### Artemesia Fall Show

Artemesia fall show had ideal fair weather this year and as a consequence a large turnout of people. The exhibition was fully equal to that of former years, and in some respects superior—notably in roots and vegetables. The success of this year's exhibition will place the society on a firm financial basis and from this out it may be expected to make swift progress. It will be possible to enlarge the prize list next year and thus make the attraction greater for exhibitors. Following is the prize list:

**BRAVE MEN FALL**  
Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cts. At any drug store. Every bottle guaranteed.

He declares that gold is of little value in comparison with this marvelous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Sold at any drug store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

Running a newspaper it just like running an hotel, only it's different. When a man gets into an hotel and finds something on the table he doesn't like he doesn't kick all the fat into the fire and tell the landlord to stop his old hotel. Well hardly. He just pushes that dish aside and wades into some other brand of eatables. But it is different with some newspaper readers. They find an item they do not like and without stopping to think that it may please other people they make a grand stand play and stop their paper—Ex.
