Swinton Park.

From our own Correspondent.
The quarterly service in the Methodist church was largely attended last Sabbath morning.

The garden party in connection with the Methodist church which was held in the grounds around Mr. R. Black's house on Thursday evening of last week was a grand success. After spending the evening and having tea in the grounds all proceeded to the church where a very pleasing and entertaining program was rendered. The music and singing was of a superior quality. The proceeds amounted to \$28.

The Sunday school picnic, held in Mr. Wm. Aldcorn's bush, in connection with the Presbyterian church, on Tuesday of last week was largely attended. Although the day was cold yet every one seemed to enjoy themselves.

Mount Zion.

From our own correspondent.
The Mount Zion Sabbath school picnic, which took place in Mr. Geo. Thompson's grove on Thursday last, was in every way a decided success, quite a number being present, and all seemed to heartily enjoy themselves.

Master Willie Hemphill, of Flesherton Station, got a bad cut from sitting down on an adze on Monday. Guess he will watch where he sits in future.

Master Walter Taylor's barn raising came off on Monday and an enjoyable time was spent by all present. Mr. Rod- erick McLeod, of Flesherton Station, is the framer.

Miss Tillie Ross paid a short visit to her parents here recently.

Miss Maud Wilson and Miss Lou Corn- field intend returning to Toronto to-day (Wednesday). Some of our young men will be lonesome I know.

Eugenia.

From our own Correspondent.
On Saturday the 3rd inst. a species of tramp, about 35 years of age, made his appearance in the neighborhood a little east of the village. He is about 5 feet 7 inches in height and wears brown side whiskers and moustache. After getting a good breakfast in one of the houses he took his departure but had not gone far till he met an elderly and respectable lady whom he accosted with obscene language and threats of using violence. She hastily got away and the rascal moved off to where a young woman was milking. She came in for a similar tirade of abuse accompanied with oaths that he would

accomplish his threats if there were no men around. But here he walked off again muttering that he would go over to that house where the window blinds were down and disturb the women there. Fortunately he went away much to the relief of the frightened parties; but judge of their surprise when on Sunday morning the same fellow was back again sneaking around. All at once two stout young men went to him and demanded that he should follow them. They took him to constable Latimer's, and not being willing to wait the delay of the law and the insecurity of property in such cases they let him go free. He promised to never come back. He says he came from Toronto, another time he said he came from Collingwood. Such leniency or timidity puts a premium on crime. We may yet have to make use of the White Caps.

Cool weather—grass improving. late crops look well.

Kimberley.

From our own Correspondent.
The people of this place are rejoicing over the recent showers, especially those interested in berry picking.

Our pretty village continues to be a source of attraction to summer tourists and campers.

Miss J. Buckley of Chicago, Miss L. Hogg, of Shelburne, Miss Annie and Mrs. Walter, of Walters Falls, were the guests of Mr. and Mrs. Walter, of this place.

A party of campers from Flesherton and Toronto have been spending a few weeks on the river about a mile from this place, but we have not heard of them making a better catch than did an old couple who had not been fishing together for over thirty years; yet they succeeded in landing a speckled beauty of over three pounds weight.

Owing to the quarterly service held at Eugenia on Sunday last, there was no morning service in the Methodist church here, but in the evening Mr. Balfour preached to the young people.

Dr. F. A. Thurston has returned to Chicago where he intends to follow his profession. His many friends wish him success.

A number of the young people spent a pleasant social evening at the home of Mrs. Magee on Monday evening.

We think people ought to be a little more careful about setting out fire in such a dry season. The property of two or three of our citizens as well as some public property was greatly endangered by fire a short time ago, and but for the timely arrival of men and boys with plenty of water great damage would have been done.

Proton Station.

From our own Correspondent.
We are pleased to be in a position to report a fair average crop of oats, peas and such grain in this section. Your reporter has had a tour throughout the south east part of the province and in no section did I see anything to surpass Proton in the grain line.

Mich., who has been visiting with her sister, Mrs. A. Neilson, for the past few weeks, has returned home.

Mr. Thomas Wyvill, our provision merchant, has within the past few days added to his stature a couple of inches. The cause assigned for the sudden development is ascribed to his rejoicing over a bran new lady boarder who has arrived at his residence, with the intention of remaining.

Our C. P. R. reporter has had an experience of the same character. However, George, had he his choice, would have preferred a gentleman boarder.

Messrs. G. Sherson, J. Sherson and T. Ludlow leave next week for the bounding prairie, Manitoba. Tommy's smiling visage will be much missed by his many lady admirers.

Miss Jennie Nixon, of Waterloo, Ont., is spending her vacation with friends here.

Mrs. T. Cewesic, of Toronto, is visiting her mother, Mrs. H. Hodgins's.

Mr. and Mrs. McDonald, of Mansfield, also Mr. and Mrs. Wm. Petch, of Flesherton, were the guests of Mr. and Mrs. Howell last Sabbath.

At present it is freely discussed in Orange circles the advisability of organizing an Orange order here. We expect it will be a realized fact shortly.

Mr. George Blakely, of Dundalk, spent Sabbath last with friends here.

Mr. Reid, of Flesherton, has moved into the residence formerly owned by Mr. Turner, but now owned by Mr. Reid. Mr. Turner is at present advertising for an architect of the first water to draw the plan for the erection of a costly terra cotta villa on Broadway.

The townline between Proton and Artemesia will shortly be opened. The want of this accommodation has long been felt by our thriving little village, as it was impossible for the west of Proton to have any access in the summer months to accommodations here at all. Hodgins Bros. have chiefly the contract of opening the road.

Mr. A. H. Wheeler, 9th line St. Vincent, threshed his fall wheat on Tuesday last. Nine acres yielding 250 bus., or about 28 bus. per acre. He is offered at Meaford 80c. per bus. for the crop.— Monitor
