Medical Men.

ARE INTERESTED IN THE DISCOVERY OF A REMEDY FOR BRIGHT'S DISEASE.

MONTREAL, Dec. 24.—The subject of kidney disorders and diseases is one receiving special attention from the medical profession just now, probably owing to the fact that a disease of these organs caused the death of Russia's Czar. Among other points attractive to the profession is the case of Dr. McCormack, of Richmond, Que., a practitioner well known throughout Quebec and Ontario. He has lately published a letter announcing that he was cured of Bright's disease by Dodd's Kidney Pills. This case has a peculiar interest for medical men, because, until these pills were offered for sale, this disease was universally considered incurable. That belief is now thoroughly exploded by the success of this remedy, to which numerous victims of the disease owe their lives and sound health.

A Boon to Horsemen.—One bottle of English Spavin Liment completely removed a curb from my horse. I take pleasure in recommending the remedy, as it acts with mysterious promptness in the removal from horses of hard, soft or caloused lumps, blood spavin, splints, curbs, swellings, stifles and sprains.

Attention

In time to any irregularity of the Stomach, Liver, or Bowels may prevent serious consequences.

Indigestion, costiveness, headache, nausea, biliousness, and vertigo indicate certain functional derangements, the best remedy for which is Ayer's Pills. Purely vegetable, sugar-coated, easy to take and quick to assimilate, this is the ideal family medicine—the most popular, safe, and useful aperient in pharmacy. Mrs. M. A. BROCKWELL, Harris, Tenn., says: "Ayer's Cathartic Pills cured me of sick headache and my husband of neuralgia. We think there is

No Better Medicine, and have induced many to use it.

"Thirty-five years ago this Spring, I was run down by hard work and a succession of colds, which made me so feeble that it was an effort for me to walk. I consulted the doctors, but kept sinking lower until I had given up all hope of ever being better. Happening to be in a store, one day, where medicines were sold, the proprietor noticed my weak and sickly appearance, and, after a few questions as to my health, recommended me to try Ayer's Pills. I had little faith in these or any other medicine, but concluded, at last, to take his advice and try a box. Before I had used them all, I was very much better, and two boxes cured me. I am now 59 years old; but I believe that if it had not been for Ayer's Pills, I should have been in my grave long ago. I buy 6 boxes every year, which make 210 boxes up to this time, and I would no more be without them than without bread."—H. H. Ingraham, Rockland, Me.

MOTHER AND DAUGHTER
Rejoice Together.

Nine Year Old Maggie McRitchie, a Victim of Chronic Fainting Spells and Nervous Weakness, Completely Cured by South American Nervine After all Other Efforts had failed. The Mother, a Sufferer From Nervous Prostration and Indigestion, Likewise Cured. Hear What the Thankful Father Has to Say.

MRS. JAMES McRITCHIE AND DAUGHTER.

A leading local physician, whose profession takes him among the children of the various public institutions, remarked to the writer, that one would hardly believe that so many children were affected by nervous troubles, which sap the system and prevent proper development. In many cases the doctors are powerless to cure these troubles. They can relieve the suffering little ones, but in South American Nervine we have a medicine that does more than simply give relief. Its peculiar strength is that it completely cures where physicians relieve. A case in point came to us the 24th ult., in a letter from Mr. James W. McRitchie of Bothwell, Ont. He says:—"My daughter Maggie, aged 9 years, was afflicted with nervous fainting spells for over a year, which left her in such a condition of weakness afterwards that the child was practically an invalid. We tried several remedies and doctoring with her in one way and another, but nothing gave relief. Seeing South American Nervine advertised, as particularly efficacious in nervous diseases, I decided on trying it for her, and I must say that I noticed a decided change in my daughter for the better after she had taken only a few doses. As a result of using this medicine, she is now entirely free from those fainting spells and possessed of that life and brightness that is the happy lot of childhood. I am satisfied it is an excellent medicine for any nervous weakness. My experience has been further supplemented in the fact that my wife has also been using South American Nervine for indigestion, dyspepsia and nervous prostration, and has found very great relief."

Whether the patient be man or woman, young or old, South American Nervine provides a complete medium for restoration to health. It is a medicine differing absolutely from every other. A cure is effected by application to the nerve centres of the human system, and science has proved that when these nerve centres are kept healthy the whole body is healthy. For these reasons failure is impossible.
