TONIC TREATMENT FOR THE STOMACH

The Modern Method Most Successful in Treating Indigestion

The old-fashioned methods of treating indigestion and stomach troubles are being discarded. The trouble with the old-fashioned methods was that when the treatment was stopped the trouble returned in an aggravated form.

The modern method of curing indigestion and other stomach troubles is to tone up the stomach to do its normal work. Every step towards recovery is a step gained, not to be lost again. The recovery of the appetite, the disappearance of pain, the absence of gas—all are steps on the road to health that those who have tried the tonic treatment remember distinctly. Dr. Williams' Pink Pills are a tonic medicine, every constituent of which is helpful in building up the digestive organs, and is therefore the very best remedy for chronic cases of stomach trouble. The success of the treatment is proved by thousands of cases like the following: Mr. W. W. Swain, Grand Valley, Ont., says:—"For several years my mother had stomach trouble from which she got no relief whatever until she began the use of Dr. Williams' Pink Pills. She was treated at different times by three doctors, but their efforts did not avail. Then she was advised to try an electric belt, but it proved worthless. She suffered much during this time and food became distasteful. The trouble also affected her nerves and her general health was on the verge of a breakdown. One day a friend who was in asked her to try Dr. Williams' Pink Pills. Without very much hope that the Pills would prove successful when other medicines had failed, we nevertheless got her a supply. In a few weeks we could see a decided change, and got six more boxes. By the time these were used mother was almost well, and she kept on taking the Pills for a short time longer and was completely cured. She is now a healthy and strong woman and is never bothered with her stomach in any way. I hope this statement will bring relief to other sufferers."

Why experiment with medicines of doubtful value, when you have such positive evidence of the benefit following the use of Dr. William's Pink Pills? Sold by all medicine dealers or by mail at 50 cents a box or six boxes for $2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

TOO MANY PRELIMINARIES.

"Can't you get any work?" asked a woman of the tramp who had applied at the back door for food.

"Yes, ma'am," he replied. "I was offered a steady job by the man who lives down the road in that big white house."

"That's Mr. Oatseed. What was the work?"

"He wanted me to get up at 4 in the morning, milk 17 cows, feed, water and rub down four horses, clean the stables, and then chop wood until it was time to begin the day's work."

"What did he want to pay?"

"I dunno, ma'am. I didn't stop to ask."

Minard's Liniment Cures Distemper.

"Do you mean to say that you flirted with your wife all evening at the masked ball and didn't know her?" "That's right! But she was so deuced agreeable—how was I to know her?"

Pimples So Bad He Was Ashamed

Tried Everything but Did It No Good. One Box of Cuticura Ointment Took Pimples Away.

"About seven years ago pimples broke out all over my face and neck. When they would first come out they would be big and red, then after a while they would turn white, and matter would come out. Sometimes they would itch so I could hardly sleep. I was ashamed to go down street, my face looked so bad. I went to several doctors and got medicine, which did me no good, and bought ointment, salves and patent medicines, but none of them would cure my face and neck. A friend advised me to try Cuticura Ointment. I got one box, and it took the pimples away before I had it all used up. I can say it is a wonderful remedy. Any sufferer who has pimples should use Cuticura Ointment if they want a sure cure. I never had any soap equal to Cuticura Soap." (Signed) Aylmer Mathers, Parkhill, Ont., Dec. 24, 1910.

Sores All Over Baby's Body

"When my baby boy was six months old, his body was completely covered with large sores that seemed to itch and burn, and cause terrible suffering. The eruption began in pimples which would open and run, making large sores. His hair came out and finger nails fell off, and the sores were over the entire body, causing little or no sleep for baby or myself. Great scabs would come off when I removed his shirt. We tried a great many remedies but nothing would help him, till a friend induced me to try Cuticura Soap and Ointment. I used the Cuticura Soap and Ointment but a short time before I could see that he was improving, and in six weeks' time he was entirely cured. He had suffered about six weeks before we tried the Cuticura Soap and Ointment, although we had tried several other things and doctors too. I think the Cuticura Remedies will do all that is claimed for them, and a great deal more." (Signed) Mrs. Noble Tubman, Dodson, Mont., Jan 28, 1911.

Cuticura Soap and Cuticura Ointment sold by druggists and dealers everywhere. Send to Potter Drug & Chem. Corp., 36 Columbus Ave., Boston, U. S. A., for a liberal free sample of each, with 32-p. booklet.

A FOUNTAIN OF PUNCH.

Provided by a British Officer for Entertainment of Guests.

Some of the papers have recently devoted attention to the origin of punch, that famous seventeenth century drink which has long lost its popularity in England, though it still survives to some extent on the Continent.

