Priceville

From Our Own Correspondent

Mr. Alex McLean of the South Line raised a commodious addition to his barn last week. The superstructure rests on a substantial stone wall which encloses a large space for stabling.

The Durham choir will furnish instrumental and vocal music at the garden party next Friday. Come and hear them.

Everybody is busy haying. We expect some heavy work on Durham Road as R. got a fork handle of extra quality the other day.

Mr. Hogarth of Darlington is visiting his son Mr. E. L. Hogarth of this burg.

Mrs. William Watson Sr. and Miss Hattie McDowell left last week for Manitoba.

Mrs. J. McLachlan of Owent Sound is visiting friends in the vicinity at present.

We wish ye Editor a pleasant trip up the lakes.

Stone's Settlement.

From our own Correspondent

We trust that the rest kindly promised next week to the readers of the Advance will be fully appreciated. We do not infer that any of us are getting tired of the spicy little weekly, no! no! We simply desire to express the hope that the obliging Editor may be benefited by the rest.

The war waged in the Phillipines shrinks into insignificance when compared with the war waged against the potato bugs in this Canada of ours.

The latest addition to the ordinary operations of house cleaning appears to be the whitewashing of the exterior of chimneys above the roof. A touch of the same material may also be applied to the old snake fence, by way of improvement.

Mr. H. Spicer is doing the stone-work under Mrs. R. Stone's barn. A good job will be the result, as Harry is no spy, sir, he is a thorough good mason.

Mrs. J. McArthur who has for some years resided at the station, left on the 12th inst. in company with her daughter for Calgary, N. W. T. Mrs. McArthur was about the first settler on this line, having come to this township from West Gwilliamsbury in 1852, locating on the farm now occupied by her son, sharing with her husband the many hardships falling to the lot of the early pioneer. It seems a pity that the old lady, who is considerably over eighty years of age, and very feeble, should, after so many years of hardship and toil, have to leave her comfortable little home to spend the remainder of her years, or perhaps months, in the frigid climate of the North West.

Miss Mamie Beattie of Colorado is visiting her mother, who has for some months past been in a delicate state of health. We hope Miss Beattie will have the gratification, during her stay, of seeing her mother fully restored to health.

Miss Laura Whittaker passed the entrance with a considerable number of marks to spare.

The other day your correspondent was asked by an itinerant collector of roots if there was any other place in the world called Ceylon. Informing him that many years ago I had been to an island situated in the Indian ocean bearing that name, and which I believed still to exist, he exclaimed, "I'll bet a dollar that's where my money for the roots has gone."

Vandeleur

From Our Own Correspondent

Mr. Clark of Chatsworth, accompanied by his son Walter, from the Soo, are visiting his daughter Mrs. Pritchard.

Mr. Defoe and his men are busy working at Mr. Geo. Warling's new house.

We are pleased to say Misses Rosa and Eva Gilbert are recovering from a bad attack of the measles.

Mr. and Mrs. B. Clarke and Mr. and Mrs. W. Abercrombie of Rocklyn visited Mr. Geo. Pritchard on Sunday last.

Miss Minnie Graham of Arthur is spending a few days visiting her parents and friends.

Mr. and Mrs. S. Warling visited the former's niece, Mrs. A. C. McLean, at Priceville, on Sunday last.

Miss Libbie and Mary Pritchard returned home on Saturday after a week's visit with friends at Rocklyn.

Miss Janie Warling returned home from the city on Saturday last and will spend a short time visiting friends.

We were very sorry to learn of the death of Mrs. John Alcox, who passed peacefully away on Thursday morning last. Deceased had been in very poor health for some months. She leaves behind to mourn her sad loss a loving husband, one son, one daughter and one sister, Mrs. Wm Hutchinson. Much sympathy is expressed for the sorrowing friends.

Mr. and Mrs. J. I. Graham attended the wedding of their niece last week.

Miss Etta Douglas is home from Meaford high school.

Beats the Klondike

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption accompanied by hemorrhages; and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Sold at any drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

Newspaper Advertising.

