Industrial Home Notes

(By an Inmate)

The female portion of the staff are busy these days in general spring house cleaning. Although everything is always kept scrupulously clean and tidy about the house, yet, with the magic touch of woman's hand, everything looks both fresh and grand.

Harry Harness, the agriculture manager, will sever his connection with the staff on Saturday next. He goes to Owen Sound to learn the trade of tinning, plumbing and brazing with Christie & Son. Mr. J. Varty takes his place on the farm.

The number of inmates in the Home is getting less, six men and two women having been recently discharged. Thomas Manders and wife of Flesherton were discharged on the 29th ult. and we hope, as friend J. B. says, that they will feel more contented by their ain fireside. Geo. Roy (colored) of Glenelg, and John Roland of the same, were discharged on the 1st inst., their term of commital having expired. A former employer of Roland was on hand to take him back. There only remains one pay boarder in the home at present, and he is expecting daily to leave. The number of inmates a present is, men, 19, women, 6—total, 25.

Mr. John Cameron, a respectable inmate, is spending a couple of days leave of absence with Mr. Collinson and family of Ceylon. Cameron was a faithful employee of Mr. Collinson's for several years and Mr. G. C.'s appreciation of Mr. J. C.'s service is evidenced by the invitation by Mr. G. C. to Mr. J. C. to spend a few days with Mr. G. C. and family. We hope you will enjoy your visit, Mr. J. C.

Mr. John Kennedy and the Misses B. and K. McLeod of Ceylon, called on your Cor. on Wednesday last.

The usual Divine Service on Sunday last was directed by the manager, who delivered an impressive discourse from Joshua 24-15. On Sunday next the service will be taken (D. V.) by one of the male inmates. Subject: Temporal and spiritual poverty and riches.

Chamberlain's Cough Remedy the Very Best

"I have been using Chamberlain's Cough Remedy and want to say it is the best cough medicine I have ever taken," says Geo. L. Chubb, a merchant of Harlan, Mich. There is no question about its being the best, as it will cure a cough or a cold in less time than any other treatment. It should always be kept in the house ready for instant use, for a cold can be cured in much less time when promptly treated. For sale by W. E. Richardson.

Eugenia

The rains of the past week have been very acceptable, as the ground was so dry there was no growth. Now the fields and bushes are getting dressed in their beautiful robes of green. Seeding will soon be finished in this locality. Fall wheat looks fairly well after the spring frosts.

The heavy thunderstorms which passed over this neighborhood the past week did no damage in this vicinity.

Mrs. Millar received the sad news on Thursday that her father, who lived in Melancthon, near Corbetton, was killed by lightning on Wednesday afternoon. The old gentleman when the storm came went to look after his sheep, when he was instantly killed by a bolt. Mr. and Mrs. Millar, Mrs. Gorley, sr., and Mrs. Walker Sloan all attended the funeral of Mrs. Millar's father on Friday last.

Mrs. Ben Madill, with her two children, left on Saturday to take the boat at Owen Sound for the Canadian Soo to join her husband, who has been working there for some time past. The best wishes of a large circle of friends accompany her to her new home. Every one was sorry to lose them from our midst as they were very highly esteemed by all who knew them. May prosperity await them where ever they may go.

Mrs. George McNally and daughter, of Toronto, are visiting her sister, Mrs. Joseph Fenwick, of Eugenia. They intend to stop a couple of months.

Miss Flora Carr has gone on a visit to her sister, Mrs. Russel, of Toronto. She will be missed by her young friends, with whom she was a favorite.

Mr. Duckett has had a good time the past week. The result of his holiday is lots of good fresh lime, to which he invites his patrons.

Mr. John Parsons of Keenans Ville intends moveing with his family to Sunridge, where he and Mr. Fred Hickling have some good mining property. Miss Hickling intends joining her brother very soon, where he is starting a fine saw mill.

Our local fishermen and boys are repeating some wonderful fish stories. The boys get the largest fish as a rule.

Mr. R. Purvis is erecting an addition to his barn, haveing cement floors put in, also a cistern and other needful improvements.

Mr. and Mrs. Joseph Fenwick are moveing to Mr. Parsons farm at Keenans Ville.

Mr. W. Magee of the Ninth, who lost a valuable mare recently, had a fine cow die next day.

Mr. Joseph Hawkins lost a fine cow recently by inflammation.

A Good Suggestion

Mr. C. B. Wainwright, of Lemon City, Fla., has written the manufacturers that much better results are obtained from the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy in cases of pains in the stomach, colic and cholera morbus by taking it in water as hot as can be drank. That when taken in this way the effect is double in rapidity. "It seems to get at the right spot instantly," he says. For sale by W. E. Richardson.

Priceville

The various changes in the weather has detained many farmers, who had large fields prepared for sowing, from seeding. Some had forty or more acres ready.