Owing to its intimate connection with rum one might easily have imagined that punch originated in the West Indies. In fact, however, it actually came from the East Indies and the name is said to be derived from the Sanskrit "Panscha," five, on account of its five ingredients — arrak (afterward rum), tea, sugar, lemon and hot water.

The most magnificent bowl of punch the world has ever seen was probably that provided by the Right Hon. Edward Russell, who, when commanding his Majesty's forces in the Mediterranean in 1691, entertained 6,000 guests at Alicante, where a large marble fountain was filled with the liquor, the ingredients being: Four hogsheads of brandy, a pipe of Malaga wine, 2,500 lemons, twenty gallons of lime juice, eight hogsheads of water, five pounds of grated nutmegs in weight, 300 toasted biscuits and thirteen hundred weight of fine white sugar.

MILES OF MYSTERY.

Despite the wonderful advance of exploration in various parts of the world, the Royal Geographical Society of London have recently declared that no fewer than 20,000,000 square miles of the earth yet remains unexplored. Africa has the largest unexplored area, nearly 6,500,000 square miles; while North America contains no fewer than 1,500,000 square miles of virgin territory. The largest continuous stretch of unexplored country is in Liberia, Africa. The tract consists of about 2,000 miles, all of which is within 200 miles of the sea. Regions adjoining the Congo, the basin of the Upper Nile, parts of Morocco, Abyssinia, Somaliland, have yet to be surveyed, mapped out, and, if suitable, commercially exploited.

UNNOTICED.

"Did you kiss the bride?"

"Yes."

"And congratulate her mother and father upon the happy event?"

"Yes, indeed. I had a nice little chat with both of them."

"And I presume you met all the out of town relatives?"

"I think I did. In fact I'm almost sure I did. Some of them seemed to be very entertaining people."

"And I suppose, of course, that you gave the groom your best wishes"

"The groom? No. I didn't. Now you speak of it, I don't remember seeing him there at all."

FAMILY RUNT.

Kansas Man Says Coffee Made Him That.

"Coffee has been used in our family of eleven—father, mother, five sons and four daughters—for thirty years. I am the eldest of the boys and have always been considered the runt of the family and a coffee toper.

"I continued to drink it for years until I grew to be a man, and then I found I had stomach trouble, nervous headaches, poor circulation, was unable to do a full day's work, took medicine for this, that, and the other thing, without the least benefit. In fact I only weighed 116 when I was 28.

"Then I changed from coffee to Postum, being the first one in our family to do so. I noticed, as did the rest of the family, that I was surely gaining strength and flesh. Shortly after I was visiting my cousin, who said, 'You look so much better—you're getting fat.'

"At breakfast his wife passed me a cup of coffee, as she knew I was always such a coffee drinker, but I said, 'No, thank you.'

"'What!' said my cousin, 'you quit coffee? What do you drink?'

"'Postum,' I said, 'or water, and I am well.' They did not know what Postum was, but my cousin had stomach trouble and could not sleep at night from drinking coffee three times a day. He was glad to learn about Postum but said he never knew coffee hurt anyone." (Tea is just as injurious as coffee because it contains caffeine, the same drug found in coffee.)

"After understanding my condition and how I got well he knew what to do for himself. He discovered that coffee was the cause of his trouble as he never used tobacco or anything else of the kind. You should see the change in him now. We both believe that if persons who suffer from coffee drinking would stop and use Postum they could build back to health and happiness. Name given by Canadian Postum Co., Windsor, Ont.

TWO FAMOUS BANDS.

Are Coming from England for the Canadian National Exhibition.

Two famous bands from England will make the musical attractions at the Canadian National Exhibition this year something long to be remembered. The Scots Guards Band from Buckingham Palace, the third of this famous brigade of bands brought across the ocean by the Exhibition people, will alternate on the main band stand with the Besses O' Th' Barn, which all lovers of band music recognize as Britain's best brass band. Two such musical attractions have never before been brought together on the continent.

OFTEN THE CASE.

"Where do all the people who have automobiles get the money that is necessary to afford them?"

"Many of them don't."

Cucumbers and melons are "forbidden fruit" to many persons so constituted that the least indulgence is followed by attacks of cholera, dysentery, griping, etc. These persons are not aware that they can indulge to their heart's content if they have on hand a bottle of Dr. J. D. Kellogg's Dysentery Cordial, a medicine that will give immediate relief, and is a sure cure for all summer complaints.

The Pill That Brings Relief.—When, after one has partaken of a meal he is oppressed by feelings of fulness and pains in the stomach, he suffers from dyspepsia, which will persist if it be not dealt with. Parmelee's Vegetable Pills are the very best medicine that can be taken to bring relief. These pills are specially compounded to deal with dyspepsia, and their sterling qualities in this respect can be vouched for by legions of users.

Beet sugar to a total of fourteen million tons is produced every year.

