The Advance FLESHERTON

The Poem That Roused Germany.

The Mount Forest Confederate says:—Most people are perhaps not aware that the verses recited by Captain Coghlan of the "Raleigh," at the Union League Club banquet in New York recently, which, with his speech have given offence to Germany, were written by a former resident of Mount Forest.

Der Kaiser fou das Vaterland, Und Got und I all dings emmand; We twen, ach, don't you understand? MEINSELF—und Gott.

A Thousand Tongues

Could not express the rapture of Annie E. Springer, of 1125 Howard st., Philadelphia Pa., when she found that Dr. King's New Discovery for Consumption had completely cured her of a hacking cough that for many years had made life a burden.

John McDevitt, a native of Donegal, Ireland, a Caledon pioneer and a resident of Mono Road, was struck by lightning while fishing. The lightning struck him on the head, tearing his hat, going down his left side and tearing his left boot into fragments.

One Every Bottle

Of Shiloh's Consumption Cure is this guarantee: "All we ask of you is to use two thirds of the contents of this bottle faithfully, then if you can say you are not benefited return the bottle to your Druggist and he may refund the price paid."

Saturday a gentleman stepped into this office and purchased one hundred or more newspapers with which to feed his hens. He tears the paper into shreds and soaks it in sour milk until the whole mass becomes a pulp, when he feeds it to the hens, and he claims that it adds greatly to their egg producing qualities.

Robbed the Grave

A startling incident, of which Mr. John Oliver of Philadelphia was the subject, is narrated by him as follows: "I was in a most dreadful condition. My skin was almost yellow, eyes sunken, tongue coated, pain continually in back and sides, no appetite, gradually growing weaker day by day.

Some months ago Dr. Jas. Henry of Orangeville sued one McRae of Priceville for a medical bill amounting to \$42, principal and interest, for services rendered the defendant's daughter when she was employed as a domestic in the old Globe hotel, Orangeville, several years ago.

ground that, under the circumstances, he was in no way liable for his daughter's debt. Dr. Henry secured an order for another trial, however, and he had better luck at the Division court here on Tuesday. It was shown that McRae had paid his daughter a visit during her illness and had himself sent for the doctor to attend her.

How is it that women who are sweet and gentle naturally resort to the greatest extremes when once they turn from the path of rectitude and become fiends in carnate? They need not necessarily murder or steal or reel about in drunken frenzy but when once they start to talk about some one for whom they have taken a dislike there seems to be no limit to the venom of their tongue.

Arthur Thompson, the boy giant, of Barrie, is now with Buffalo Bill's Wild West Show, getting \$35 a week. He is twenty years of age, weighs 209 lbs., and is 7 feet 9 inches in height.

That Book Agent

The Pastor. "Good morning, Bro. Roberts, what makes you look so sad this morning?"

Bro R. I have come to say good-bye, Mr. Brown, for I am out of employment, and must go back to England."

The Pastor. "Go back to England to get employment, what nonsense! I can get lots of work for a young man like you in this country."

Bro. R. "Well, I have hunted high and low and can get nothing, so what am I to do?"

The Pastor. "I tell you what you can do, Bro. Roberts, take an agency for a good book, for there is money in canvassing."

Bro. R. "Do you think I would stoop to book canvassing?"

The Pastor. (Somewhat warmly.) "Stoop to book canvassing! Better men than you have canvassed. I put myself through College with a book prospectus, and I know many successful men who got their start in life as canvassers. My youngest son is canvassing now, he makes enough at the business to pay his way at the University. I induced a man who failed in business to take up canvassing and he made enough money to start business again. I gave the same advice to a young mechanic, who was out of employment, and he is now a prosperous Publisher. Why some of the biggest men in history have been book agents! 'Stoop to canvassing' you are very fortunate that you can step up to it. I advise you to write to the Bradley-Garretton Co., Limited, Ont., for this firm publishes fast-selling books, and I know many who are doing well in its employ."

Bro. R. "I am sorry, for speaking as I did for I was certainly wrong. I will write The Bradley-Garretton Company and see what they have to offer, and will postpone my departure in the meantime."

SKIN LIKE BABY'S

Skin diseases from the merest pimples to the most obstinate eczema, salt rheum, running sores, are quickly, pleasantly and permanently cured by Dr. Agnew's Ointment—35 cents.

Who does not envy a baby its soft velvety skin? How many suffer from distressing skin diseases—Do you suffer? Have you tetter—salt rheum—scald head—ring worm—eczema—ulcers—blotches on the skin—chronic erysipelas—liver spots and what not else of these distasteful and aggravating disorders which disfigure and discourage? Dr. Agnew's Ointment allays the distressing itching, burning, stinging sensations which are part and parcel of such troubles, and in a thousand cases where internal treatments have failed to heal and eradicate them it has worked wonderful and permanent cures—and no skin disease, no matter of how long standing, has baffled its curative qualities.

one application will relieve the itching, irritating sensations in an instant—and long standing cases disappear after from three to five nights' treatment—the pain and soreness quit you and the tumors vanish.

A lady living in a northern County town writes that for seventeen years she was troubled with salt rheum. She took doctors' treatments and used many lotions without any permanent relief. Reading of the cures made by Dr. Agnew's Ointment, she decided to try it. The first application allayed the irritation and she continued using it—the disease rapidly disappeared and now for two years there has been no sign of a return of it.

The baby of another lady living on Pacific Ave. in Toronto, was terribly afflicted with scald-head and eczema—the tried washes prescribed by her physician, and soaps advertised for such purposes, but the disease remained—Dr. Agnew's Ointment was her good friend; half a box cured the baby and cured herself of troublesome piles which had been the bane of her life since baby's birth.
