night. The meeting on Sunday night was the largest seen here for years. The crowd was estimated at about eight hundred people, coming from Flesherton, Eugenia, Paradise, Gibraltar, Rob Boy, Singhampton, McIntyre and Maxwell. If numbers count for anything the meetings have been a success. Quite a number have professed a change, others that were there need it bad enough, but we do not look for too much all at once.

Epping.

From our own correspondent.
We have been taking holidays lately, Mr. Editor, and find it rather hard to take up the pen again.

Matters in this vicinity are much the same, we presume, as every where else. People are doing a good deal of grumbling about the hard times that are to be and in a good many cases without much reason. The hay crop here was a failure as it has been a good many other places, but the grain crops are fairly good and the recent showers will do a vast amount of good to late crops also to roots and after grass. Young Ontario is not going to starve yet by any means.
