A cough which persists day after day, should not be neglected any longer. It means something more than a mere local irritation, and the sooner it is relieved the better. Take Ayer's Cherry Pectoral. It is prompt to act and sure to cure.

Now that the Frost King will hold away over this country for awhile every one should have good footwear. Boots, rubbers and overshoes that will keep your feet dry and warm, a lot of them for sale at Clayton's.

Toronto is visited this week by Trilby and is drawing crowded houses, and the people are much delighted with the play. So are the people much pleased who buy boots, shoes and rubbers at Clayton's.

In deference to a largely signed petition from the ratepayers of ward 4 the bylaw limiting the number of tavern licenses in this township to five was repealed by the township councillors on Monday, and now there is no limit to the number allowable. Mr. P. Munshaw thus has his way cleared to obtain a license from the commissioners for his new Eugenia hotel.

The only permanent cure for chronic catarrh is to thoroughly expel the poison from the system by the faithful and persistent use of Ayer's Sarsaparilla. This wonderful remedy proves successful when all other treatment has failed to relieve the sufferer.

A heartrending yarn about a young man being killed by a bear near Proton Station was sprung on the defenceless people of this section one day last week, and even got into one of the Toronto dailies. It is said a large crowd of people were assembled at the Union Station to meet the mangled remains. The said mangled remains, however, stepped off the car, quite innocent of the joke which had been sprung, and horrified the mourners by shaking hands with them. A lot of people are anxious to make acquaintance of the man who started the sensation.

T. B. White, an old and much respected resident of Collingwood township, died suddenly of heart failure last week just after addressing a public meeting. Mr. White was a prominent and successful farmer and an essayist of considerable ability on farm matters. He took a keen interest in farmers institute meetings although in his 71st year. The editor of this paper visited Mr. White at his home a few weeks ago, when he appeared strong and in good health. His death was a great shock to his many warm friends.

Some of the youngsters had a little fun on last Thursday night, Halloween, but their depredations were not of a serious nature.

A very sad accident happened in Arthur to Rev. Mr. Tonge's youngest child, a little girl about two years old. It seems that the little one was carrying dishes to the cupboard as they were being washed, and while returning, met the hired girl with a pot of boiling water. Both were hurrying along at a rapid rate, and the little one came full tilt with her head against the pot, cutting her nose and spilling the water on her face and down the front part of her body. The girl was overcome with fright, while the mother rushed to the child and tore off the clothing, and Mr. Tonge ran for a physician, who found the child badly burned about the face and body. She is progressing favorably towards recovery.

Presentation and Address

At the regular monthly meeting of L. O. L. No. 883, held in their lodge room at Flesherton Station on Wednesday evening, the 30th ult., the following address and testimonial was presented to Bro. William Ross on the occasion of his removal to Weston to fill a more lucrative position.

Mr. William Ross:

DEAR SIR AND BROTHER—We, the undersigned, on behalf of L. O. L. No. 883, desire to tender you our congratulations on your appointment to your present position. Still we feel that your removal from our midst will be felt by every brother in our lodge. The place you have occupied amongst us during the last nine years will form a vacancy which cannot fail to arouse feelings of regret, when we look around and miss your genial countenance at our fraternal meetings. Yet we rejoice to know that the loss sustained by us will be for your good. Still we feel convinced that although you are absent in body you will be present with us in spirit. We also desire to express the best wishes of this lodge towards your amiable partner in life, whom we trust will be spared to you through many years of domestic felicity, and that your family circle may ever be replete with harmony and contentment.

We also take great pleasure on behalf of the lodge in presenting you with this pocket Bible as a very slight token of the esteem evinced towards you by every member of this lodge, trusting that it may prove to be the guiding star of your future life; that your children may be trained in its precepts, and live to be a blessing to their parents, and finally may we all be prepared to meet the Supreme Grand Master in that Supreme Grand Lodge above, where parting is no more.

Signed on behalf of the brethren this 30th day of October, 1895.

Winter is disappearing again and warm weather is making its appearance.

Deer hunting is the order of the day. Mr. John Haw shot a deer on Friday and Mr. Archie McWilliam shot one on Saturday. We congratulate our two young men on their success.

Threshing is ended for this season and we hope some parties will be more suc-

cessful next season, as they broke their machine four times in five days and had to borrow a neighboring horsepower to finish up with.

The revival services in the Methodist church closed last week. Seventeen persons have added their names to the church roll and a number more are expected yet. The Revs. Hartley and Mathewson intend to commence special services at Ebenezer appointment this week.

Mr. Wm. Sacket is rejoicing since his wife presented him with a son.

A LIFE SAVED

BY TAKING

**AYER'S CHERRY
PECTORAL**

"Several years ago, I caught a severe cold, attended with a terrible cough that allowed me no rest, either day or night. The doctors, after working over me to the best of their ability, pronounced my case hopeless, and said they could do no more for me. A friend, learning of my trouble, sent me a bottle of Ayer's Cherry Pectoral, which I began to take, and very soon I was greatly relieved. By the time I had used the whole bottle, I was completely cured. I have never had much of a cough since that time, and I firmly believe that Ayer's Cherry Pectoral saved my life."—W. H.
