A conveyance has been engaged to leave The Advance Office at 1 o'clock and it is expected that a large number of the membership will accept this invitation from the sister Institute.

Abraham Flynn was taken sick with appendictis last week, and was removed to a Toronto hospital on Monday to undergo an operation. Fifteen minutes after arrival at the hospital he was operated on. The doctors held out no hope for his recovery, but word Tuesday night said that he was holding his own and might pull through. Rev. L. F. Kipp and a brother of the boy accompanied him to the hospital.

Opened this week at Sproule, Higginbotham & Co's, Flesherton, and where is kept constantly on hand. For sale at lowest prices—prime pure Manitoba flour, also Ontario and Manitoba blended flour of best quality, also bran, shorts, chop, oats, peas, barley and first class fowl and chicken feed, pure ground oil cake and herbageum. Now that eggs are 19c a dozen and butter the same per pound, it pays well to feed both fowl and animals good rich food.

An unfortunate squabble between neighbors was settled by Magistrate Jas. McMullen on Wednesday of last week, when Miss Belle Kennedy was charged by Mrs. John Wright of the west back line with assaulting her 5-year-old son. It appears that at a raising the little lad accidentally upset a table and broke a couple of dishes, when the defendant handled the child somewhat roughly. A fine was imposed of $2 and costs. Mr. McArdle appeared for the plaintiff and Mr. McCullough for the defendant.

Mr. Geo. Cairns had an unpleasant experience in Markdale Monday. He undertook to stop one man from abusing another who was drunk, and the party turned on him. Before the affair was settled Geo. had his collar bone broken and was pretty roughly handled. The offeuder was one Green, a Scotchman, who is known in Flesherton. Sympathy is expressed for George as he was attempting to defend heipless old age.

For Sale—1 cow, Durham and Jersey, 4 year old, milking since the end of May last; 1 cutter, in good repair; 1 sideboard; 1 bedstead; 1 wood-heating stove, Yukon triple heater; 1 coal heating stove, "Good Cheer Art," with double heater attachments; 1 wood cook stove; About 5 cords of dry wood, 20 inch, nearly all maple. All young men and women throughout this district who are desirous of securing a sound, practical Business education that will properly equip them for the duties of life, will do well to note the card of the Collingwood Business College appearing in another column. This institution which is under the management of a Practical Accountant of wide experience, gives a most comprehensive training along the lines which modern, up-to-date, business practice demands. It already enjoys a high reputation for the quality of its work and the success of its graduates. The fall term opens September the first. Catalogue will be mailed free to any address upon request.

A number of our townsmen had a whole load of fun on Thursday evening last at the expense of a medicine fakir who had drifted into town with the idea that he had fallen on a soft spot, and announced by handbills that he intended to stay with us for a whole week. The man claimed to be an Indian doctor and to be able to entertain the people with a lot of smart tricks that would make them stare. Incidentally, of course, he had some medicine for sale that would cure the usual list of human ailments. He secured a livery rig and proceeded to attempt an exhibition of his cleverness on the village square. Somebody, however, got another wagon and placed it not far away, while Citizen John Hales mounted it and proceeded to give that fakir an exhibition of good Irish mill-race language that fairly took Mr. Fakir's breath away, while citizens who sat around on the sidewalks and leaned up against telegraph posts took a hand in and made night hideous with jeers, shouts, cat calls and other sweet noises. The fakir attempted to hold up his end of the entertainment for fifteen or twenty minutes, but it was discouraging to him and he quit, but not before firing a few hot shot (no Indian dialect, either) at the ignoramuses who could not appreciate his benevolence in coming among us. He left next morning for Dundalk where he expected to find a more enlightened but sicker lot of people He thought there was too much vigor in Flesherton people to make a longer residence profitable or desirable.

Express Derailed.

Monday night's express from Toronto was derailed between Caledon and Orangeville. Mail Clerk Jones had his arm broken but no one else was hurt. It is thought the tender jumped the track first. The engine, tender and two cars left the rails. As a consequence passengers for Flesherton did not reach here until 3 a. m. Tuesday. The line was open for traffic again Tuesday morning. Mrs. James Brodie of Flesherton was a passenger on the train. She says her baby was thrown four seats away from her but that it was not seriously hurt.

Exemption of Farm Buildings.

A number of county councils throughout Ontario have forwarded petitions to the Provincial Government, asking that farm buildings in rural municipalities be exempted from taxation. The petition sets forth that such action would have a pronounced tendency towards securing the speedy improvement and occupation of vacant lands, and would encourage farmers to improve and beautify their property. It is the intention of the Government, The Globe reports, to submit the question to the special Legislative committee appointed to deal with a complete revision of the assessment act. This committee will probably be called together early in the autumn with a view to completing its work in time for the Legislative season, which, by reason of the change in the financial year of the Province, will meet next year early in January. Wellington County Council took no action in regard to the matter, and we think it acted wisely. The present basis of taxation is in general on the wealth that a man has, whether in the form of land, or buildings, or business, or income. There is no more reason for exempting farm buildings than there is for exempting town buildings. In both cases the value of the buildings is an index of the ability of the owner or tenant to pay. There are fairly good arguments in favor of putting all taxes on land, and if the plan were generally adopted, the idea might work out very well. But until the single tax is generally adopted, it would be unfair and unworkable to make it applicable to only rural districts. —Mt. Forest Confederate.

China is suffering from serious drought and the Government has issued orders asking the princes to pray for rain.

Mrs. Oscar Shaw, aged 78, mother of W. H. Shaw, of the Central Business College, Toronto, met her death at her home at Morpeth on July 1st, by falling into a well while getting a pail of water. Either dizziness or heart failure caused her to fall. The deceased was the widow of Oscar Shaw who died about seven months ago. W. H. Shaw is the only surviving member of the family, and is well known in Flesherton, having been here as expert witness in a fire inquest case a couple of years ago.

An outbreak of rabies has occurred on the farm of William Peake, of Downie, husband of Mrs. Mary Peake, for whose murder Frank Roughmond was hanged recently in Stratford jail. The Peake farm dog was bitten by a mad dog last April. Rabies developed and the animal died a month later. Ten days ago one of Peake's cows went mad and died. On Monday a steer went mad and before it could be killed it had knocked Mr. Peake down and trampled on him. Young George Peake was bitten by the dog, and although he seems still in good health, the local physician has advised that he be sent to the Pasteur Institute.

The steamboat express going south on Tuesday forenoon met with an accident this side of Crombies. The train was running at about 50 miles an hour when something happened to the engine and she left the rails but got on again. The emergency brakes in all the cars were applied and the train was stopped before much damage was done, except to the track. The engine was so disabled that it could not go ahead but it was backed up to Shelburne to allow the 150 passengers to get dinner. The train was in charge of Conductor T. A. Thompson and engineer Geo. Watson, and W. W. Wilson was conductor of the parlor car. —Free Press.

Stops Hair Falling

Ayer's Hair Vigor, new improved formula, will certainly stop falling of the hair. Indeed, we believe it will always do this unless there is some disturbance of the general health. Then, a constitutional medicine may be necessary. Consult your physician about this.

Does not change the color of the hair.

Ayer's Formula with each bottle. Show it to your doctor. Ask him about it, then do as he say

The reason why Ayer's Hair Vigor stops falling hair is because it first destroys the germs which cause this trouble. After this is done, nature soon brings about a full recovery, restoring the hair and scalp to a perfectly healthy condition.