Occasionally a business man is found who does not believe in advertising; could never see any use in it. Which means that he has no use for advertising unless he can see two dollars roll back to his till to-morrow for each dollar he expends in advertising to-day. He gives no weight to the indirect benefits; no thought to the prosperity of the town at large; cares nothing whatever for anything but the one matter of "pay." "Does it pay?" he asks himself, and places his own personal interpretation on the word "pay." To such we would commend a perusal of the following well-timed paragraph from the latest number of Newspaperdom of New York: "In the legitimate extension of advertising patronage to local newspapers there is often a lack of public spirit on the part of merchants and others. Without newspaper, a city or town would be unworthy a place on the map. Everybody knows that. Yet it all costs money. There is no business in a town that would not in some shape receive benefit from advertising—or at least it be an incidental way of advertising the town. Yet many of those who expect the newspaper to bear this and that burden for their own or the general welfare never reinforce the journalistic sinews of war to the extent of a nickle per annum."—Burlington Gazette.

Spain's Greatest Need

Mr. R. P. Olivia, of Barcelona, Spain, spends his winters at Aiken, S. C. Weak nerves had caused several pains in the back of his head. On using Electric Bitters, America's greatest Blood and Nerve Remedy, all pain soon left him. He says this grand medicine is what the country needs. All America knows that it cures liver and kidney trouble, purifies the blood, tones up the stomach, strengthens the nerves, puts vim, vigor and new life into every muscle, nerve and organ of the body. If weak, tired or ailing you need it. Every bottle guaranteed, only 50 cents. Sold by all Druggists.

Ancient Baseball

The devil was the first coacher. He coached Eve when she stole first. Adam stole second. When Isaac met Rebecca at the well, she was walking with a pitcher. Sampson struck out a good many times when he beat the Philistines. Moses made his first run when he slew the Egyptian. Cain made a base hit when he killed Abel. Abraham made a sacrifice. The prodigal son made a home run. David was a long distance thrower.

Tired Eyes

Sensations exist for our guidance. They are Nature's warnings. Over-worked eyes demand rest. Eyes that tire easily call for help. Properly adjusted glasses afford the only assistance possible.

We make a specialty of relieving tired eyes and guarantee satisfaction.

W. A. Armstrong,

JEWELER AND OPTICIAN,

FLESHERTON.

Collingwood Collegiate INSTITUTE

RE-OPENS SEPT 1st, 1899

The Staff consists of five specialists for the departments, Mathematics, Classics, Science, Moderns, and Commerce and Diploma Course.

The Location is the most beautiful and healthy in Ontario, and is situated at the head of lake navigation. The Buildings are commodious, with modern, up-to-date fittings. The Laboratory is well equipped for all forms.

The Library contains a full complement of works in all departmental studies.

The Fees are \$1 per month for Simcoe County, and \$1.50 for others.

Teachers—Nearly fifteen hundred (1500) teachers have graduated from this school.

University Work receives careful attention; in 1898-9 pupils for this Institute gained two scholarships at matriculation, the fourth rank in Ontario.

Societies are formed for culture and amusement.

Special Care is given to boys and girls boarding in town, and suitable places found for them when desired. For further information address

W. WILLIAMS,

Principal

and Moses shut out the Egyptians at the Red Sea.

A Frightful Bunder

Will often cause a horrible Burn, Scald, Cut or Bruise. Bucklen's Arnica Salve, the best in the world, will kill the pain, and promptly heal it. Cures old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all skin eruptions. Best Pile cure on earth. Only 25 cts. a box. Cure guaranteed. Sold by all druggists.

It happened in a crowded car. A seamy-looking man, very much the worse for liquor, rose to give his seat to a lady when a robust man immediately slipped into the vacant seat, leaving the lady standing. "Sa a y, you—you fellow you," said the boozey but chivalrous individual, as he swayed to and fro, hanging to a strap, "I—I'm drunk, I know, but I'll get over it, I will; but you're a hog, and you'll never get over it."

That Throbbing Headache

Would quickly leave you, if you used Dr. King's Life Pills. Thousands of sufferers have proved their matchless merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents, money back if not cured. Sold by all Druggists.

J. H. Hall, a well-to-do farmer of Palgrave, committed suicide by shooting himself.