A Powerful Medicine.—The healing properties in six essential oils are concentrated in every bottle of Dr. Thomas' Eclectric Oil, forming one of the most beneficial liniments ever offered to the use of man. Thousands can testify as to its power in allaying pain, and many thousands more can certify that they owe their health to it. Its wonderful power is not expressed by its cheapness.

ARRESTED.

"Uncle, I didn't know doctors were policemen."

"Neither did I, dearie. Why do you think they are?"

"Because when I was sick the doctor said he was goin' to arrest the fever, and I'm sure he did, because it never came back!"

KING WHO WOULD BE LOVED.

An eccentric monarch was Frederick the Great, whom his subjects called "Old Fritz." One day, in passing along the streets of Berlin, he noticed that a man left the sidewalk as he approached and crossed over to the other side of the street. The king called him back, and asked why he had done so.

The poor fellow began to tremble, and stammered, "Because—you are—the king, and I—am afraid of you."

"Afraid of me!" shouted the monarch. "I don't want my subjects to be afraid of me, but to love me. I will teach you a lesson!" and he began to beat the man with his cane, crying out:

"Next time when you meet me, don't cross the street, but greet me with eyes that betoken love! Do you understand?"

And the unlucky culprit, cringing beneath the vigorous blows of the royal walking-stick, promised that he would not fear but love the king.

"My dear," said Mr. Clarkson, "I don't want you to think I have any desire to criticise you for the way you manage, but, really, we must try to live within our income." "Within our income! Goodness! And be regarded by everybody in our set as eccentric?"

HAVE YOU A BAD SORE?

If so, remember these facts—Zam-Buk is by far the most widely used balm in Canada! Why has it become so popular? Because it heals sores, cures skin diseases, and does what is claimed for it. Why not let it heal your sore?

Remember that Zam-Buk is at the same time healing, soothing, and antiseptic. Kills poison instantly, and all harmful germs. It is suitable alike for recent injuries and diseases, and for chronic sores, ulcers, etc. Test how different and superior Zam-Buk really is. All druggists and stores at 50c. box. Use also Zam-Buk Soap. Relieves sunburn and prevents freckles. Best for baby's bath. 25c. tablet.

"Where can I get a drink in this town?" asked a travelling man who landed at a little town in the oil region of Oklahoma of the 'bus driver. "See that millinery shop over there?" asked the driver, pointing to a building near the depot. "You don't mean to say they sell whiskey in a millinery store?" exclaimed the drummer. "No, I mean that's the only place here they don't sell it," said the 'bus man.

Gentlemen,—In June, 98, I had my hand and wrist bitten and badly mangled by a vicious horse. I suffered greatly for several days and the tooth cuts refused to heal until your agent gave me a bottle of MINARD'S LINIMENT, which I began using. The effect was magical; in five hours the pain had ceased and in two weeks the wounds had completely healed and my hand and arm were as well as ever.

A Mild Pill for Delicate Women.—The most delicate woman can undergo a course of Parmelee's Vegetable Pills without fear of unpleasant consequences. Their action, while wholly effective, is mild and agreeable. No violent pains or purgings follow their use, as thousands of women who have used them can testify. They are, therefore, strongly recommended to women who are prone to disorders of the digestive organs than men.

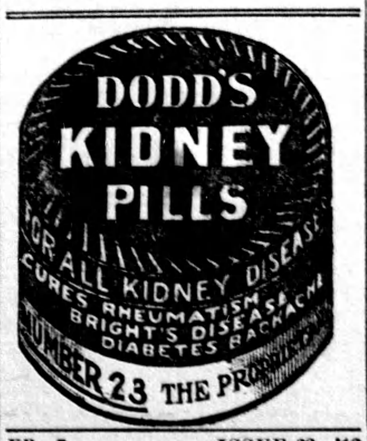
Minard's Liniment Cures Diphtheria.

A little lad was desperately ill, but refused to take the medicine the doctor prescribed. His mother finally gave up. "Oh, my boy will die, my boy will die," she sobbed. Presently a voice piped up from the bed. "Don't cry, mother. Father'll be home soon and he'll make me take it."



TO DRY UMBRELLAS.

Should Be Opened So That the Air Can Get At It.

At this time of year, when there is more or less rain, it pays to be careful of your umbrella. A wet umbrella should never be rolled up, nor even placed in an umbrella jar point downward, because that allows all the moisture to run down to the point, where it cannot get any fresh air and it will soon rust the ribs and rot the cloth.

Many persons will stand a wet umbrella in a sink or wash basin, which would not be so bad if they would only place it point up so that the air could get to the part to which the water drains. The right thing to do is to open or hang it somewhere that the drippings will not do any damage. This lets the air get to every part of it and it will soon be dry again.

A good umbrella, properly taken care of, dried open every time it is used, will last for 10 or 15 years; but one that is put away wet or point down in a hall stand jar will not last more than a season.
