Benjamin Allan of Owen Sound writes the Guardian that seedless apples may be grown by the following method: Before budding season place growing branches in clay, covering them twelve inches, leaving a few inches of the tips of branch uncovered. Keep earth moist and in due time rootlets will grow on part covered. When leaves bud out cut branch a few inches from clay toward tree. Destroy tops, place carefully in ground, and the shoots will grow, supported by roots in clay, and sap will run contrary to nature, and the fruits will be seedless. Try it; experiment is easy and not costly.

Your Worn-Out Stomach

What it needs is the strengthening influence of Dr. Hamilton's Pills—they work marvels where the stomach and digestion are poor. In one day the appetite increases and the whole system is rapidly strengthened. No stomach specialist could write a better perscription than Dr. Hamilton's Pills of Mandrake and butternut. At all dealers in a yellow box, price 25c., or five boxes for $1.

The spring term in the popular Elliott business college, Toronto, opens on April 3rd. This school is thoroughly up-to date and enjoys a splendid attendance. The principal, Mr. W. J. Elliott, will be pleased to send a catalogue to all intending to secure a business or shorthand education.

Some strange things come to light in horse trading, but the following is a case where a man sold a horse for $75 and by trading got him back for $6. Judge Colter held Division Court at Rodney the other day when this interesting case, Lusty vs. Lamont, was tried before a jury. The defendant sold plaintiff a horse for $75, then purchased another for $15; he then traded this one with plaintiff for his old horse, receiving $9 to boot, so that he got $75 in cash and his horse back for $6. The case occupied all day, and at 11 p. m. the jury returned a verdict that it was just a horse trade and plaintiff must abide by what he had done —Grand Valley Star.

Sell Your Cold for $1?

You surely won't stop at a dollar bill to cure that horid, sniffling cold? Go to any druggist and get "Catarrhozone," and your cold will be a thing of the past. There is almost witchery in the swift way Catarrhozone kills colds. But when you consider the penetrating, healing and antiseptic qualities of Catarrhozone perhaps it's not so wonderful. Certainly there is no remedy half so prompt for cols and catarrh as Catarrhozone. Refuse a substitute and insist on having only "Catarrhozone."

Friday last, while working in the bush near Dundalk in company with John Patton, Wm. T. McDowell, son of Samuel McDowell, of Mayburne, county councilor for Dufferin, met with a fatal accident. The young men were chopping down trees and a leaning one in some way swung and struck McDowell on the back of the head knocking him senseless, Patton carried him out to the sleigh and held him on the hind bob and took him to the nearest house, Mr. Rowley's, about a mile and a half away. He was unconscious for hours and in fact never spoke again, although on Saturday he appeared to know what was said to him. He died Saturday afternoon. Deceased, who was in his 24th year, was considered to be one of the finest young men in the Mayburne neighborhood. The funeral took place to Maple Grove cemetery, Dundalk, Tuesday afternoon.—Shelburne Economist.

Get some of those souvenir postcards from A. Thurston, Flesherton. They consist of various views of Flesherton—genuine photographs—and also include the latest view of Eugenia falls. Call and see them. Six for 25c, by mail postage extra, 2c.

Why Do Women Suffer?

Such pain and endure the torture of nervous headache when 25c buys a sure cure like Nervilene. A few drops in sweetened water brings unfailing relief. You feel better at once, you're braced up invigorated, headache goes away after one dose. The occasional use of Nervilene prevents indigestion and stomach disorders—keeps up health and strength. Every woma needs Nervilene and should use it too. In 25c. bottles everywhere.

Mr. John Speers of Osprey died on Feb. 17th at the age of 75. Mr. Speers was one of the early settlers of Osprey and was one of the best known men in the township The funeral took place to Buckingham's burial ground. For the past 15 months he had lived in Feversham, having retired from the farm. Dropsy was the immediate cause of death although failing health had been evident for some years. Deceased left a widow and four children—two sons and two daughters—all of whom live in Osprey. John, Mary and Margaret live in Feversham, and James on a farm adjoining the old homestead.

HOG PROFITS

The hog is a machine to make pounds of pork. In raising hogs for the market, the profit is rapid and healthy growth. Feeding to simply sustain life makes you no profit. A food that will fatten your hogs in the shortest time, and with the least waste, is the profit maker. To get the most good out of its food, the hog must thoroughly digest and assimilate it. It is this assimilated food that makes the pounds of pork. The addition of Clydesdale Stock Food will enable it to do this. It creates an appetite for a full ration. Many farmers seem satisfied to let the hog "root" for itself. There is no better money maker on the farm if given half a chance. Clydesdale Stock Food will enable you to get your hogs to the market at least thirty days sooner; this is money saved. Mr. A. D. McDonald, Jericho, Ont., says: "I fed it to six fattening hogs as a test and found the hogs that received Clydesdale Stock Food made a decided gain over those that received none." This is "WISE FEEDING." Don't neglect the "RUNTS", they can be made to grow, and be kept growing, by using Clydesdale Stock Food. It will also keep your hogs in such healthy condition as will enable them to withstand Hog Cholera the greatest menace to hog raising. Keep your hogs and pens clean by using Carboline Antiseptic; as hogs thrive better when clean. If not satisfied after using, your money will be cheerfully refunded by our dealers in your district namely:
