Local and Personal

Miss Bessie Stewart of Markdale spent the week end at her home here.

Mrs. R. Bentham spent the week end with her daughter, Mrs. Len Hill, and family, in Toronto.

Mr. and Mrs. Geo. Blackburn spent the past couple of weeks with Mr. and Mrs. Hartley Blackburn, Port Credit.

Mr. and Mrs. Wallace Brett of Orangeville spent the week end with Mr. and Mrs. Reg. Boyd.

Messrs. C. N. Richardson and Wm. Turney attended the convention of the Ontario Municipal Electric Association in Toronto on Tuesday.

Mr. George McMaster of Gaspe, Quebec, was a visitor in town last week, while on a visit with his parents at Onondaga.

Dr. and Mrs. G. E. Stanley and Mr. Herb Akins of Toronto spent Sunday with Mr. and Claude Akins. Miss Anne Akins returned home with them from Orangeville hospital.

A number from here attended the funeral of Mrs. Arthur McDonald of Acton, which was held Monday afternoon, interment being made in the Durham cemetery. Mrs. McDonald was the mother of Messrs. Royden and Glen McDonald, former residents of Flesherton, whose friends here sympathize with them and the other members of the family in their loss.

The following members of the Beaux Annis Ski Club of Toronto spent the week end ski-ing in this district, the guests of Mr. Jas. Harrison: Nancy Carson, Phyllis Carson, May Miller, Ernie Hoag, Margaret Cronin, Pete Petrie, Jack Carson, John Reynolds, Toby Lucas, Harry Lucas, and John Suhelink. They were enthusiastic about ski-ing here.

Mrs. G. E. Henry and Mrs. W. E. Morgan gave a "Come-as-you-are" party at the latter's home on Thursday evening last. The invitations had been issued in the mornings when the ladies would not be decked out in all their finery. Some amusing costumes for a party, but applicable around the home in the mornings, was in evidence, and caused great amusement. A jolly time was spent by all.

BUCKINGHAM

The weather this morning is grand considered to what we have been treated to the past couple of weeks. It certainly was nice and sunshiny on Friday for bruin to see his shadow, but they say all signs fail sometimes, so here's hoping. Some of the roads in this part have been opened for the cars, so travelling will be much better for a time at least.

Mr. Ross Davidson has secured work at Camp Borden.

Mrs. Herb Hawton spent the past week at Collingwood, at the home of her uncle, Mr. Sam Parke, who has been very ill for two months. At the time of writing his condition was no better. Very little hope is held for his recovery.

The Rob Roy Ladies Aid met on January 25, at the home of Mrs. Neil McDermid. After opening and devotional exercises, the election of officers which had been postphoned, was held. Some of those retiring were re-elected. The election resulted as follows: president, Mrs. Neil McDermid; Treasurer, Mrs, Clifford Bristow; Sec. Mrs. Arthur Brownridge. The balance of the afternoon was spent quilting.

Mr. Bruce Taylor spent the past week end in Collingwood.

Mr. and Mrs. George Dixon of Toronto visited with Mr. and Mrs. Will Conn, and then went on to Eugenia to enjoy the skiing, for which conditions were ideal over the week end.

We are very glad to know that Mr. Stan Freethy is recovering nicely, having undergone an operation in Collingwood hospital two weeks ago.

Mr. Jim Conn Jr., spent the week end with friends at Batteau.

We read where the old-timer says that 70 years ago snow came in earnest on October 12 and remained until well on in May, by which time the bucksaw was worn down so fine it looked like a nail file.

Took Robin Into Home

We reported the other week that a robin had been seen at the former Dr. Brown office on Victoria Street, and apparently the bird remained in that vicinity, for the family of Mr. Joseph Tilker saw it last Thursday, starving and nearly frozen. They took it into the house, placed it in an empty canary cage, and gave it something to eat. Now they find that it has become a household pet, has gotten "thawed out," and enjoys the dry crumbs and other food which has been given to it. Every once and a while, the cage door is opened and it is allowed to fly around the house for exercise, but it never fails to return to the cage and has made its home there. The bird has become quite tame and domesticated, and the family figure on keeping it in the house until the severe winter weather comes to an end, and it will not freeze when allowed outdoors, and will also be able to secure something to eat. —Hanover Post.

FEW GREY CATTLE FAIL TO PASS TEST

Officials of the Health of Animals Board of the Dominion Department of Agriculture have commenced testing cattle in Derby and Sydenham townships. These T.B. tests are part of the work for prepairing Grey County for a T.B. restricted area. Much work has already been done, but work has yet to be started in six of the county's 16 townships, and in only one township, Osprey, has the work of testing cattle been completed.

Work in Derby and Sydenham is the first undertaken in the northwestern section of the county. Kepple and Sarawack, the other two townships adjacent to Owen Sound, have not been touched. The other four townships in which work has yet to commence are, St. Vincent, Holland, Bentick and Proton.

Results of tests to date have been very gratifying as only 0.318 per cent of the cattle tested in the county have been reactors.

Osprey is the only township in which the work of testing has been completed, but work in Normandy is nearing conclusion. In Artemesia over half the cattle have been tested, while in Sullivan township approximately half the work has been done. Collingwood township is about 25 per cent complete, while in Glenelg Egremont and Proton [illegible] and Sydennam the work of testing has just got nicely under way.
