W. H. THURSTON, EDITOR & PROPRIETOR

McFARLAND & CO.

GREY COUNTY'S BIGGEST STORE

A GRIST OF DRY GOODS NEWS

Interesting and profitable for thrifty shoppers. A plain story of up-to-date merchandise at money-saving prices. Merchandise that is good in every sense of the term. Prices that we know, value for value, you can't discount anywhere.

Worth Repeating

A good thing stands twice telling. That's why we tell again of the excellence of our Mantle stocks. There's no such collection of Mantles anywhere near here. We have always got the newest to show you and this week opened up some of the noblest Mantles we have shown this season. Right up-to-date garments, exact copies of the latest American styles, black, navy, fawn, silk or satin lined, \$2.50, \$3, \$3.75, \$4.50, \$5, \$6.50, \$7, \$8, \$10 00.

Good Underwear and Hosiery for Women and Children

There's a difference in underwear and Hosiery, some are poorly made from poor materials, and are a constant source of annoyance from the first time they are put on, but others again are good, care has been taken in the making, the yarns have been thoroughly scoured and cleaned, and when completed are just what they should be—comfortable in every particular. We have been very careful in our selections for this fall's selling and think we have a stock unmatched in the county.

UNDERWEAR

Children's Vests, long sleeves, fancy front..... 8 and 10
Children's Ribbed Hygeian Vests, long sleeves, fancy front embroidered vest, all sizes 20 to..... 45

Bradley-Garretson Co., Limited,
BRANTFORD.

Kimberley

From Our Own Correspondent
Owing to the absence of news in our burg, we may have to incidentally touch on other matters, although our namesake in a distant part of the Empire could write quite a budget just at present. We feel that we have great reason to be thankful that it is not our own Kimberley that is besieged, yet we belong to the same grand old empire, and have the same interests at heart.

In a few more evenings, about Nov. 13th, according to the predictions of some astronomers, we may be treated to the phenomenon of seeing a shower of stars. Mr. Henry Hurd is hurrying his fine new residence to completion.

Miss Annie Scott has been re-engaged to teach the Duncan Public school for the year 1900.

Miss Sarah McCallum of Duncan visited last week with her sister, Mrs. J. M. Fawcett.

Owing to the illness of Mr. Bert Armstrong, Mr. James Wallace is teaching in the senior department of the public school for the balance of the term.

The Methodist church is undergoing repairs at present. Mr. Geo. Proctor has the contract of plastering, repairing chimneys, etc.

Mrs. Rutledge of Flesherton is visiting with her daughter, Mrs. J. R. Bradbury.

Maxwell

From Our Own Correspondent
Mr. P. Summers is recovering. Rev. Douglas is a busy man at present. Miss C. Field returned to Buffalo last Friday.

Miss Minnie Glassford is visiting her Aunt in Markdale.

Mrs. Connor is very ill at present.

Messrs. Wm. Fleuning, Lindley and Riddell left Monday for their camp to hunt the deer.

The English church was crowded on Sunday afternoon when Rev. J. Hill preached a most interesting sermon to the members of the L. O. L.

Many are the improvements that have been going on at the Methodist Church and now it is to be reopened on Sunday next, when Rev. M. L. Pearson of Collingwood will preach at 10.30 a.m. and 6.30 p.m. also J. V. Plunkett is expected at 2.30 in the afternoon.

Priceville

From Our Own Correspondent
The somewhat senseless yet strangely attractive custom of playing tricks on Hallowe'en seems to have died out almost entirely in this burg. A few juveniles perambulated the streets for a short time after dark in a threatening attitude but their pranks were not serious.

The members of the Epworth League entertained their friends from the C. E. last Friday night. Although the weather was rather unfavorable for such an occasion yet a considerable number were present. The topic for the evening was taken by W. J. Blakeston. This was followed by half an hour of social intercourse during which time refreshments were served. A short program was then submitted. A very instructive address on "Missions" was given by Rev. Mr. Matheson. Solos by Miss Nathalie Grier and Miss Myrtle McArthur and a duet by Mrs. J. S. Humphreys and Miss Annie James were effectively rendered.

Two glass blowers visited our burg last week. Their manipulation of that brittle and seemingly unworkable substance called glass was very interesting to observe. One of the most interesting features of the exhibition was the drawing out of glass, by means of a large wheel, into threads finer than silk. The whistling bird caused no little merriment. Mr. D. McLean held the lucky piece of paste board which drew the large globe given away on Saturday night.

The Rev. J. S. Humphreys and Rev. Mr. Matheson exchanged pulpits last Sunday evening, Messrs. Frank Reiley and Duncan McRae left for Owen Sound last week to

work for the C. P. R. We wish the boys success.

Mrs. James Watson and her daughter left for their home in Cheboygan last Friday after a pleasant visit among friends in this vicinity.

Mr. Robert B. Reiley is now doing carpenter work for the famous War Eagle Mine of Rossland. R. B. didn't fall in love with the duties of a B. C. policeman.

Mrs. W. J. Blakeston and Master Willard are visiting friends in Swinton Park this week.

