. J. D. and D. Brown returned home from the peninsula on Saturday. Their party of four got all that the law allows, viz., eight.

A young man named "Loog" Dan Macdonald, was accidentally shot on Tuesday while participating in a scrub hunt. Another man's gun was accidentally discharged, the shot entering Mr. Macdonald's breast and arm. The arm was badly lacerated. Dr. Hutton dressed the wound.

Want No Other.

DODD'S KIDNEY PILLS NOW ASKED FOR BY EVERY SUFFERER FROM BRIGHT'S DISEASE.

QUEBEC, Nov. 19.—Contemporaneous with the publication of the letter of Dr. A. G. McCormick, of Richmond, with respect to his permanent cure from Bright's disease by Dodd's Kidney Pills, every druggist in this city ordered a generous supply of the pills, but so great has been the demand as the result of this testimonial from so eminent an authority, that the run has been in excess of the supply. All other proprietary medicines have been relegated to the shelves and it would appear from the demands made upon the druggists as if every sufferer from Kidney disease in the city was bound to try the remedy recommended by Dr. McCormick.

Mrs. J. H. HORSBYDER, 152 Pacific St., Santa Cruz, Cal., writes:

"When a girl at school, in Reading, Ohio, I had a severe attack of brain fever. On my recovery, I found myself perfectly bald, and, for a long time, I feared I should be permanently so. Friends urged me to use Ayer's Hair Vigor, and, on doing so, my hair

Began to Grow,

and I now have as fine a head of hair as one could wish for, being changed, however, from blonde to dark brown."

"After a fit of sickness, my hair came out in combfalls. I used two bottles of

Ayer's Hair Vigor

and now my hair is over a yard long and very full and heavy. I have recommended this preparation to others with like good effect."—Mrs. Sidney Carr, 1400 Regina st., Harrisburg, Pa.

"I have used Ayer's Hair Vigor for several years and always obtained satisfactory results. I know it is the best preparation for the hair that is made."