Last Sunday quite a number from the other appointments attended the Sacrament which was held in the Methodist church here. Gaelic Sacrament was dispensed in the Presbyterian church also.

Mr. Walter Nichol, who has been at Toronto University has passed his recent examinations with honors, winning a cash prize of $80. and a travelling scholarship of $400. He is now called to the Presbyterian church in Woodstock as an assistant to the Rev. Dr. McMullen. His service began last Sunday. At a recent meeting A. O. U. W. lodge of which Mr. Nichol is a member, a resolution was passed authorizing an address to be sent to him congratulating him upon his success.

The new railway surveyors arrived in town again to day, (Monday) and it seems as if Elgin street will be pretty badly cut up by the railway.

Mr. Herb Watson and assistants are commencing the stone foundation for a barn for Mr. Andrew Ostrander of the 9th, Proton. This is the third large barn that Mr. Ostrander has erected on the several farms that he has acquired in that neighborhood.

Mr. R. Blakeston has gone to Dundalk to reside with his son.

Mr. John Parslow is preparing to build a fine brick house this summer.

Some of the residents on Elgin St. are already anticipating the pleasure in the near future of being lulled to sleep by tolling bell and shrieking whistle of the express and rattle and roar of the heavy freight train passing so close to their dormitories.

Mr and Mrs. Thos. Fisher have moved into their residence in Priceville lately. Mrs. Fisher's sister, Miss Hambly of Arthur, spent her easter vacation here.

Mr. C. E. Tryon and staff are in Flesherton this week painting and decorating.

How to Ward oft Old Age.

The most successful way of warding off the approach of old age is to maintain a vigorous digestion. This can be done by eating only food suited to your age and occupation, and when any disorder of the stomach appears take a dose of Chamberlains Stomach and Liver Tablets to correct it. If you have a weak stomach or are troubled with indigestion, you will find these Tablets to be just what you need. For sale by W. E. Richardson.

Maxwell

The second annual meeting of the W. M. S. of Maxwell was held at the Methodist Church on Wednesday, May 3. After the devotional exercises and business transaction, the election of officers for the ensuing year took place, which resulted as follows: Pres., Mrs. (Rev.) H. E. Kemp; 1st. Vice Pres., Mrs. Wm. Scutt; 2nd. Vice Pres., Mrs. Robt. Morrison; Rec. Sec., Mrs. C. M. Field; Cor. Sec., Mrs. Ed. Pallister; Treas. Mrs. Robt. Heron; Supt. of Mite Boxes, Mrs. A. N. Brownridge; Pres. of Systematic Giving, Mrs. J. Ross; Members of Programme Committee,—Miss Mary Heron, Miss Laura Brownridge Miss Edith Morrison, Miss Annie Heron. Elected delegate, on behalf of the W. M. S., to Branch Convention, to be held in St. Paul's Church, Toronto, May 30 to June 1, Mrs. (Rev.) H. E. Kemp. Elected delegate, on behalf of the Mission Band, to Branch Convention, Miss Mary Heron

Throw Medicines To The Dogs!

At best they are unpleasant, often useless. You have some disease of the nose, throat or lungs. The common root of these diseases is germ or microbic irritation,— Catarrhozone not only destroys disease germs, it does more, it heals diseased and inflamed tissue. The disease is not only cured, but its return is forever prevented by using Catarrhozone spledid also for colds, coughs and irritable throat. Remember you inhale Catarrhozone—Nature's own cure—Use no other but Catarrhozone— it's the best catarrh cure made.

While Mr. Thos. Symes was driving along the back line west of Barrhead on Saturday last with a pair of young horses and waggon the team became affrighted and ran at a furious rate. A bit broke and Mr. Simes lost all control of the team. He managed to get off the wagon but in doing so received a painful shaking up, one knee being badly torn and his body otherwise seriously injured. Mr. Hugh Baird, a neighbor, picked him up and conveyed him home when Dr. Brown was called in and dressed his wounds. He still lies in a precarious condition. The horses came to a halt against a fence by the road, but escaped serious injury. —Standard.

YOU ARE AILING.

Not quite sick,—but robbed of ambition to work—find it hard to think clearly. Not ill enough to think of dying, but bad enough for life to be pretty dull. There is a remedy—Ferrozone—that quickly lifts that half dead feeling. Gracious, but Ferrozone makes you feel good; it sharpens the dullest appetite, makes it keen as a razor.

Blood? Ferrozone makes lots of it, the rich, nourishing kind that vitalizes the whole body. You'll be wonderfully quickened, immensely strengthend, feel hearty and vigorous after using Ferrozone. Buoyant health, surplus vigor and reserve energy all come from this great restorative. Fifty cents buys a box of fifty tablets at all dealers.

Joseph Conley, a farmer near Alton, who of late had become slightly demented, took a dose of paris green, and as a result died a few hours after.