Married.—On Wednesday Nov. 1st by the Rev. J. S. Humphreys, Miss B. McDonald, youngest daughter of Mr. Malcolm McDonald of Artemesia to Mr. Joseph Ferris of Swinton Park, Proton. We wish the young couple every happiness.

Vandeleur

From Our Own Correspondent
Miss Colclough of Fergus is visiting her sister, Mrs. S. Douglas.

Mr. Carson of Acton West, accompanied by his brother Alex. of Priceville, paid their sister, Mrs. S. Gilbert, a short visit last week.

We are sorry to hear of Mrs. Geo. Wright being very sick, but hope to hear of her recovering soon.

Mr. Sid Gilbert arrived home from Britannia last week after spending the summer there.

Mr. William Badger, who taught school here a number of years ago, paid his old friends a short visit last week.

We are sorry to hear that Mr. Geo. Shannon is on the sick list.

Stone's Settlement

From Our Own Correspondent
Last week we stated that the steam thrasher had made its appearance on this line. The statement was made under the belief that such would be the case before our items went to press, but the farmers were again disappointed and promptly showed their resentment by engaging Mr. Neil McLean who commenced at Mr. T. McArthur's on Friday last and will likely do the rest of the threshing on this line as he is giving general satisfaction.

Hallowe'en passed off very quietly this year. The only damage done, that we know of, was the slaughter of a big fat goose, which was well stuffed and roasted and served as a night cap to a small but select party of guests who had been whirling in the dizzy waltz on the floor of our mutual friend, R. W.

Astronomers tell us there will be a brilliant display of shooting stars from the 12th to the 14th of this month. As this brilliant display of the Leonids only occurs once in every 33 years, there will be probably a large number of people on the look out for so rare a spectacle, and we hope they will be rewarded by having cloudless nights for their observation.

Port Law

From Our Own Correspondent.
Mr. Editor,—Not Observing any correspondence in The Advance from this section for a considerable length of time, a thought suggested that it might not be out of place to forward you the following items:

Councillor Thompson has erected a fine new driving shed at the store, which will be a great convenience for his customers.

Mr. Robert McMaster, bachelor pro tem, has been making extensive additions and improvements to his dwelling. Threshing is almost a thing of the past, and the yield of grain, fall wheat excepted, has been almost universally good.

We are very sorry to state that Mrs. Albert Thompson still lies in a low condition at her parent's home near McIntyre.

Mr. J. L. Wood, who has undergone a severe operation, and been in a critical state for some time past, in consequence resigning his position as teacher in

Prevention of Eye Trouble.

Prevention is better than cure. It is cheaper. It is possible when cure is impossible. Eye trouble may be avoided by the timely use of glasses, averting discomfort, suffering and permanent impairment of sight. We are properly equipped to adjust glasses and guarantee satisfaction.

W. A. Armstrong,
JEWELER AND OPTICIAN,
FLESHERTON.

our public school, is now in a fair way of recovery.

Mr. James Hill, a much respected resident of this neighborhood, who has been laid up all summer through sickness, still lies without any improvement. When Mr. Hill was taken sick his son, a lad fourteen years, took hold of things like a man, and attended to all the work of the farm, through the past harvest running the binder, and with the aid of his younger brother harvested fifty acres of crop, and now has the land ploughed in readiness for spring seeding.

Mrs. D. W. Jamieson, who has been in delicate health for some time, left on Saturday last for Toronto, to receive treatment at the General Hospital there. Her many friends hope that the treatment may prove successful, and that she may return ere long in renewed health.

Mr. and Mrs. Geo. Beecroft lately visited with friends at Barrie.

The trustees of our school have engaged Mr. C. W. Holmes of Heathcote as teacher. We understand Mr. Holmes comes with very flattering testimonials, and another term of success is predicted.

[The above items come to hand too late for last week's issue.—Ed.]

Dundalk Happenings

From the Herald
Mrs. Gjerdrum and Miss Keefer of Flesherton were the guests of Mrs. A. W. Rowe on Friday.

Osprey cheese factory sold the remainder of their stock on Oct. 19th for 11c amounting to \$1,185.

Mr. Wright, C. P. R. freight agent, Owen Sound, was in town Monday, hiring men to work on the docks.

Jas Tedford offered Robert Cornett \$95 for his 3 year old and \$65 for his yearling Prince Eric colts. Mr. Cornett declined to sell at that price.

Mr. Henry Hewitt while pressing hay at Mr. Thos Talbot's, Inistigo, on Monday, was severely injured. Several of his ribs were broken and his shoulder badly bruised.

Dr. McDermid has secured a position as surgeon on the Ontario and Rainy River Railroad. He will have charge of the hospital that is supported by the company, who have charge of the construction of the road.

Messrs. J. D. Brown, T. Lockhart, Jas. Tedford, Dundalk; D. Brown, Priceville, and J. Wright, Flesherton, left Monday morning for Edginton, Parry Sound District, where they will spend the next two weeks hunting deer. Mr. E. G. Lucas, one of the party, was unable to go with them but may join them in a few days.

Wm. Snell of Taylor's Mill, Holland, while running a rip saw had the misfortune to have a splinter penetrate his arm, making a painful wound.
